PROFESSIONAL SERVICES DELIVERY POLICIES

The Oracle Professional Services Delivery Policies (“Policies”) available at <http://www.oracle.com/contracts> apply to all professional services in your order.

Oracle’s Professional Services Delivery Policies are subject to change, but such changes will not materially reduce the level of performance, functionality, security, or availability for the Services for the duration of Your order.

CONSULTING SERVICE OFFERINGS

Oracle Hospitality Hotel Central Systems and Distribution Cloud Implementation and Configuration – Per Hour

Part Number: B84197, B87923 (Extended Hours), B87935 (Weekend/Holiday Hours)

Description of Services

You have ordered the quantity of hours identified in Your order of Oracle Hospitality Hotel Distribution Cloud Implementation and Configuration related to the installation or upgrade, configuration, connection, and/or training of the most current version of the Oracle Hospitality Product specified modules (the “Hospitality Application”) in Your cloud environment. The Services may include assistance with the following:

1. Installation or Upgrade and Connection of the Hospitality Application
 - a. Conduct a preliminary meeting or conference call with up to ten (10) members of Your team to discuss the following:
 - i. Your requirements for Your version of the Hospitality Application in Your environment;
 - ii. Review of the preliminary questionnaire that was completed by You prior to the commencement of Services;
 - iii. Features, modules, and standard functionality available in the Hospitality Application;

- iv. Selection of the specific modules within the Hospitality Application or connected to the Hospitality Application to be installed and/or configured;
 - v. Determine if Your Hospitality Application needs to be upgraded to the most current version;
 - vi. Identify the properties (up to three) to be connected to the Hospitality Application;
 - vii. Details of the project plan;
 - viii. Review the steps for the Services set forth below.
- b. Install or upgrade the Hospitality Application in Your test environment;
 - c. Connect a maximum of three (3) properties to the Hospitality Application in Your test environment.
2. Training and Configuration
- a. Provide up to four (4) trainings, each for up ten (10) of Your resources on the standard functionality of the Hospitality Application in Your test environment for the number of hours purchased, but not to exceed forty (40) hours, in a workshop setting; and
 - b. Configure the Hospitality Application in Your test environment for the agreed upon properties.
3. Testing, Connection, and Production Assistance
- a. Provide assistance to Your resources for user acceptance testing and/or regression testing of the Hospitality Application in Your test environment;
 - b. Refresh Your production environment after You have added the test data to Your production environment;
 - c. Connect the Hospitality Application to the Opera Property Management Systems application and/or to third-party applications/websites;
 - d. Provide assistance with connecting up to three properties in the Hospitality Application in Your production environment;
 - e. Provide post-production assistance for the number of hours purchased (up to forty (40) hours) for each of the agreed upon properties (maximum of three (3)), not to exceed the total number of hours purchased (up to a total of one hundred twenty (120) hours).
 - f. Provide the documentation related to the operation of the Hospitality Application in Your environment.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
- a. Complete and return the pre-sales questionnaire regarding Your requirements for the Hospitality Application to Oracle prior to commencement of Services.
 - b. Validate all required data that will be loaded into Your test and production environments.
 - c. Provide remote access to perform any of the Services for the duration of the Services.
 - d. Maintain network connectivity between Your environment and any third-party applications and/or websites.
 - e. Limit Oracle's access to any production environments or shared development environments to the extent necessary for Oracle to perform the Services.
 - f. Enable the appropriate network access and communications between the applicable servers and databases for Oracle to perform the Services.
 - g. Provide user rights to access the cloud test environment(s) for the Services.
2. Project Assumptions
- a. All communications and documentation will be in English.
 - b. The Services will be performed either by onsite delivery resources or remotely.
 - c. If You wish to receive additional Services for more than three properties, You may do so by entering into a separate order for such Services.
 - d. The following are not part of these Services and are considered out of scope:
 - i. Configuration or training of third-party applications;
 - ii. Physical hardware installation;
 - iii. Network troubleshooting;
 - iv. Inputting of any data, branding, marketing materials, website design, or related information that is not included within the agreed upon properties (up to a maximum of three);

- v. Customizations, enhancements, modifications, localizations, or interfaces of the Hospitality Application;
 - vi. Project management; or
 - vii. Any other Services not expressly identified herein.
- e. Oracle may deliver Services during the following work shifts as specified in your order.
- i. “Standard Business Hours” between 8:00 am and 5:00 pm Monday through Friday in the time zone of Your site and/or location where the services are to be performed, excluding Holiday Hours. Standard Business Hours will be conformant to applicable local labor laws, but will not exceed 8 hours of labor per day commencing after 8:00 am in such applicable time zone and/or location.
 - ii. “Extended Business Hours” between 5:01 pm Monday and 8:00 am Saturday in the time zone of Your site and/or location where the services are to be performed, excluding Holiday Hours.
 - iii. “Weekend Hours” beginning on Saturday 8:01 am in the time zone of Your site and/or location where the services are to be performed and ending on Monday at 7:59 am, excluding Holiday Hours.
 - iv. “Holiday Hours” between 12:00 am and 11:59 pm on any public holiday (as authorized by applicable law) in the time zone of Your site and/or location where the services are to be performed.

Oracle Hospitality Hotel Central Systems and Distribution Cloud Consulting Services – Per Hour

Part Number: B84198, B87924 (Extended Hours), B87936 (Weekend/Holiday Hours)

Description of Services

You have ordered the quantity of hours identified in Your order of Oracle Hospitality Hotel Distribution Cloud Consulting Service (“Total Hours”) related to Your Oracle Hospitality Distribution deployment(s), which Services may include assistance with any of the following:

1. Software Configuration
 - a. Facilitate a project kick-off call with Your team to review and confirm the project scope.
 - b. Add desired Distribution channels to the property in the Distribution platform.
 - c. Review Oracle Hotel Distribution pre-installation requirements.
 - d. Configure the Oracle Hotel Distribution system based on existing Oracle Hospitality Property Management System (PMS) configuration data provided by You.
2. Software Application Training
 - a. Conduct up to up to two (2) remote web-based training sessions for each module (“Oracle Hotel Distribution Training”), not to exceed two (2) hours in duration.
3. Live Cutover Support
 - a. Provide post go-live support in production environment.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Provide Oracle access to Your hotel site required for the performance of Services.
 - b. Provide all necessary content, as per pre-installation document, prior to configuration.
 - c. Train staff who have not attended OPERA application training related to this Service.
 - d. Maintain direct relation with extranet partners market managers (e.g. Expedia, Booking.com) for business decisions and requests related to hotel representation in their systems.
2. Project Assumptions
 - a. The Services are designed to go-live in the production Services environment at one time. Multiple or staged go-lives are not included in the Services.

- b. Each module is live as soon as one (1) distribution channel is live with the module.
- c. Training is provided for Oracle Hotel Distribution products only.
- d. Oracle Hotel Distribution application training is conducted by module (e.g. OPRA Xchange interface, Central Reservation System, web booking engine, Hotel Channel Manager).
- e. Additional charges may result if You or Your third-party entities have not completed the required activities defined in the Oracle Hotel Distribution Pre-installation Guide list of requirements on the day Oracle is to commence the Services.
- f. Additional training sessions or advanced training sessions will require a change order.
- g. Development of a new application interface is not included in the Services.
- h. Data migration from an external hotel management system is not included in the Services.
- i. Certification processes are not included in the Services.
- j. The Services will be performed remotely and do not include physical hardware installation.
- k. Project Management is not included in the Services.
- l. Oracle may deliver Services during the following work shifts as specified in your order.
 - i. "Standard Business Hours" between 8:00 am and 5:00 pm Monday through Friday in the time zone of Your site and/or location where the services are to be performed, excluding Holiday Hours. Standard Business Hours will be conformant to applicable local labor laws, but will not exceed 8 hours of labor per day commencing after 8:00 am in such applicable time zone and/or location.
 - ii. "Extended Business Hours" between 5:01 pm Monday and 8:00 am Saturday in the time zone of Your site and/or location where the services are to be performed, excluding Holiday Hours.
 - iii. "Weekend Hours" beginning on Saturday 8:01 am in the time zone of Your site and/or location where the services are to be performed and ending on Monday at 7:59 am, excluding Holiday Hours.
 - iv. "Holiday Hours" between 12:00 am and 11:59 pm on any public holiday (as authorized by applicable law) in the time zone of Your site and/or location where the services are to be performed.

Oracle Hospitality Hotel Project Management Cloud Service – Per Hour

Part Number: B86154

Description of Services

You have ordered the quantity of hours identified in Your order of Oracle Hospitality Hotel Project Management Cloud Services ("Total Hours") related to Your Oracle Hospitality Property Management Systems (PMS) deployment(s) and/or Point Of Sale (POS) implementation(s), which Services may include assistance with any of the following:

1. Project Management Services

You and Oracle each agree to designate a project manager who shall work together with the other party's project manager to facilitate an efficient delivery of the Services. Provide You with the following project management related assistance, which may include the following:

- a. Facilitate a project kick-off call with Your team to review and confirm the project scope.
- b. Confirm Oracle Hospitality PMS and/or POS products and Services sold align with the effort to be performed.
- c. Confirm mutually agreed upon implementation dates, including Oracle Hospitality PMS and/or POS go-live date.
- d. Confirm with You what the necessary hardware is for Your Oracle Hospitality PMS and/or POS implementation.
- e. Track status of hardware purchased from Oracle.
- f. Prepare project implementation schedule for Oracle resources.
- g. Assign Oracle implementation resources.
- h. Provide travel information for resources traveling to Your location.

- i. Facilitate mutually agreed reoccurring project status calls to track progress.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Designate a project manager who shall work together with Oracle's project manager to facilitate an efficient delivery of the Services, including assigning, scheduling and managing Your resources.
 - b. Provide Oracle access to Your hotel site required for the performance of Services.
 - c. Provide completed copy of the Oracle Hospitality PMS and/or POS Pre-installation Guide.
 - d. Schedule Your staff to attend required Oracle Hospitality PMS and/or POS training sessions.
2. Project Assumptions
 - a. All communications and documentation will be in mutually agreed language.
 - b. The Services above will be performed either by remote or onsite resources.
 - c. Oracle will send an Oracle Hospitality PMS and/or POS Pre-installation Guide list of requirements that are to be implemented by You in preparation of the installation.

Oracle Hospitality Hotel Project Consulting Cloud Service – Per Hour

Part Number: B86155

Description of Services

You have ordered the quantity of hours identified in Your order of Oracle Hospitality Hotel Project Consultant Services ("Total Hours") related to Your Oracle Hospitality Property Management Systems (PMS) deployment(s) and/or Point Of Sale (POS) implementation(s), which Services may include assistance with any of the following:

1. Project Consultancy Services
 - a. Facilitate a project kick-off call with Your team to review and confirm the project scope.
 - i. Confirm Oracle Hospitality PMS and/or POS products and Services purchased.
 - ii. Discuss estimated implementation dates; including Oracle Hospitality PMS and/or POS go-live date.
 - iii. Discuss hardware prerequisites to support Your Oracle Hospitality PMS and/or POS implementation.
 - b. Track status of hardware purchased from Oracle.
 - c. Prepare project implementation schedule for Oracle resources.
 - d. Assign Oracle implementation resources.
 - e. Provide travel information for resources traveling to Your location.
 - f. Facilitate mutually agreed reoccurring project status calls to track progress.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Designate a project consultant who shall work together with Oracle's project consultant to facilitate an efficient delivery of the Services, including assigning, scheduling and managing Your resources.
 - b. Provide Oracle access to Your hotel site required for the performance of Services.
 - c. Provide completed copy of the Oracle Hospitality PMS and/or POS Pre-installation Guide.
 - d. Schedule Your staff to attend required Oracle Hospitality PMS and/or POS training sessions.
2. Project Assumptions
 - a. All communications and documentation will be in the mutually agreed upon language.
 - b. The Services above will be performed either by onsite delivery resources or remotely and do not include physical hardware installation, networking or any other Services not expressly identified herein.
 - c. Delays caused by either You or Your third-party vendors not being ready at the scheduled times may result in additional charges.
 - d. Custom report development is not included in the Services.
 - e. Custom interface development is not included in the Services.

- f. Third-party software configuration is not included in the Services.
- g. Application training is not included in the Services.
- h. Project Management is not included in the Services.
- i. Implementation of the Oracle Hospitality PMS and/or POS application is not included in the Services.

