

# Oracle Industry Lab | Deerfield, IL

## Visitor – Site Visit FAQ's

Oracle Industry Lab

### 1. What is the Oracle Industry Lab?

The Oracle Industry Lab is a unique facility that brings together our customers, our technology partners, and the complete Oracle portfolio to incubate and demonstrate new solutions to complex business challenges.

By embedding new technologies into hands-on, simulated industry settings, we help customers experiment, learn, and innovate to stay ahead.

### 2. What is the Oracle Industry Lab Mission?

Enable Oracle to collaborate with customers and partners across industries to co-innovate, experiment, and bring to life the power of transformative technologies. To provide a facility where customers can come to learn and plan their journey to implement digitalized processes.

### 3. What is an immersive challenge?

A core component of a visit to the Lab is an immersive challenge. A thought-provoking, engaging "day in a life" scenario of particular digitized portfolio planning, engineering and construction processes that visitors are guided through by their respective hosts.

### 4. Where is the Oracle Innovation Lab located?

Chicago - 1407 Lake Cook Rd, Deerfield, IL 60015, United States

### 5. Airport & Transportation

If you are flying into Chicago, the closest airport is O'Hare International Airport.

- O'Hare Int'l Airport-15 miles / 18 minutes
- Midway Int'l Airport-38 miles / 48 minutes

### 6. Parking

Parking is available at the adjacent Oracle office building parking lot, **located at 1405 Lake Cook Road**, which is located next to the Oracle Industry Lab.

All guests will need to check-in at the **1405 building** and will then be taken back to the Innovation Lab for the event. Note: All guests must all pre-register before their event, please consult your Oracle host for more details.
