Announcing the Oracle E-Business Suite Learning Center

Oracle is pleased to announce the [Oracle E-Business Suite Learning Center](#), which offers free “Transfer of Information” (TOI) online courses to help you implement and use new and enhanced 12.2 features.

Organized by Oracle E-Business Suite 12.2.x release and product, the TOI online courses present the business value of new and enhanced features, and explain the corresponding setup and user flows.

Recorded by Oracle’s development experts, the TOI online courses provide information and insights to help you maximize the value of your existing 12.2 implementation, or increase the ROI from an upgrade to 12.2.

The TOI online courses typically run 15-30 minutes, so they are easy to consume. Many include a downloadable presentation PDF that you can use as reference material.