 - ii. “Extended Business Hours” between 5:01 pm Monday and 8:00 am Saturday in the time zone of Your site and/or location where the services are to be performed, excluding Holiday Hours.
 - iii. “Weekend Hours” beginning on Saturday 8:01 am in the time zone of Your site and/or location where the services are to be performed and ending on Monday at 7:59 am, excluding Holiday Hours.
 - iv. “Holiday Hours” between 12:00 am and 11:59 pm on any public holiday (as authorized by applicable law) in the time zone of Your site and/or location where the services are to be performed.

Oracle Hospitality Hotel Property Management System Training Cloud Service – Per Hour Part Number: B87629, B87934 (Extended Hours), B87946 (Weekend/Holiday Hours)

Description of Services

You have ordered the quantity of hours identified in Your order of Oracle Hospitality Hotel Property Management System Cloud Training Services (“Total Hours”) related to Your Oracle Hospitality Property Management Systems (“PMS”) deployment(s), which Services may include assistance with any of the following:

1. Software Application Training

- a. Conduct training sessions for any module of Your Oracle Hospitality PMS Deployment. Depending on the hours purchased each training session may be up to four (4) hours in duration and may be attended by up to twelve (12) of your end users.
 - i. Oracle Hospitality application training is conducted by module (e.g. Reservations, Rate Management, Profiles, Front Desk, Cashiering etc).
- b. Provide training on end user interaction with Oracle Hospitality PMS products, as currently configured. This may include making profiles or reservations, rate management, housekeeping, accounts receivable, reporting or any other standard PMS product functionality.
- c. Provide training on standard PMS product administration which may include room configuration, transaction code setup, rate and package setup, user management, housekeeping functionality, scheduled reporting and inventory management.
- d. Assist You to create documentation related to the current engagement. .

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Provide Oracle access to Your Hotel applications as required for the performance of Services.
 - b. Complete required digital learning before attending the instructor led training sessions.
 - c. Schedule Your end users to attend the Oracle Hospitality Hotel Property Management System Training Services sessions.
 - d. Reproduce copies of training materials solely for Your end users.
 - e. Recording or reproduction of the training is not allowed.
 - f. You are responsible for providing a training room with internet access, access to all required Oracle Hospitality products, LCD projector, white board or flip chart, and computers for students (if required).
2. Project Assumptions
 - a. All communications and documentation will be in a mutually agreed upon language.
 - b. The Services above will be performed remotely.
 - c. Training is provided for Oracle Hospitality products only.
 - d. Configuration or training of third-party applications/interfaces is not included in the Services.
 - e. Project management is not included in the Services.
 - f. Service will be provided on consecutive days, during mutually agreeable times, excluding holidays, unless parties agree otherwise.
 - g. Oracle may deliver Services during the following work shifts as specified in your order.
 - i. “Standard Business Hours” between 8:00 am and 5:00 pm Monday through Friday in the time zone of Your site and/or location where the services are to be performed, excluding Holiday Hours. Standard Business Hours will be conformant to applicable local labor laws, but will not exceed 8 hours of labor per day commencing after 8:00 am in such applicable time zone and/or location.
 - ii. “Extended Business Hours” between 5:01 pm Monday and 8:00 am Saturday in the time zone of Your site and/or location where the services are to be performed, excluding Holiday Hours.
 - iii. “Weekend Hours” beginning on Saturday 8:01 am in the time zone of Your site and/or location where the services are to be performed and ending on Monday at 7:59 am, excluding Holiday Hours.
 - iv. “Holiday Hours” between 12:00 am and 11:59 pm on any public holiday (as authorized by applicable law) in the time zone of Your site and/or location where the services are to be performed.

Oracle Hospitality OPERA Cloud Reporting and Analytics System Implementation and Configuration Cloud Service – Per Hour

Part Number: B89808

Description of Services

You have ordered the quantity of hours identified in Your order of Oracle Hospitality OPERA Cloud Reporting and Analytics System Implementation and Configuration Cloud Service (“Total Hours”) related to Your Oracle Hospitality OPERA Cloud Reporting and Analytics System (“Opera R&A”) deployment(s), which Services may include assistance with any of the following:

1. Software Configuration and Training
 - a. Conduct a discovery call to discuss the requirements for the configuration of Your Hospitality Product(s).
 - b. Assist You with the configuration of Oracle’s Hospitality Product(s), which may include:
 - i. Enabling organization attributes, defining user roles, and/or side menu configuration (also known as “Portal Administration Activities”).
 - c. Operational Review:
 - i. Review Your business rules and operational standards.
 - ii. Review Analytics System application parameters.
 - iii. Review Analytics System users and associated permissions.
 - iv. Review Analytics System configuration.
 - v. Review Analytics System customized reports and alerts.
 - vi. Review Analytics System screen design and enabled features.
 - d. Provide end user training on Oracle’s Hospitality Product(s), which may include:
 - i. Training related to organization setup;
 - ii. Training related to user and role setup (including permissions);
 - iii. Training related to master item alignment; or
 - iv. Training related to creating, modifying, or publishing reports.
 - e. Conduct one (1) training session (“Opera R&A Training”), each of which is up to four (4) hours in duration and may be attended by up to eight (8) of Your resources.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Provide Oracle access to Your applications if required for the performance of Services.
 - b. Provide any notices, and obtain any consents, required for Oracle to perform services.
 - c. Complete the Opera R&A pre-installation guides and data sheets prior to the mutually agreed installation commencement date.
 - d. Maintain a test environment and validate the Services, as requested by Oracle, in such test environment prior to the deployment of changes to Your production environment.
 - e. Limit Oracle’s access to any production environment or shared development environments to the extent necessary for Oracle to perform services.
 - f. If while performing Services Oracle requires access to other vendor’s products that are part of your system, you will be responsible for acquiring all such products and the appropriate license rights necessary for Oracle to access such products on your behalf.
 - g. Restrict Oracle’s access to any content or information that imposes privacy, security or regulatory obligations greater than those specified in this order.
 - h. Schedule Your staff to attend all required Oracle Hospitality training sessions.
 - i. Ensure all users have compatible hardware to access hosted or local Analytics System solutions.
 - j. Installation of software to client PCs where required.
 - k. Provide all Microsoft Excel Licenses if required.
2. Project Assumptions
 - a. All communications and documentation will be in English.

- b. Training documentation will be Oracle standard and does not include any customization.
- c. The Services above will be performed either by onsite or remotely during local business hours, Monday through Friday, excluding holidays and weekends.
- d. The services are designed to go-live in the production Services environment at one time. Multiple or staged go-lives are not included in the Services.
- e. Training is provided for Oracle Hospitality Analytics System Product(s) only.
- f. Additional charges may result if You or Your third-party vendors have not completed the required activities defined in the Oracle Hospitality Pre-installation Guide list of requirements on the day Oracle is to commence the Services.
- g. Additional training sessions to accommodate larger teams or advanced training sessions will require a change order.
- h. You are responsible for providing a training room with internet access, access to all required Oracle Hospitality Product(s), LCD projector, white board or flip chart, and computers for students (if required). All attendees must have a phone and either have their own personal computers (“PC(s)”) with internet connection or the ability to share the screen of a PC with internet connection.
- i. You understand and acknowledge that Oracle shall only provide the Services to You for up to the total hours specified in Your order; if You wish to order additional Services, contact Your Oracle sales representative or visit the Oracle store.
- j. Any request for modification to the Services requires entering into a new order.
- k. The following are not part of these Services and are considered out of scope:
 - i. Development of new reports
 - ii. Data migration from an external hotel management system
 - iii. Configuration or training of third-party applications;
 - iv. Project management;
 - v. Physical hardware installation;
 - vi. Network troubleshooting;
 - vii. Customizations, enhancements, modifications, localizations, or interfaces of the Hospitality Product(s); or
 - viii. Any other Services not expressly identified herein.

Oracle Hospitality Hotel Business Intelligence Implementation and Configuration Cloud Service – Per Hour

Part Number: B89811

Description of Services

You have ordered the quantity of hours identified in Your order of Oracle Hospitality Hotel Business Intelligence Implementation and Configuration Cloud Service (“Total Hours”) related to Your Oracle Hospitality OPERA Business Intelligence deployment(s), which Services may include assistance with any of the following:

1. Software Configuration
 - a. Review Your hosted Cloud environment.
 - b. Review pre-installation guide for applying software requirements.
 - c. Create users/granting permissions.
 - d. Configure system variables.
 - e. Create and/or edit customized dashboards and reports.
2. Software Application Training
 - a. Conduct training sessions for Business Intelligence modules to be implemented, each of which is up to four (4) hours in duration and may be attended by up to ten (10) of Your resources.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Provide Oracle access to Your Hotel applications required for the performance of Services.

- b. Provide Oracle access to Your test environment required for the performance of Services.
 - c. Complete necessary hardware (example: Oracle Hospitality server(s), Interface PC, OXI PC) placement and connection to the network according to the specifications outlined in the Oracle Hospitality hardware sizing guide.
 - d. Complete the Oracle Hospitality Pre-installation Guide prior to the commencement of Services.
 - e. Schedule Your staff to attend required Oracle Hospitality training sessions.
 - f. Ensure database access to source systems are in place.
 - g. Train staff who has not attended Oracle Hospitality application training.
2. Project Assumptions
- a. All communications and documentation will be in English.
 - b. The Services are designed to go-live in the production services environment at one time. Multiple or staged go-lives are not included in the Services.
 - c. Training is provided for Oracle Hospitality products only.
 - d. Oracle Hospitality application training is conducted by module.
 - e. Additional charges may result if You or Your third-party vendors have not completed the required activities defined in the Oracle Hospitality Pre-installation Guide list of requirements on the day Oracle is to commence the Services.
 - f. Additional training sessions to accommodate larger teams or advanced training sessions will require a change order.
 - g. Development of new reports is not included in the Services.
 - h. Development of a new application interface is not included in the Services.
 - i. Configuration or training of third-party applications is not included in the Services.
 - j. The Services will be performed either by onsite delivery resources or remotely and does not include physical hardware installation.
 - k. Project Management is not included in the Services.

Oracle Hospitality Opera Cloud Consulting Package – Rooms 1 to 50

Part Number: B91237

Description of Services

Oracle will perform the following Services related to the installation and configuration of, and training related to, the applicable Oracle Hospitality Opera Cloud application listed in Your order (the “Application”) for up to fifty (50) rooms:

1. Project Consultancy Services
 - a. Facilitate a project kick-off call with Your team to review project details, as follows:
 - i. Confirm the terms of Your Oracle Hospitality Opera Cloud order.
 - ii. Discuss estimated implementation dates; including Oracle Hospitality Opera Cloud go-live date.
 - iii. Discuss hardware prerequisites to support Your Oracle Hospitality Opera Cloud implementation.
 - b. Prepare project implementation schedule for Oracle resources.
 - c. Assign Oracle implementation resources.
 - d. Facilitate mutually agreed reoccurring project status calls to track progress.
 - e. Facilitate a project completion call and provide You with a completion certificate.
2. Installation and Configuration of the Hospitality Opera Cloud Application
 - a. Conduct a preliminary meeting or conference call with up to ten (10) members of Your team to:
 - i. Review of the preliminary pre-installation workbook that was completed by You prior to the commencement of Services;
 - b. Configure the Application features, modules, and standard functionality available in the preliminary pre-installation workbook (s); and
 - c. Configure interfaces for the Application:
 - i. Up to two (2) property interfaces

- ii. Up to one (1) OXI (OPERA Exchange Interface)
 - iii. Up to one (1) OPI (OPERA Payment Interface)
3. Training
 - a. Provide E-Learning for Opera Cloud access to Your training administrator; and
 - b. Provide eight (8) hours remote live training for up to twelve (12) staff members.
 4. Testing and Production Assistance
 - a. Provide assistance to Your resources for user acceptance testing of the Application in Your production environment;
 - b. Test the interfaces to the Application based on the applicable configurations; and
 - c. Provide post-production assistance for up to twelve (12) hours.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Complete and return the pre-installation workbook(s) that will set forth Your Application configuration requirements to Oracle prior to commencement of Services.
 - b. Participate in all configuration related meetings and activities.
 - c. Complete all prerequisite E-Learning prior to scheduled live training.
 - d. Validate all required configuration data that will be loaded into Your production environment.
 - e. Provide Your point of contact to enable:
 - i. Remote access to perform any of the Services for the duration of the Services.
 - ii. Enable the appropriate network access and communications between the applicable servers and databases for Oracle to perform the Services.
 - iii. Provide user rights to access the cloud production environment(s) for the Services.
 - f. Maintain network connectivity between Your environment and any third-party applications and/or websites.
 - g. Limit Oracle's access to Your production environment to the extent necessary for Oracle to perform the Services.
 - h. Ensure that Your back office interface is Oracle-certified.
 - i. Upon completion of the Services, Oracle will provide You with written notice (e.g., a completion certificate). If You fail to provide written notice to Oracle that the Services provided do not conform to the description of Services set forth above within five (5) business days following the date of Oracle's written notice of completion (the "review period"), the Services shall be deemed completed at the end of the review period.
2. Project Assumptions
 - a. All communications and documentation will be in English.
 - b. The Services are designed to go-live in the hosted Cloud environment at one time. Multiple or staged go-lives are not included in the Services.
 - c. Additional charges may result if customer or third-party vendors have not completed the required activities defined in the Oracle Hospitality PMS pre-installation list of requirements on the day Oracle is to commence the Services.
 - d. Oracle will perform the Services remotely.
 - e. If You wish to receive additional services for Your property, You may do so by entering into a separate services order with Oracle for such services.
 - f. The following are not included in the Services and are considered out of scope:
 - i. Configuration, troubleshooting or training of third-party applications;
 - ii. Physical hardware installation;
 - iii. Network troubleshooting;
 - iv. Input of any data, branding, marketing materials, website design, or related information that is not included within the agreed upon project scope;
 - v. Customizations, enhancements, modifications, localizations, or interfaces of the Application;
 - vi. Point of Sale (POS) system interface installation
 - vii. Delphi.fdc Third-Party interface installation; or

- viii. Any other Services not expressly identified herein.

Oracle Hospitality Opera Cloud Consulting Package – Rooms 1 to 110

Part Number: B91238

Description of Services

Oracle will perform the following Services related to the installation and configuration of, and training related to, the applicable Oracle Hospitality Opera Cloud application listed in Your order (the “Application”) for up to one hundred and ten (110) rooms:

1. Project Consultancy Services
 - a. Facilitate a project kick-off call with Your team to review project details, as follows:
 - i. Confirm the terms of Your Oracle Hospitality Opera Cloud order.
 - ii. Discuss estimated implementation dates; including Oracle Hospitality Opera Cloud go-live date.
 - iii. Discuss hardware prerequisites to support Your Oracle Hospitality Opera Cloud implementation.
 - b. Prepare project implementation schedule for Oracle resources.
 - c. Assign Oracle implementation resources.
 - d. Facilitate mutually agreed reoccurring project status calls to track progress.
 - e. Facilitate a project completion call and provide You with a completion certificate.
2. Installation and Configuration of the Hospitality Opera Cloud Application
 - a. Conduct a preliminary meeting or conference call with up to ten (10) members of Your team to:
 - i. Review of the preliminary pre-installation workbook that was completed by You prior to the commencement of Services;
 - b. Configure the Application features, modules, and standard functionality available in the preliminary pre-installation workbook(s); and
 - c. Configure interfaces for the Application:
 - i. Up to three (3) property interfaces .
 - ii. Up to two (2) OXI (OPERA Exchange Interface).
 - iii. Up to one (1) OPI (OPERA Payment Interface).
3. Training
 - a. Provide E-Learning for Opera Cloud access to Your training administrator; and
 - b. Provide eight (8) hours remote live training for up to twelve (12) staff members.
4. Testing and Production Assistance
 - a. Provide assistance to Your resources for user acceptance testing of the Application in Your production environment;
 - b. Test the interfaces to the Application based on the applicable configurations; and
 - c. Provide post-production assistance for up to twelve (12) hours.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Complete and return the pre-installation workbook(s) that will set forth Your Application configuration requirements to Oracle prior to commencement of Services.
 - b. Participate in all configuration related meetings and activities.
 - c. Complete all prerequisite E-Learning prior to scheduled live training.
 - d. Validate all required configuration data that will be loaded into Your production environment.
 - e. Provide Your point of contact to enable:
 - i. Remote access to perform any of the Services for the duration of the Services.
 - ii. Enable the appropriate network access and communications between the applicable servers and databases for Oracle to perform the Services.
 - iii. Provide user rights to access the cloud production environment(s) for the Services.

- f. Maintain network connectivity between Your environment and any third-party applications and/or websites.
 - g. Limit Oracle's access to Your production environment to the extent necessary for Oracle to perform the Services.
 - h. Ensure that Your back office interface is Oracle-certified.
 - i. Upon completion of the Services, Oracle will provide You with written notice (e.g., a completion certificate). If You fail to provide written notice to Oracle that the Services provided do not conform to the description of Services set forth above within five (5) business days following the date of Oracle's written notice of completion (the "review period"), the Services shall be deemed completed at the end of the review period.
2. Project Assumptions
- a. All communications and documentation will be in English.
 - b. The Services are designed to go-live in the hosted Cloud environment at one time. Multiple or staged go-lives are not included in the Services.
 - c. Additional charges may result if customer or third-party vendors have not completed the required activities defined in the Oracle Hospitality PMS pre-installation list of requirements on the day Oracle is to commence the Services.
 - d. Oracle will perform the Services remotely.
 - e. If You wish to receive additional services for Your property, You may do so by entering into a separate services order with Oracle for such services.
 - f. The following are not included in the Services and are considered out of scope:
 - i. Configuration, troubleshooting or training of third-party applications;
 - ii. Physical hardware installation;
 - iii. Network troubleshooting;
 - iv. Input of any data, branding, marketing materials, website design, or related information that is not included within the agreed upon project scope;
 - v. Customizations, enhancements, modifications, localizations, or interfaces of the Application;
 - vi. Delphi.fdc Third-Party interface installation; or
 - vii. Any other Services not expressly identified herein.

Oracle Hospitality Opera Cloud Consulting Package – Rooms 1 to 180

Part Number: B91239

Description of Services

Oracle will perform the following Services related to the installation and configuration of, and training related to, the applicable Oracle Hospitality Opera Cloud application listed in Your order (the "Application") for up to one hundred-eighty (180) rooms:

1. Project Consultancy Services
 - a. Facilitate a project kick-off call with Your team to review project details, as follows:
 - i. Confirm the terms of Your Oracle Hospitality Opera Cloud order.
 - ii. Discuss estimated implementation dates; including Oracle Hospitality Opera Cloud go-live date.
 - iii. Discuss hardware prerequisites to support Your Oracle Hospitality Opera Cloud implementation.
 - b. Prepare project implementation schedule for Oracle resources.
 - c. Assign Oracle implementation resources.
 - d. Provide travel information for resources traveling to Your location, if add-on travel was purchased as part of the order.
 - e. Facilitate mutually agreed reoccurring project status calls to track progress.
 - f. Facilitate a project completion call and provide You with a completion certificate.
2. Installation and Configuration of the Hospitality Opera Cloud Application
 - a. Conduct a preliminary meeting or conference call with up to ten (10) members of Your team to:

- i. Review of the preliminary pre-installation workbook that was completed by You prior to the commencement of Services;

 - iii. Network troubleshooting;
 - iv. Input of any data, branding, marketing materials, website design, or related information that is not included within the agreed upon project scope;
 - v. Customizations, enhancements, modifications, localizations, or interfaces of the Application;
or
 - vi. Any other Services not expressly identified herein.

Oracle Hospitality Cloud Consulting Opera Exchange Interface Configuration

Part Number: B92046

Description of Services

Oracle will perform the following Services related to the installation and configuration of the applicable Oracle Hospitality Opera Cloud application listed in Your order (the "Application"):

1. Installation, Configuration and Testing of the Hospitality OXI ("Opera Exchange Interface")
 - a. Install and configure one (1) OXI for Your Application.

- b. Provide up to two (2) hours assistance to Your resources for user acceptance testing of the Application in Your production environment.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Complete and return the pre-installation workbook that will set forth Your Application configuration requirements to Oracle prior to commencement of Services.
 - b. Validate all required configuration data that will be loaded into Your production environment.
 - c. Provide Your point of contact to enable:
 - i. Remote access to perform any of the Services for the duration of the Services.
 - ii. Enable the appropriate network access and communications between the applicable servers and databases for Oracle to perform the Services.
 - iii. Provide user rights to access the cloud production environment(s) for the Services.
 - d. Maintain network connectivity between Your environment and any third-party applications and/or websites.
 - e. Limit Oracle's access to Your production environment to the extent necessary for Oracle to perform the Services.
 - f. Ensure that Your back office interface is Oracle-certified.
 - g. Purchase Oracle Hospitality Opera Cloud Consulting Package services for the correct room count for Your property.
 - h. Upon completion of the Services, Oracle will provide You with written notice (e.g., a completion certificate). If You fail to provide written notice to Oracle that the Services provided do not conform to the description of Services set forth above within five (5) business days following the date of Oracle's written notice of completion (the "review period"), the Services shall be deemed completed at the end of the review period.
2. Project Assumptions
 - a. All communications and documentation will be in English.
 - b. Oracle will perform the Services remotely.
 - c. Installation and configuration of Your OXI must be concurrent with implementation of Oracle Opera Cloud Services, and is not a standalone service offering.
 - d. OXI interface must be from the approved general availability release and excludes DELPHI interfaces.
 - e. If You wish to receive additional services for Your property, You may do so by entering into a separate services order with Oracle for such services.
 - f. The following are not included in the Services and are considered out of scope:
 - i. Configuration, troubleshooting or training of third-party applications;
 - ii. Physical hardware installation;
 - iii. Network troubleshooting;
 - iv. Input of any data, branding, marketing materials, website design, or related information that is not included within the agreed upon project scope;
 - v. Customizations, enhancements, modifications, localizations, or interfaces of the Application; or
 - vi. Any other Services not expressly identified herein.

Oracle Hospitality Opera Cloud Sales and Event Management Package – Meeting Rooms 1 to 2

Part Number: B92047

Description of Services

Oracle will perform the following Services related to the installation and configuration of, and training related to, the applicable Oracle Hospitality Opera Cloud application listed in Your order (the "Application"):

1. Project Consultancy Services

- a. Facilitate a project kick-off call with Your team to review project details, as follows:
 - i. Confirm the terms of Your Oracle Hospitality Opera Cloud order.
 - ii. Discuss estimated implementation dates; including Oracle Hospitality Opera Cloud go-live date.
 - iii. Discuss hardware prerequisites to support Your Oracle Hospitality Opera Cloud implementation.
- b. Prepare project implementation schedule for Oracle resources.
- c. Assign Oracle implementation resources.
- d. Facilitate mutually agreed reoccurring project status calls to track progress.
- e. Facilitate a project completion call and provide You with a completion certificate.
2. Installation and Configuration of the Hospitality Opera Sales and Event Management Module
 - a. Conduct a preliminary meeting or conference call with up to ten (10) members of Your team to:
 - i. Review of the preliminary pre-installation workbook that was completed by You prior to the commencement of Services; and
 - b. Configure the module for up to two (2) meeting rooms and one (1) stationary package:
 - i. All meeting rooms combined not to exceed a total capacity of one hundred (100) people;
 - ii. Banquet staff not to exceed ten (10); and
 - iii. Sales staff not to exceed two (2).
3. Training
 - a. Provide E-Learning for Opera Cloud Sales and Event Management access to Your training administrator.
 - b. Provide sixteen (16) hours of training for up to twelve (12) resources.
4. Go-Live Support
 - a. Provide up to eight (8) hours of go-live support post-production assistance.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Complete and return the pre-installation workbook that will set forth Your module configuration requirements to Oracle prior to commencement of Services.
 - b. Complete all prerequisite E-Learning prior to scheduled live training.
 - c. Validate all required configuration data that will be loaded into Your production environment.
 - d. Provide Your point of contact to enable:
 - i. Remote access to perform any of the Services for the duration of the Services.
 - ii. Enable the appropriate network access and communications between the applicable servers and databases for Oracle to perform the Services.
 - iii. Provide user rights to access the cloud production environment(s) for the Services.
 - e. Maintain network connectivity between Your environment and any third-party applications and/or websites.
 - f. Limit Oracle's access to Your production environment to the extent necessary for Oracle to perform the Services. Upon completion of the Services, Oracle will provide You with written notice (e.g., a completion certificate). If You fail to provide written notice to Oracle that the Services provided do not conform to the description of Services set forth above within five (5) business days following the date of Oracle's written notice of completion (the "review period"), the Services shall be deemed completed at the end of the review period.
2. Project Assumptions
 - a. All communications and documentation will be in English.
 - b. Oracle will perform the Services remotely.
 - c. If You wish to receive additional services for Your property, You may do so by entering into a separate services order with Oracle for such services.
 - d. The following are not included in the Services and are considered out of scope:
 - i. Localization of the module;
 - ii. Does not include data import and conversion from historical data;

- iii. Stationary customization;
- iv. Configuration, troubleshooting or training of third-party applications;
- v. Physical hardware installation;
- vi. Network troubleshooting;
- vii. No offsite catering facilities;
- viii. Input of any data, branding, marketing materials, website design, or related information that is not included within the agreed upon project scope;
- ix. Customizations, enhancements, modifications, localizations, or interfaces of the module; or
- x. Any other Services not expressly identified herein.

Oracle Hospitality Cloud Consulting Interface Configuration OPI Credit Card – EMEA Only

Part Number: B92502

Description of Services

Oracle will perform the following Services related to the installation and configuration of the applicable Oracle Hospitality Opera Cloud application listed in Your order (the "Application"):

1. Installation, Configuration and Testing of Oracle Payment Interface (OPI) Credit Card Interface
 - a. Install the OPI Credit Card interface software to Your Application.
 - b. Configure the Oracle Payment Interface to connect to your Payment Service Provider.

- c. Provide assistance to Your resources for user acceptance testing of the Application in Your production environment.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Complete and return the pre-installation workbook that will set forth Your Application configuration requirements to Oracle prior to commencement of Services.
 - b. Validate all required configuration data that will be loaded into Your production environment.
 - c. Provide Your point of contact to enable:
 - i. Remote access to perform any of the Services for the duration of the Services.
 - ii. Enable the appropriate network access and communications between the applicable servers and databases for Oracle to perform the Services.
 - iii. Provide user rights to access the cloud production environment(s) for the Services.
 - d. Maintain network connectivity between Your environment and any third-party applications and/or websites.
 - e. Limit Oracle's access to Your production environment to the extent necessary for Oracle to perform the Services.
 - f. Ensure that Your back office interface is Oracle-certified.
 - g. Purchase Oracle Hospitality Opera Cloud Consulting Package services for Your property.
 - h. Upon completion of the Services, Oracle will provide You with written notice (e.g., a completion certificate). If You fail to provide written notice to Oracle that the Services provided do not conform to the description of Services set forth above within five (5) business days following the date of Oracle's written notice of completion (the "review period"), the Services shall be deemed completed at the end of the review period.
2. Project Assumptions
 - a. All communications and documentation will be in English.
 - b. Oracle will perform the Services remotely or on Your site, as mutually agreed upon.
 - c. If You wish to receive additional services for Your property, You may do so by entering into a separate services order with Oracle for such services.
 - d. The following are not included in the Services and are considered out of scope:
 - i. Configuration, troubleshooting or training of third-party applications;
 - ii. Physical hardware installation;
 - iii. Network troubleshooting;
 - iv. Input of any data, branding, marketing materials, website design, or related information that is not included within the agreed upon project scope;
 - v. Customizations, enhancements, modifications, localizations, or interfaces of the Application; or
 - vi. Any other Services not expressly identified herein.

Oracle Hospitality Cloud Consulting Interface Configuration OXI 2 OHDCS – EMEA Only

Part Number: B92503

Description of Services

Oracle will perform the following Services related to the installation and configuration of the applicable Oracle Hospitality Opera Cloud application listed in Your order (the "Application"):

1. Installation, Configuration and Testing of the Hospitality Opera Exchange Interface (OXI) to Oracle Hospitality Distribution Cloud Services (OHDCS)
 - a. Install and configure one (1) OXI 2 OHDCS for Your Application.
 - b. Provide assistance to Your resources for user acceptance testing of the Application in Your production environment.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Complete and return the pre-installation workbook that will set forth Your Application configuration requirements to Oracle prior to commencement of Services.
 - b. Validate all required configuration data that will be loaded into Your production environment.
 - c. Provide Your point of contact to enable:
 - i. Remote access to perform any of the Services for the duration of the Services.
 - ii. Enable the appropriate network access and communications between the applicable servers and databases for Oracle to perform the Services.
 - iii. Provide user rights to access the cloud production environment(s) for the Services.
 - d. Maintain network connectivity between Your environment and any third-party applications and/or websites.
 - e. Limit Oracle's access to Your production environment to the extent necessary for Oracle to perform the Services.
 - f. Ensure that Your back office interface is Oracle-certified.
 - g. Purchase Oracle Hospitality Opera Cloud Consulting Package services for Your property.
 - h. Upon completion of the Services, Oracle will provide You with written notice (e.g., a completion certificate). If You fail to provide written notice to Oracle that the Services provided do not conform to the description of Services set forth above within five (5) business days following the date of Oracle's written notice of completion (the "review period"), the Services shall be deemed completed at the end of the review period.
2. Project Assumptions
 - a. All communications and documentation will be in English.
 - b. Oracle will perform the Services remotely or on Your site, as mutually agreed upon.
 - c. If You wish to receive additional services for Your property, You may do so by entering into a separate services order with Oracle for such services.
 - d. The following are not included in the Services and are considered out of scope:
 - i. Configuration, troubleshooting or training of third-party applications;
 - ii. Physical hardware installation;
 - iii. Network troubleshooting;
 - iv. Input of any data, branding, marketing materials, website design, or related information that is not included within the agreed upon project scope;
 - v. Customizations, enhancements, modifications, localizations, or interfaces of the Application; or
 - vi. Any other Services not expressly identified herein.

Oracle Hospitality Cloud Consulting Interface Configuration OXI 2 Way – EMEA Only

Part Number: B92504

Description of Services

Oracle will perform the following Services related to the installation and configuration of the applicable Oracle Hospitality Opera Cloud application listed in Your order (the "Application"):

1. Installation, Configuration and Testing of the Hospitality Opera Exchange Interface (OXI)
 - a. Install and configure one (1) OXI 2-way for Your Application.
 - b. Provide assistance to Your resources for user acceptance testing of the Application in Your production environment.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Complete and return the pre-installation workbook that will set forth Your Application configuration requirements to Oracle prior to commencement of Services.

- b. Validate all required configuration data that will be loaded into Your production environment.
 - c. Provide Your point of contact to enable:
 - i. Remote access to perform any of the Services for the duration of the Services.
 - ii. Enable the appropriate network access and communications between the applicable servers and databases for Oracle to perform the Services.
 - iii. Provide user rights to access the cloud production environment(s) for the Services.
 - d. Maintain network connectivity between Your environment and any third-party applications and/or websites.
 - e. Limit Oracle's access to Your production environment to the extent necessary for Oracle to perform the Services.
 - f. Ensure that Your back office interface is Oracle-certified.
 - g. Purchase Oracle Hospitality Opera Cloud Consulting Package services for the correct room count for Your property.
 - h. Upon completion of the Services, Oracle will provide You with written notice (e.g., a completion certificate). If You fail to provide written notice to Oracle that the Services provided do not conform to the description of Services set forth above within five (5) business days following the date of Oracle's written notice of completion (the "review period"), the Services shall be deemed completed at the end of the review period.
2. Project Assumptions
- a. All communications and documentation will be in English.
 - b. Oracle will perform the Services remotely or on Your site, as mutually agreed upon.
 - c. If You wish to receive additional services for Your property, You may do so by entering into a separate services order with Oracle for such services.
 - d. The following are not included in the Services and are considered out of scope:
 - i. Configuration, troubleshooting or training of third-party applications;
 - ii. Physical hardware installation;
 - iii. Network troubleshooting;
 - iv. Input of any data, branding, marketing materials, website design, or related information that is not included within the agreed upon project scope;
 - v. Customizations, enhancements, modifications, localizations, or interfaces of the Application;
or
 - vi. Any other Services not expressly identified herein.

Oracle Hospitality Opera Cloud Consulting Package – Rooms 1 to 50 – EMEA Only

Part Number: B92505

Description of Services

Oracle will perform the following Services related to the installation and configuration of, and training related to, the applicable Oracle Hospitality Opera Cloud application listed in Your order (the "Application") for up to fifty (50) rooms:

- 1. Project Consultancy Services
 - a. Facilitate a project kick-off call with Your team to review project details, as follows:
 - i. Confirm the terms of Your Oracle Hospitality Opera Cloud order.
 - ii. Discuss estimated implementation dates; including Oracle Hospitality Opera Cloud go-live date.
 - iii. Discuss hardware prerequisites to support Your Oracle Hospitality Opera Cloud implementation.
 - b. Prepare project implementation schedule for Oracle resources.
 - c. Assign Oracle implementation resources.
 - d. Facilitate mutually agreed reoccurring project status calls to track progress.
 - e. Facilitate a project completion call and provide You with a completion certificate.
- 2. Installation and Configuration of the Hospitality Opera Cloud Application

- a. Conduct a preliminary meeting or conference call with up to ten (10) members of Your team to:
 - i. Review of the preliminary pre-installation workbook that was completed by You prior to the commencement of Services;
 - b. Configure the Application features, modules, and standard functionality available in the preliminary pre-installation workbook; and
 - c. Configure up to two (2) IFC8 interfaces.
3. Training
- a. Provide E-Learning for Opera Cloud access to Your training administrator; and
 - b. Provide a single four (4) hour Question and Answer session for your resources.
4. Testing and Production Assistance
- a. Provide assistance to Your resources for user acceptance testing of the Application in Your production environment;
 - b. Test the interfaces to the Application based on the applicable configurations; and
 - c. Provide remote post-production assistance (consequent day shifts), limited to up to sixteen (16) hours.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Complete and return the pre-installation workbook that will set forth Your Application configuration requirements to Oracle prior to commencement of Services.
 - b. Complete all prerequisite E-Learning prior to scheduled live training / Question and Answer session.
 - c. Validate all required configuration data that will be loaded into Your production environment.
 - d. Provide Your point of contact to enable:
 - i. Remote access to perform any of the Services for the duration of the Services.
 - ii. Enable the appropriate network access and communications between the applicable servers and databases for Oracle to perform the Services.
 - iii. Provide user rights to access the cloud production environment(s) for the Services.
 - e. Maintain network connectivity between Your environment and any third-party applications and/or websites.
 - f. Limit Oracle's access to Your production environment to the extent necessary for Oracle to perform the Services.
 - g. Ensure that Your back office interface is Oracle-certified.
 - h. Upon completion of the Services, Oracle will provide You with written notice (e.g., a completion certificate). If You fail to provide written notice to Oracle that the Services provided do not conform to the description of Services set forth above within five (5) business days following the date of Oracle's written notice of completion (the "review period"), the Services shall be deemed completed at the end of the review period.
2. Project Assumptions
 - a. All communications and documentation will be in English.
 - b. The Services are designed to go-live in the hosted Cloud environment at one time. Multiple or staged go-lives are not included in the Services.
 - c. Additional charges may result if customer or third-party vendors have not completed the required activities defined in the Oracle Hospitality PMS pre-installation list of requirements on the day Oracle is to commence the Services.
 - d. Oracle will perform the Services remotely or on Your site, as mutually agreed upon.
 - e. For Opera Stationaries Oracle will provide templates only, no full customizations.
 - f. If You wish to receive additional services for Your property, You may do so by entering into a separate services order with Oracle for such services.
 - g. The following are not included in the Services and are considered out of scope:
 - i. Configuration, troubleshooting or training of third-party applications;
 - ii. Physical hardware installation;
 - iii. Network troubleshooting;

- iv. Input of any data, branding, marketing materials, website design, or related information that is not included within the agreed upon project scope;
- v. Customizations, enhancements, modifications, localizations, or interfaces of the Application; or
- vi. Any other Services not expressly identified herein.

Oracle Hospitality Opera Cloud Consulting Package – Rooms 1 to 110 – EMEA Only

Part Number: B92506

 - e. Limit Oracle's access to Your production environment to the extent necessary for Oracle to perform the Services.
 - f. Purchase Oracle Hospitality Opera Cloud Consulting Package services for Your property.
 - g. Upon completion of the Services, Oracle will provide You with written notice (e.g., a completion certificate). If You fail to provide written notice to Oracle that the Services provided do not conform to the description of Services set forth above within five (5) business days following the date of Oracle's written notice of completion (the "review period"), the Services shall be deemed completed at the end of the review period.
2. Project Assumptions
- a. All communications and documentation will be in English.
 - b. Oracle will perform the Services remotely.
 - c. If You wish to receive additional services for Your property, You may do so by entering into a separate services order with Oracle for such services.
 - d. The following are not included in the Services and are considered out of scope:
 - i. Configuration, troubleshooting or training of third-party applications;
 - ii. Physical hardware installation;
 - iii. Network troubleshooting;
 - iv. Input of any data, branding, marketing materials, website design, or related information that is not included within the agreed upon project scope;
 - v. Customizations, enhancements, modifications, localizations, or interfaces of the Application; or
 - vi. Any other Services not expressly identified herein.

Oracle Hospitality Cloud Consulting Configuration Localizations – JPAC Only

Part Number: B92970

Description of Services

Oracle will perform the following Services related to the installation and configuration of the applicable Oracle Hospitality Opera Cloud application listed in Your order (the "Application"):

- 1. Installation, Configuration and Testing of country specific localization
 - a. Provide country specific localization configuration and setting for Your Application.
 - b. Provide assistance to Your resources for user acceptance testing of the Application in Your production environment.

Your Cooperation and Project Assumptions

- 1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Complete and return the pre-installation workbook that will set forth Your Application configuration requirements to Oracle prior to commencement of Services.
 - b. Validate all required configuration data that will be loaded into Your production environment.
 - c. Provide Your point of contact to enable:
 - i. Remote access to perform any of the Services for the duration of the Services.
 - ii. Enable the appropriate network access and communications between the applicable servers and databases for Oracle to perform the Services.
 - iii. Provide user rights to access the cloud production environment(s) for the Services.
 - d. Maintain network connectivity between Your environment and any third-party applications and/or websites.
 - e. Limit Oracle's access to Your production environment to the extent necessary for Oracle to perform the Services.
 - f. Purchase Oracle Hospitality Opera Cloud Consulting Package services for Your property.

- g. Upon completion of the Services, Oracle will provide You with written notice (e.g., a completion certificate). If You fail to provide written notice to Oracle that the Services provided do not conform to the description of Services set forth above within five (5) business days following the date of Oracle's written notice of completion (the "review period"), the Services shall be deemed completed at the end of the review period.
2. Project Assumptions
- a. All communications and documentation will be in English.
 - b. Oracle will perform the Services remotely.
 - c. If You wish to receive additional services for Your property, You may do so by entering into a separate services order with Oracle for such services.
 - d. The following are not included in the Services and are considered out of scope:
 - i. Configuration, troubleshooting or training of third-party applications;
 - ii. Physical hardware installation;
 - iii. Network troubleshooting;
 - iv. Input of any data, branding, marketing materials, website design, or related information that is not included within the agreed upon project scope;
 - v. Customizations, enhancements, modifications, localizations, or interfaces of the Application; or
 - vi. Any other Services not expressly identified herein.

Oracle Hospitality Cloud Consulting Interface Configuration OEDS – JPAC Only

Part Number: B92971

Description of Services

Oracle will perform the following Services related to the installation and configuration of the applicable Oracle Hospitality Opera Cloud application listed in Your order (the "Application"):

- 1. Installation, Configuration and Testing of the Hospitality OEDS interface
 - a. Install and configure one (1) Oracle Electronic Distribution Suite Interface for Your Application.
 - b. Provide assistance to Your resources for user acceptance testing of the Application in Your production environment.

Your Cooperation and Project Assumptions

- 1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Complete and return the pre-installation workbook that will set forth Your Application configuration requirements to Oracle prior to commencement of Services.
 - b. Validate all required configuration data that will be loaded into Your production environment.
 - c. Provide Your point of contact to enable:
 - i. Remote access to perform any of the Services for the duration of the Services.
 - ii. Enable the appropriate network access and communications between the applicable servers and databases for Oracle to perform the Services.
 - iii. Provide user rights to access the cloud production environment(s) for the Services.
 - d. Maintain network connectivity between Your environment and any third-party applications and/or websites.
 - e. Limit Oracle's access to Your production environment to the extent necessary for Oracle to perform the Services.
 - f. Ensure that Your back office interface is Oracle-certified.
 - g. Purchase Oracle Hospitality Opera Cloud Consulting Package services for Your property.
 - h. Upon completion of the Services, Oracle will provide You with written notice (e.g., a completion certificate). If You fail to provide written notice to Oracle that the Services provided do not conform to the description of Services set forth above within five (5) business days following the date of

Oracle's written notice of completion (the "review period"), the Services shall be deemed completed at the end of the review period.

2. Project Assumptions
 - a. All communications and documentation will be in English.
 - b. Oracle will perform the Services remotely.
 - c. If You wish to receive additional services for Your property, You may do so by entering into a separate services order with Oracle for such services.
 - d. The following are not included in the Services and are considered out of scope:
 - i. Configuration, troubleshooting or training of third-party applications;
 - ii. Physical hardware installation;
 - iii. Network troubleshooting;
 - iv. Input of any data, branding, marketing materials, website design, or related information that is not included within the agreed upon project scope;
 - v. Customizations, enhancements, modifications, localizations, or interfaces of the Application; or
 - vi. Any other Services not expressly identified herein.

Oracle Hospitality Cloud Consulting Interface Configuration OPI Credit Card – JPAC Only

Part Number: B92972

Description of Services

Oracle will perform the following Services related to the installation and configuration of the applicable Oracle Hospitality Opera Cloud application listed in Your order (the "Application"):

1. Installation, Configuration and Testing of OPI CC Interface (Oracle Payment Interface)
 - a. Install the Oracle Payment Interface software to Your Application.
 - b. Configure the Oracle Payment Interface to connect to your Payment Service Provider.
 - c. Provide assistance to Your resources for user acceptance testing of the Application in Your production environment.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Complete and return the pre-installation workbook that will set forth Your Application configuration requirements to Oracle prior to commencement of Services.
 - b. Validate all required configuration data that will be loaded into Your production environment.
 - c. Provide Your point of contact to enable:
 - i. Remote access to perform any of the Services for the duration of the Services.
 - ii. Enable the appropriate network access and communications between the applicable servers and databases for Oracle to perform the Services.
 - iii. Provide user rights to access the cloud production environment(s) for the Services.
 - d. Maintain network connectivity between Your environment and any third-party applications and/or websites.
 - e. Limit Oracle's access to Your production environment to the extent necessary for Oracle to perform the Services.
 - f. Purchase Oracle Hospitality Opera Cloud Consulting Package services for Your property.
 - g. Upon completion of the Services, Oracle will provide You with written notice (e.g., a completion certificate). If You fail to provide written notice to Oracle that the Services provided do not conform to the description of Services set forth above within five (5) business days following the date of Oracle's written notice of completion (the "review period"), the Services shall be deemed completed at the end of the review period.
2. Project Assumptions
 - a. All communications and documentation will be in English.

- b. Oracle will perform the Services remotely.
- c. If You wish to receive additional services for Your property, You may do so by entering into a separate services order with Oracle for such services.
- d. The following are not included in the Services and are considered out of scope:
 - i. Configuration, troubleshooting or training of third-party applications;
 - ii. Physical hardware installation;
 - iii. Network troubleshooting;
 - iv. Input of any data, branding, marketing materials, website design, or related information that is not included within the agreed upon project scope;
 - v. Customizations, enhancements, modifications, localizations, or interfaces of the Application; or
 - vi. Any other Services not expressly identified herein.

Oracle Hospitality Cloud Consulting Interface Configuration OXI 2 OHDCS – JPAC Only

Part Number: B92973

Description of Services

Oracle will perform the following Services related to the installation and configuration of the applicable Oracle Hospitality Opera Cloud application listed in Your order (the “Application”):

1. Installation, Configuration and Testing of the Hospitality OXI to OHDCS
 - a. Install and configure one (1) OXI 2 OHDCS for Your Application.
 - b. Provide assistance to Your resources for user acceptance testing of the Application in Your production environment.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Complete and return the pre-installation workbook that will set forth Your Application configuration requirements to Oracle prior to commencement of Services.
 - b. Validate all required configuration data that will be loaded into Your production environment.
 - c. Provide Your point of contact to enable:
 - i. Remote access to perform any of the Services for the duration of the Services.
 - ii. Enable the appropriate network access and communications between the applicable servers and databases for Oracle to perform the Services.
 - iii. Provide user rights to access the cloud production environment(s) for the Services.
 - d. Maintain network connectivity between Your environment and any third-party applications and/or websites.
 - e. Limit Oracle’s access to Your production environment to the extent necessary for Oracle to perform the Services.
 - f. Purchase Oracle Hospitality Opera Cloud Consulting Package services for Your property.
 - g. Upon completion of the Services, Oracle will provide You with written notice (e.g., a completion certificate). If You fail to provide written notice to Oracle that the Services provided do not conform to the description of Services set forth above within five (5) business days following the date of Oracle’s written notice of completion (the “review period”), the Services shall be deemed completed at the end of the review period.
2. Project Assumptions
 - a. All communications and documentation will be in English.
 - b. Oracle will perform the Services remotely.
 - c. If You wish to receive additional services for Your property, You may do so by entering into a separate services order with Oracle for such services.
 - d. The following are not included in the Services and are considered out of scope:
 - i. Configuration, troubleshooting or training of third-party applications;

- ii. Physical hardware installation;
- iii. Network troubleshooting;
- iv. Input of any data, branding, marketing materials, website design, or related information that is not included within the agreed upon project scope;
- v. Customizations, enhancements, modifications, localizations, or interfaces of the Application; or
- vi. Any other Services not expressly identified herein.

Oracle Hospitality Cloud Consulting Interface Configuration OXI 2 Way – JPAC Only

Part Number: B92974

Description of Services

Oracle will perform the following Services related to the installation and configuration of the applicable Oracle Hospitality Opera Cloud application listed in Your order (the “Application”):

1. Installation, Configuration and Testing of the Hospitality OXI (“Opera Exchange Interface”)
 - a. Install and configure one (1) OXI 2-way for Your Application.
 - b. Provide assistance to Your resources for user acceptance testing of the Application in Your production environment.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Complete and return the pre-installation workbook that will set forth Your Application configuration requirements to Oracle prior to commencement of Services.
 - b. Validate all required configuration data that will be loaded into Your production environment.
 - c. Provide Your point of contact to enable:
 - i. Remote access to perform any of the Services for the duration of the Services.
 - ii. Enable the appropriate network access and communications between the applicable servers and databases for Oracle to perform the Services.
 - iii. Provide user rights to access the cloud production environment(s) for the Services.
 - d. Maintain network connectivity between Your environment and any third-party applications and/or websites.
 - e. Limit Oracle’s access to Your production environment to the extent necessary for Oracle to perform the Services.
 - f. Purchase Oracle Hospitality Opera Cloud Consulting Package services for the correct room count for Your property.
 - g. Upon completion of the Services, Oracle will provide You with written notice (e.g., a completion certificate). If You fail to provide written notice to Oracle that the Services provided do not conform to the description of Services set forth above within five (5) business days following the date of Oracle’s written notice of completion (the “review period”), the Services shall be deemed completed at the end of the review period.
2. Project Assumptions
 - a. All communications and documentation will be in English.
 - b. Oracle will perform the Services remotely.
 - c. Installation and configuration of Your OXI must be concurrent with implementation of Oracle Opera Cloud Services, and is not a standalone service offering.
 - d. If You wish to receive additional services for Your property, You may do so by entering into a separate services order with Oracle for such services.
 - e. The following are not included in the Services and are considered out of scope:
 - i. Configuration, troubleshooting or training of third-party applications;
 - ii. Physical hardware installation;
 - iii. Network troubleshooting;

- iv. Input of any data, branding, marketing materials, website design, or related information that is not included within the agreed upon project scope;
- v. Customizations, enhancements, modifications, localizations, or interfaces of the Application; or
- vi. Any other Services not expressly identified herein.

Oracle Hospitality Opera Cloud Consulting Package Up to Hundred Eighty (180) Room – JPAC Only

Part Number: B92975

Description of Services

Oracle will perform the following Services related to the installation and configuration of, and training related to, the applicable Oracle Hospitality Opera Cloud application listed in Your order (the “Application”) for up to one hundred-eighty (180) rooms:

1. Project Consultancy Services
 - a. Facilitate a project kick-off call with Your team to review project details, as follows:
 - i. Confirm the terms of Your Oracle Hospitality Opera Cloud order.
 - ii. Discuss estimated implementation dates; including Oracle Hospitality Opera Cloud go-live date.
 - iii. Discuss hardware prerequisites to support Your Oracle Hospitality Opera Cloud implementation.
 - b. Prepare project implementation schedule for Oracle resources.
 - c. Assign Oracle implementation resources.
 - d. Provide travel information for resources traveling to Your location.
 - e. Facilitate mutually agreed reoccurring project status calls to track progress.
 - f. Facilitate a project completion call and provide You with a completion certificate.
2. Installation and Configuration of the Hospitality Opera Cloud Application
 - a. Conduct a preliminary meeting or conference call with up to ten (10) members of Your team to:
 - i. Review of the preliminary pre-installation workbook that was completed by You prior to the commencement of Services;
 - b. Configure the Application features, modules, and standard functionality available in the preliminary pre-installation workbook; and
 - c. Configure up to three (3) Interfaces IFC 8; and
 - d. Configure one (1) OXI, HTNG or OEDS and
 - e. Configure stationaries from standard sets.
3. Training
 - a. Provide E-Learning for Opera Cloud access to Your training administrator; and
 - b. Provide sixteen (16) hours of training for your resources.

Testing and Production Assistance

- a. Provide assistance to Your resources for user acceptance testing of the Application in Your production environment;
- b. Test the interfaces to the Application based on the applicable configurations; and
- c. Provide post-production assistance (consequent day shifts), limited to up to sixteen (16) hours.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Complete and return the pre-installation workbook that will set forth Your Application configuration requirements to Oracle prior to commencement of Services.
 - b. Complete all prerequisite E-Learning prior to scheduled live training / Question & Answer session.
 - c. Validate all required configuration data that will be loaded into Your production environment.

- d. Provide Your point of contact to enable:
 - i. Remote access to perform any of the Services for the duration of the Services.
 - ii. Enable the appropriate network access and communications between the applicable servers and databases for Oracle to perform the Services.
 - iii. Provide user rights to access the cloud production environment(s) for the Services.
 - e. Maintain network connectivity between Your environment and any third-party applications and/or websites.
 - f. Limit Oracle's access to Your production environment to the extent necessary for Oracle to perform the Services.
 - g. Ensure that Your back office interface is Oracle-certified.
 - h. Upon completion of the Services, Oracle will provide You with written notice (e.g., a completion certificate). If You fail to provide written notice to Oracle that the Services provided do not conform to the description of Services set forth above within five (5) business days following the date of Oracle's written notice of completion (the "review period"), the Services shall be deemed completed at the end of the review period.
2. Project Assumptions
- a. All communications and documentation will be in English.
 - b. For Opera Stationaries Oracle will provide templates only, no full customizations.
 - c. If You wish to receive additional services for Your property, You may do so by entering into a separate services order with Oracle for such services.
 - d. The following are not included in the Services and are considered out of scope:
 - i. Configuration, troubleshooting or training of third-party applications;
 - ii. Physical hardware installation;
 - iii. Network troubleshooting;
 - iv. Input of any data, branding, marketing materials, website design, or related information that is not included within the agreed upon project scope;
 - v. Customizations, enhancements, modifications, localizations, or interfaces of the Application; or
 - vi. Any other Services not expressly identified herein.

Oracle Hospitality Opera Cloud Consulting Package Greater Hundred Eighty (180 Plus) Rooms – JPAC Only

Part Number: B92976

Description of Services

Oracle will perform the following Services related to the installation and configuration of, and training related to, the applicable Oracle Hospitality Opera Cloud application listed in Your order (the "Application") for greater than one hundred eighty (180 plus) rooms:

- 1. Project Consultancy Services
 - a. Facilitate a project kick-off call with Your team to review project details, as follows:
 - i. Confirm the terms of Your Oracle Hospitality Opera Cloud order.

 - c. Configure up to four (4) Interfaces IFC 8; and
 - d. Configure up to three (3) OXI/OEDS/HTNG; and
 - e. Configure stationaries from standard sets.
3. Training
 - a. Provide E-Learning for Opera Cloud access to Your training administrator; and
 - b. Provide twenty-hours (20) hours of training for your resources.
4. Testing and Production Assistance
 - a. Provide assistance to Your resources for user acceptance testing of the Application in Your production environment;
 - b. Test the interfaces to the Application based on the applicable configurations; and
 - c. Provide post-production assistance (consequent day shifts), limited to up to thirty-two (32) hours.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Complete and return the pre-installation workbook that will set forth Your Application configuration requirements to Oracle prior to commencement of Services.
 - b. Complete all prerequisite E-Learning prior to scheduled live training / Question & Answer session.
 - c. Validate all required configuration data that will be loaded into Your production environment.
 - d. Provide Your point of contact to enable:
 - i. Remote access to perform any of the Services for the duration of the Services.
 - ii. Enable the appropriate network access and communications between the applicable servers and databases for Oracle to perform the Services.
 - iii. Provide user rights to access the cloud production environment(s) for the Services.
 - e. Maintain network connectivity between Your environment and any third-party applications and/or websites.
 - f. Limit Oracle's access to Your production environment to the extent necessary for Oracle to perform the Services.
 - g. Ensure that Your back office interface is Oracle-certified.
 - h. Upon completion of the Services, Oracle will provide You with written notice (e.g., a completion certificate). If You fail to provide written notice to Oracle that the Services provided do not conform to the description of Services set forth above within five (5) business days following the date of Oracle's written notice of completion (the "review period"), the Services shall be deemed completed at the end of the review period.
2. Project Assumptions
 - a. All communications and documentation will be in English.
 - b. For Opera Stationaries Oracle will provide templates only, no full customizations.
 - c. If You wish to receive additional services for Your property, You may do so by entering into a separate services order with Oracle for such services.
 - d. The following are not included in the Services and are considered out of scope:
 - i. Configuration, troubleshooting or training of third-party applications;
 - ii. Physical hardware installation;
 - iii. Network troubleshooting;
 - iv. Input of any data, branding, marketing materials, website design, or related information that is not included within the agreed upon project scope;
 - v. Customizations, enhancements, modifications, localizations, or interfaces of the Application; or
 - vi. Any other Services not expressly identified herein.

Oracle Hospitality Integration Platform Cloud Premium Assistance – 2 Hour Workshop

Part Number: B93148

Description of Services

You have ordered up to two (2) hours of integration assistance related to Your Oracle Hospitality Opera Cloud service. Oracle will perform one of the following Services, as selected by You and not to exceed the stated two (2) hour limit:

1. Workshop Services
 - a. Facilitate a project kick-off call with Your primary point of contact to review integration workshop objective and identify desired areas of focus.
 - b. Assign Oracle workshop resources.
 - c. Prepare integration workshop content to address Your requested areas of focus.
 - d. Coordinate, schedule and participate in one (1) workshop presentation for up to two (2) hours.
 - e. Facilitate a project completion call and provide You with an integration workshop completion certificate.

2. On Request (Non-scheduled) Services to be consumed as assistance is required.
 - a. If desired, provide access to an Oracle staffed online messaging service (I.E. - Slack) with a channel dedicated to answering questions related to Opera Cloud integration; or
 - b. Open a channel of communication (E.g., Email, Zoom, Telephone) whereby You may raise questions related to OPERA Cloud Integration;
 - c. Answer questions as they are raised; and Oracle will log the time required for Oracle to provide such answer in the project log (with a minimum increment of fifteen (15) minutes) up to the two (2) hour service limit.
 - d. Facilitate a project completion call and provide You with an On Request Assistance completion certificate including a breakdown of entries in the project log.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Complete and return the pre-workshop workbook prior to commencement of Services if applicable.
 - b. Validate all required configuration data against Your specifications.
 - c. Designate a representative who will serve as Oracle's primary point of contact and have authority to make decisions with regard to Services. The primary contact will be responsible for identifying and scheduling Your participants in the workshop.
 - d. Maintain network connectivity between Your environment and any third-party applications and/or websites required for the workshop.
 - e. Upon completion of the Services, Oracle will provide You with written notice (e.g., a completion certificate). If You fail to provide written notice to Oracle that the Services provided do not conform to the description of Services set forth above within five (5) business days following the date of Oracle's written notice of completion (the "review period"), the Services shall be deemed completed at the end of the review period.
 - f. You understand and acknowledge that Oracle shall only provide the Services to You for up to the total hours specified in Your order and You must use the Services within three (3) months following the execution of such order. If You do not use the Services within the allotted time, Oracle's obligation to provide any remaining Services shall terminate with no further action required of either party and You shall not be entitled to a refund or any credit toward additional or other services. If You wish to order additional Services, contact Your Oracle sales representative or visit the Oracle Store.

2. Project Assumptions
 - a. All communications and documentation will be in English.

- b. Oracle will perform the Services remotely.
- c. If You wish to receive additional services You may do so by entering into a separate services order with Oracle for such services.
- d. The following are not included in the Services and are considered out of scope:
 - i. Configuration, troubleshooting or training of third-party applications;
 - ii. Physical hardware installation;
 - iii. Network troubleshooting;
 - iv. Troubleshooting, training or other assistance not pertaining to Oracle Hospitality Opera Cloud Service integration and/or otherwise provided by standard Oracle Cloud support;
 - v. Input of any data, branding, marketing materials, website design, or related information that is not included within the agreed upon project scope; or
 - vi. Any other Services not expressly identified herein.

Oracle Hospitality Integration Platform Cloud Premium Assistance – 4 Hour Workshop

Part Number: B93149

Description of Services

You have ordered up to four (4) hours of integration assistance related to Your Oracle Hospitality Opera Cloud service. Oracle will perform one of the following Services as selected by You and not to exceed the stated four (4) hour limit:

1. Workshop Services
 - a. Facilitate a project kick-off call with Your primary point of contact to review integration workshop objective and identify desired areas of focus.
 - b. Assign Oracle workshop resources.
 - c. Prepare integration workshop content to address Your requested areas of focus.
 - d. Coordinate, schedule and participate in workshop(s) as required for up to four (4) hours.
 - e. Facilitate a project completion call and provide You with an integration workshop completion certificate.
2. On Request (Non-scheduled) Services to be consumed as assistance is required.
 - a. If desired, provide access to an Oracle staffed online messaging service (I.E. - Slack) with a channel dedicated to answering questions related to Opera Cloud integration; or
 - b. Open a channel of communication (E.g., Email, Zoom, Telephone) whereby You may raise questions related to OPERA Cloud Integration
 - c. Answer questions as they are raised, and Oracle will log the time required for Oracle to provide such answer in the project log (with a minimum increment of fifteen (15) minutes) up to the four (4) hour service limit.
 - d. Facilitate a project completion call and provide You with an On Request Assistance completion certificate including a breakdown of entries in the project log.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Complete and return the pre-workshop workbook prior to commencement of Services if applicable.
 - b. Validate all required configuration data against Your specifications.
 - c. Designate a representative who will serve as Oracle's primary point of contact and have authority to make decisions with regard to Services. The primary contact will be responsible for identifying and scheduling Your participants in the workshop.
 - d. Maintain network connectivity between Your environment and any third-party applications and/or websites required for the workshop.
 - e. Upon completion of the Services, Oracle will provide You with written notice (e.g., a completion certificate). If You fail to provide written notice to Oracle that the Services provided do not conform to the description of Services set forth above within five (5) business days following the date of

Oracle's written notice of completion (the "review period"), the Services shall be deemed completed at the end of the review period.

- f. You understand and acknowledge that Oracle shall only provide the Services to You for up to the total hours specified in Your order and You must use the Services within three (3) months following the execution of such order. If You do not use the Services within the allotted time, Oracle's obligation to provide any remaining Services shall terminate with no further action required of either party. You shall not be entitled to a refund or any credit toward additional or other services. If You wish to order additional Services, contact Your Oracle sales representative or visit the Oracle Store.

2. Project Assumptions

- a. All communications and documentation will be in English.
- b. Oracle will perform the Services remotely.
- c. If You wish to receive additional services You may do so by entering into a separate services order with Oracle for such services.
- d. The following are not included in the Services and are considered out of scope:
 - i. Configuration, troubleshooting or training of third-party applications;
 - ii. Physical hardware installation;
 - iii. Network troubleshooting;
 - iv. Troubleshooting, training or other assistance not pertaining to Oracle Hospitality Opera Cloud Service integration and/or otherwise provided by standard Oracle Cloud support.
 - v. Input of any data, branding, marketing materials, website design, or related information that is not included within the agreed upon project scope; or
 - vi. Any other Services not expressly identified herein.

Oracle Hospitality Integration Platform Cloud Premium Assistance – 8 Hour Workshop

Part Number: B93150

Description of Services

You have ordered up to eight (8) hours of integration assistance related to Your Oracle Hospitality Opera Cloud service. Oracle will perform one of the following Services as selected by You and not to exceed the stated eight (8) hour limit:

1. Workshop Services

- a. Facilitate a project kick-off call with Your primary point of contact to review integration workshop objective and identify desired areas of focus.
- b. Assign Oracle workshop resources.
- c. Prepare integration workshop content to address Your requested areas of focus.
- d. Coordinate, schedule and participate in workshop(s) as required for up to eight (8) hours.
- e. Facilitate a project completion call and provide You with an integration workshop completion certificate.

2. On Request (Non-scheduled) Services to be consumed as assistance is required.

- a. If desired, provide access to an Oracle staffed online messaging service (I.E. - Slack) with a channel dedicated to answering questions related to Opera Cloud integration; or
- b. Open a channel of communication (E.g., Email, Zoom, Telephone) whereby You may raise questions related to OPERA Cloud Integration
- c. Answer questions as they are raised, and Oracle will log the time required for Oracle to provide such answer in the project log (with a minimum increment of fifteen (15) minutes) up to the eight (8) hour service limit.
- d. Facilitate a project completion call and provide You with an On Request Assistance completion certificate including a breakdown of entries in the project log.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:

- a. Complete and return the pre-workshop workbook prior to commencement of Services if applicable.
 - b. Validate all required configuration data against Your specifications.
 - c. Designate a representative who will serve as Oracle's primary point of contact and have authority to make decisions with regard to Services. The primary contact will be responsible for identifying and scheduling Your participants in the workshop.
 - d. Maintain network connectivity between Your environment and any third-party applications and/or websites required for the workshop.
 - e. Upon completion of the Services, Oracle will provide You with written notice (e.g., a completion certificate). If You fail to provide written notice to Oracle that the Services provided do not conform to the description of Services set forth above within five (5) business days following the date of Oracle's written notice of completion (the "review period"), the Services shall be deemed completed at the end of the review period.
 - f. You understand and acknowledge that Oracle shall only provide the Services to You for up to the total hours specified in Your order and You must use the Services within three (3) months following the execution of such order. If You do not use the Services within the allotted time, Oracle's obligation to provide any remaining Services shall terminate with no further action required of either party and You shall not be entitled to a refund or any credit toward additional or other services. If you wish to order additional Services, contact Your Oracle sales representative or visit the Oracle Store.
2. Project Assumptions
- a. All communications and documentation will be in English.
 - b. Oracle will perform the Services remotely.
 - c. If You wish to receive additional services You may do so by entering into a separate services order with Oracle for such services.
 - d. The following are not included in the Services and are considered out of scope:
 - i. Configuration, troubleshooting or training of third-party applications;
 - ii. Physical hardware installation;
 - iii. Network troubleshooting;
 - iv. Troubleshooting, training or other assistance not pertaining to Oracle Hospitality Opera Cloud Service integration and/or otherwise provided by standard Oracle Cloud support.
 - v. Input of any data, branding, marketing materials, website design, or related information that is not included within the agreed upon project scope; or
 - vi. Any other Services not expressly identified herein.

Oracle Hospitality Opera Cloud Consulting Package Up To fifty (50) rooms – LAD Only

Part Number: B93636

Description of Services

Oracle will perform the following Services related to the installation and configuration of, and training related to, the applicable Oracle Hospitality Opera Cloud application listed in Your order (the "Application") for up to fifty (50) rooms:

1. Project Consultancy Services
 - a. Facilitate a project kick-off call with Your team to review project details, as follows:
 - i. Confirm the terms of Your Oracle Hospitality Opera Cloud order.
 - ii. Discuss estimated implementation dates; including Oracle Hospitality Opera Cloud go-live date.
 - iii. Discuss hardware prerequisites to support Your Oracle Hospitality Opera Cloud implementation.
 - b. Prepare project implementation schedule for Oracle resources.
 - c. Assign Oracle implementation resources.
 - d. Facilitate mutually agreed reoccurring project status calls to track progress.
 - e. Facilitate a project completion call and provide You with a completion certificate.
2. Installation and Configuration of the Hospitality Opera Cloud Application
 - a. Conduct a preliminary meeting or conference call with up to ten (10) members of Your team to:

- i. Review of the preliminary pre-installation workbook that was completed by You prior to the commencement of Services;
 - b. Configure the Application features, modules, and standard functionality available in the preliminary pre-installation workbook;
 - c. Configure up to two (2) IFC 8 Interfaces;
 - d. Configure interface with POS up to two (2) Revenue Centers.
3. Training
 - a. Provide E-Learning for Opera Cloud access to Your training administrator;
 - b. Provide a single eight (8) hours Question & Answer session for your resources with pre-defined topics;
 - c. The session should not have more than 12 participants.
 - d. For Report and Analytics only E-Learning available.
 - e. Additional training can be quoted as needed.
4. Testing and Production Assistance
 - a. Provide assistance to Your resources for user acceptance testing of the Application in Your production environment;
 - b. Test the interfaces to the Application based on the applicable configurations;
 - c. Provide remote post-production assistance (consequent day/night shifts), limited to up to eight (8) hours during the day, eight (8) hours during the night from Monday to Friday.
 - d. Weekends and Holidays can be quoted additionally if needed.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Complete and return the pre-installation workbook that will set forth Your Application configuration requirements to Oracle prior to commencement of Services.
 - b. Complete all prerequisite E-Learning prior to scheduled live training / Question & Answer session.
 - c. Validate all required configuration data that will be loaded into Your production environment.
 - d. Provide Your point of contact to enable:
 - i. Remote access to perform any of the Services for the duration of the Services.
 - ii. Enable the appropriate network access and communications between the applicable servers and databases for Oracle to perform the Services.
 - iii. Provide user rights to access the cloud production environment(s) for the Services.
 - e. Maintain network connectivity between Your environment and any third-party applications and/or websites.
 - f. Limit Oracle's access to Your production environment to the extent necessary for Oracle to perform the Services.
 - g. Ensure that Your back office interface is Oracle-certified.
 - h. Upon completion of the Services, Oracle will provide You with written notice (e.g., a completion certificate). If You fail to provide written notice to Oracle that the Services provided do not conform to the description of Services set forth above within five (5) business days following the date of Oracle's written notice of completion (the "review period"), the Services shall be deemed completed at the end of the review period.
2. Project Assumptions
 - a. All communications and documentation will be in English.
 - b. Configurations of any Opera Exchange Interface (OXI), Oracle Electronic Distribution Suite (OEDS) or Hotel Technology Next Generation (HTNG) are out of scope.
 - c. Oracle will perform the Services remotely.
 - d. For Opera Stationaries Oracle will provide standard templates only, adding only LOGO and property information, without any additional customizations.
 - e. If You wish to receive additional services for Your property, You may do so by entering into a separate services order with Oracle for such services.

- f. Only Backoffice Universal is included in the implementation and Oracle will share the documentation with You, no additional training will be performed.
- g. The following are not included in the Services and are considered out of scope:
 - i. Configuration, troubleshooting, contact for schedule or training of third-party applications;
 - ii. Physical hardware installation;
 - iii. Network troubleshooting;
 - iv. Input of any data, branding, marketing materials, website design, or related information that is not included within the agreed upon project scope;
 - v. Customizations, enhancements, modifications, localizations, or interfaces of the Application;
 - vi. Fiscal interface configuration is out of scope and should be quoted as additional;
 - vii. Any other Services not expressly identified herein.

Oracle Hospitality Opera Cloud Consulting Package from Fifty One (51) to A Hundred (100) rooms – LAD Only

Part Number: B93637

Description of Services

 - d. Customization is limited to the existing configuration in your Oracle Hospitality applications.
 - e. Customization is limited to the Subject areas available in Oracle Hospitality Reporting and Analytics
 - f. The Customization is not entitled to standard Oracle product support from Oracle Support.
 - g. The Customization may not be compatible with different or future versions or upgrades of Oracle's Opera applications.
 - h. The Services will be performed either on-site and/or remotely.
 - i. If You wish to receive additional Services for Your property. You may do so by entering into a separate order for such Services.
 - j. The following are not part of these Services and are considered out of scope:
 - i. Configuration, troubleshooting or training of third-party applications;
 - ii. Physical hardware installation.
 - iii. Additional modification after completed of agreed services are subject to additional charges
 - iv. Customization in a Non-Production Environment is out of scope

Oracle Hospitality Hotel Cloud Remote Professional Services Implementation Assistance

Part Number: B96289

Description of Services

You have ordered Oracle Hospitality Hotel Remote Professional Services Implementation related to the installation, configuration, and/or testing of Your Oracle Hospitality product (the “Application”), as described below, which Services may include up to four hours of remote assistance for Your Hotel Application:

1. Installation, Configuration, and/or Testing of the Application and Application Interface
 - a. Conduct a discovery call to discuss the following:
 - i. The configuration of the applicable modules from Your Application and Application interface(s) which will be the subject of the Services to be installed and tested;
 - ii. The timing and scheduling of the Services;
 - iii. Identification and confirmation of the full Application version; and
 - iv. Review the steps for the Services set forth below.
 - b. Assist You to install a report or export to/from Your Application or third-party interface;
 - c. Assist You to install, configure, or modify the functionality of Your Application and/or Application interface(s) as identified in the discovery call (e.g., configuration of rooms, room types, rate codes, rates, transaction codes, market codes, etc.);
 - d. Assist You to enable and/or modify stationary or reports within Your Application (e.g., folio, registration card(s), accounts receivable statement(s), confirmation letter(s), etc.); and
 - e. Assist You with the testing of the applicable modules from Your Application and Application interface(s) to confirm operation and functionality as discussed during the discovery call.
 - i. If Your Application and Application interface(s) do not operate or function as discussed during the discovery call, Oracle will assist You to identify issues with Your Application and/or Application interface(s) and recommend steps to address the issues.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Download all necessary media before the commencement of services.
 - b. Complete all prerequisites as outlined in the discovery call.
 - c. Limit Oracle’s access to any production environments or shared development environments to the extent necessary for Oracle to perform Services.
 - d. Engage third-party vendors required for support or testing, as applicable.
 - e. If while performing Services Oracle requires access to other vendor’s products that are part of Your system, You will be responsible for acquiring all such products and the appropriate license rights necessary for Oracle to access such products on Your behalf.
 - f. Develop necessary end user documentation, including, but not limited to, specific business practices and data examples documentation, and organization/end-user specific policies and procedures.
 - g. Be responsible for addressing and resolving functional and/or compatibility issues, in Your environments, that are not expressly included in the Services to be performed by Oracle.
 - h. Perform all data entry.
1. Project Assumptions
 - a. Oracle resources may provide Services via phone, a customer-specific web portal (if ordered), and/or electronic communication.
 - b. All communication and documentation will be in English.
 - c. The Services above will be performed remotely during local business hours, Monday through Friday excluding holidays and weekends.
 - d. Any request for modification to the Services requires entering into a new order.
 - e. You acknowledge and agree that any delay or issue related to a third-party vendor may result in the delay of the commencement and/or completion of Services.
 - f. The Services provided above are limited to the Application version identified during the discovery call.
 - g. The following are not part of these Services and are considered out of scope:
 - i. Functionality outside of the Application and Application interface, such as the following:

1. Third-party applications and interfaces; and/or
2. Operating systems and hardware.
- ii. Development of a new application interface;
- iii. Configuration or training of third-party applications;
- iv. Physical hardware installation;
- v. Network configuration and troubleshooting;
- vi. Changes to workstations and PMS workflow; or
- vii. any other Services not expressly identified herein.

Unused Services

The Services above must be used within ninety (90) days from the date of Your order (“Professional Services Period”). Any Services not used within the Professional Services Period will be automatically forfeited by You, with no further action required of either party, and You will not be entitled to a refund, or any credit toward additional or other Services, for any unused portion of the fees paid for any unused Services. You may not use the fees for any Services other than the Services stated herein.

Oracle Hospitality Hotel Cloud Remote Property Management System Implementation Assistance

Part Number: B96290

Description of Services

You have ordered Oracle Hospitality Hotel Remote Property Management System (“PMS”) Implementation related to the installation, configuration, and/or testing of Your Oracle Hospitality product (the “Application”), as described below, which Services may include up to four hours of remote assistance for Your Hotel Application:

1. Software Installation, Configuration, and/or Testing of the Application and Application Interface
 - a. Conduct a discovery call to discuss the following:
 - i. The applicable modules from Your Application and Application interface(s) which will be the subject of the Services to be installed, configured, and tested;
 - ii. Review Your pre-installation requirements for the Application, as applicable;
 - iii. Discuss the timing and scheduling of the Services; and
 - iv. Review the steps for the Services set forth below.
 - b. Assist You in configuring Your users/roles with associated permissions;
 - c. Assist You to install, configure, or modify the standard functionality of Your Application and/or Application interface(s) as identified in the discovery call (e.g., configuration of rooms, room types, rate codes, rates, transaction codes, market codes, stationary forms, etc.);
 - d. Assist You to enable and/or modify the screen and features within the screen designer (e.g., changing layout of fields, adding conditions/fields, etc.); and
 - e. Assist You with the testing of the applicable modules from Your Application and Application interface(s) to confirm operation and functionality as discussed during the discovery call.
 - i. If Your Application and Application interface(s) do not operate or function as discussed during the discovery call, Oracle will assist You to identify issues with Your Application and/or Application interface(s) and recommend steps to address the issues.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Limit Oracle’s access to any production environments or shared development environments to the extent necessary for Oracle to perform Services.
 - b. If while performing Services Oracle requires access to other vendor’s products that are part of Your system, You will be responsible for acquiring all such products and the appropriate license rights necessary for Oracle to access such products on Your behalf.
 - c. Engage third-party vendors required for support or testing, as applicable.

- d. Develop necessary end user documentation, including, but not limited to, specific business practices and data examples documentation, and organization/end-user specific policies and procedures.
 - e. Be responsible for addressing and resolving functional and/or compatibility issues, in Your environments, that are not expressly included in the Services to be performed by Oracle.
 - f. Perform all data entry.
2. Project Assumptions
- a. Oracle resources may provide Services via phone, a customer-specific web portal (if ordered), and/or electronic communication.
 - b. All communication and documentation will be in English.
 - c. The Services above will be performed remotely during local business hours, Monday through Friday excluding holidays and weekends.
 - d. You acknowledge and agree that Your completion of the pre-installation guide is a pre-requisite for the performance of the Services; any delay in completion in the pre-installation guide will result in a delay of the commencement of Services.
 - e. Any request for modification to the Services requires entering into a new order.
 - f. You acknowledge and agree that any delay or issue related to a third-party vendor may result in the delay of the commencement and/or completion of Services.
 - g. The following are not part of these Services and are considered out of scope:
 - i. Functionality outside of the Application and Application interface, such as the following:
 - 1. Third-party applications and interfaces; and/or
 - 2. Operating systems and hardware.
 - ii. Development of a new application interface;
 - iii. Configuration or training of third-party applications;
 - iv. Physical hardware installation;
 - v. Network configuration and troubleshooting;
 - vi. Changes to workstations and PMS workflow; or
 - vii. any other Services not expressly identified herein.

Unused Services

The Services above must be used within ninety (90) days from the date of Your order (“Professional Services Period”). Any Services not used within the Professional Services Period will be automatically forfeited by You, with no further action required of either party, and You will not be entitled to a refund, or any credit toward additional or other Services, for any unused portion of the fees paid for any unused Services. You may not use the fees for any Services other than the Services stated herein.

Oracle Hospitality Hotel Cloud Remote Network Interface Technical Services Implementation Assistance

Part Number: B96291

Description of Services

You have ordered Oracle Hospitality Hotel Remote Network Interface Technical Services Implementation related to the installation, upgrade, configuration, and/or testing of Your Oracle Hospitality product (the “Application”), as described below, which Services may include up to four hours of remote assistance for Your Hotel Application:

1. Installation, Upgrade, Configuration, and/or Testing of the Application
 - a. Conduct a discovery call to discuss the following:
 - i. Review Your environment for current and/or proposed hardware versions required for Your Application;
 - ii. The timing and scheduling of the Services;
 - iii. Identify the current version (e.g. x.x.xx) and destination version (e.g. x.x.xx) of the Application;
 - iv. Review Your pre-installation and/or upgrade requirements for the Application, as applicable; and
 - v. Review the steps for the Services set forth below.

- b. Assist You in installing, configuring, and/or upgrading the Application on Your workstation(s), database server(s), application server(s), and/or interface PC(s);
 - c. Assist You in installing and/or configuring recommended patches for the Application (e.g. security update(s) and service pack(s));
 - d. Assist You to enable and/or modify the standard functionality of Your Application based upon Your requirements identified in the discovery call; and
 - e. Assist You with the testing of Your Application after the installation, upgrade, and/or configuration.
 - i. If the Application does not operate or function as discussed during the discovery call, Oracle will assist You to identify issues with the Application and recommend steps to address the issues.
2. Installation, Configuration, and/or Testing of Network Interfaces
- a. Conduct a discovery call to discuss the following:
 - i. Review Your environment for current and/or proposed hardware versions required for Your network interface;
 - ii. The timing and scheduling of the Services;
 - iii. Identify the current version (e.g. x.x.xx) and destination version (e.g. x.x.xx) of the network interface;
 - iv. Review Your pre-installation and/or upgrade requirements for the network interface, as applicable; and
 - v. Review the steps for the Services set forth below.
 - b. Assist You in installing, configuring, and/or upgrading the network interface on Your workstation(s), database server(s), application server(s), and/or interface PC(s);
 - c. Assist You to enable and/or modify the standard functionality of Your network interface based upon Your requirements identified in the discovery call; and
 - d. Assist You with the testing of Your Application and network interface after installation, upgrade, and/or configuration.
 - i. If the Application and network interface does not operate or function as discussed during the discovery call, Oracle will assist You to identify issues with the Application and/or network interface and recommend steps to address the issues.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Limit Oracle's access to any production environments or shared development environments to the extent necessary for Oracle to perform Services.
 - b. If while performing Services Oracle requires access to other vendor's products that are part of Your system, You will be responsible for acquiring all such products and the appropriate license rights necessary for Oracle to access such products on Your behalf.
 - c. Engage third-party vendors required for support or testing, as applicable.
 - d. Develop necessary end user documentation, including, but not limited to, specific business practices and data examples documentation, and organization/end-user specific policies and procedures.
 - e. Review and complete the pre-installation guide provided to you by Oracle.
 - f. Be responsible for addressing and resolving functional and/or compatibility issues, in Your environments, that are not expressly included in the Services to be performed by Oracle.
 - g. Perform all data entry.
2. Project Assumptions
 - a. Oracle resources may provide Services via phone, a customer-specific web portal (if ordered), and/or electronic communication.
 - b. All communication and documentation will be in English.
 - c. The Services above will be performed remotely during local business hours, Monday through Friday excluding holidays and weekends.

- d. You acknowledge and agree that Your completion of the pre-installation guide is a pre-requisite for the performance of the Services; any delay in completion in the pre-installation guide will result in a delay of the commencement of Services.
- e. Any request for modification to the Services requires entering into a new order.
- f. You acknowledge and agree that any delay or issue related to a third-party vendor may result in the delay of the commencement and/or completion of Services.
- g. The following are not part of these Services and are considered out of scope:
 - i. Functionality outside of the Application and Application interface, such as the following:
 - 1. Third-party applications and interfaces; and/or
 - 2. Operating systems and hardware.
 - ii. Development of a new application interface;
 - iii. Configuration or training of third-party applications;
 - iv. Physical hardware installation;
 - v. Network configuration and troubleshooting;
 - vi. Changes to workstations and Application workflow; or
 - vii. any other Services not expressly identified herein.

Unused Services

The Services above must be used within ninety (90) days from the date of Your order (“Professional Services Period”). Any Services not used within the Professional Services Period will be automatically forfeited by You, with no further action required of either party, and You will not be entitled to a refund, or any credit toward additional or other Services, for any unused portion of the fees paid for any unused Services. You may not use the fees for any Services other than the Services stated herein.

Oracle Hospitality Hotel Cloud Remote Consulting SME Assistance

Part Number: B96288

Description of Services

You have ordered Oracle Hospitality Hotel Cloud Remote Consulting SME Assistance related to the installation, upgrade, configuration, and/or testing of Your Oracle Hospitality product (the “Application”), as described below, which Services may include up to sixteen hours of remote assistance for Your Hotel Application:

1. Installation, Upgrade, Configuration, and/or Testing of the Application
 - a. Conduct a discovery call to discuss the following:
 - i. Review Your environment for current and/or proposed hardware versions required for Your Application;
 - ii. The timing and scheduling of the Services;
 - iii. Identify the current version (e.g. x.x.xx) and destination version (e.g. x.x.xx) of the Application;
 - iv. Review Your pre-installation and/or upgrade requirements for the Application, as applicable; and
 - v. Review the steps for the Services set forth below.
 - b. Assist You in installing, configuring, and/or upgrading the Application on Your workstation(s), database server(s), application server(s), and/or interface PC(s);
 - c. Assist You in installing and/or configuring recommended patches for the Application (e.g. security update(s) and service pack(s));
 - d. Assist You to enable and/or modify the standard functionality of Your Application based upon Your requirements identified in the discovery call; and
 - e. Assist You with the testing of Your Application after the installation, upgrade, and/or configuration.
 - i. If the Application does not operate or function as discussed during the discovery call, Oracle will assist You to identify issues with the Application and recommend steps to address the issues.
2. Installation, Configuration, and/or Testing of Network Interfaces
 - a. Conduct a discovery call to discuss the following:

- i. Review Your environment for current and/or proposed hardware versions required for Your network interface;
 - ii. The timing and scheduling of the Services;
 - iii. Identify the current version (e.g. x.x.xx) and destination version (e.g. x.x.xx) of the network interface;
 - iv. Review Your pre-installation and/or upgrade requirements for the network interface, as applicable; and
 - v. Review the steps for the Services set forth below.
- b. Assist You in installing, configuring, and/or upgrading the network interface on Your workstation(s), database server(s), application server(s), and/or interface PC(s);
 - c. Assist You to enable and/or modify the standard functionality of Your network interface based upon Your requirements identified in the discovery call; and
 - d. Assist You with the testing of Your Application and network interface after installation, upgrade, and/or configuration.
 - i. If the Application and network interface does not operate or function as discussed during the discovery call, Oracle will assist You to identify issues with the Application and/or network interface and recommend steps to address the issues.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Limit Oracle's access to any production environments or shared development environments to the extent necessary for Oracle to perform Services.
 - b. If while performing Services Oracle requires access to other vendor's products that are part of Your system, You will be responsible for acquiring all such products and the appropriate license rights necessary for Oracle to access such products on Your behalf.
 - c. Engage third-party vendors required for support or testing, as applicable.
 - d. Develop necessary end user documentation, including, but not limited to, specific business practices and data examples documentation, and organization/end-user specific policies and procedures.
 - e. Review and complete the pre-installation guide provided to you by Oracle.
 - f. Be responsible for addressing and resolving functional and/or compatibility issues, in Your environments, that are not expressly included in the Services to be performed by Oracle.
 - g. Perform all data entry.
2. Project Assumptions
 - a. Oracle resources may provide Services via phone, a customer-specific web portal (if ordered), and/or electronic communication.
 - b. All communication and documentation will be in English.
 - c. The Services above will be performed remotely during local business hours, Monday through Friday excluding holidays and weekends.
 - d. You acknowledge and agree that Your completion of the pre-installation guide is a pre-requisite for the performance of the Services; any delay in completion in the pre-installation guide will result in a delay of the commencement of Services.
 - e. Any request for modification to the Services requires entering into a new order.
 - f. You acknowledge and agree that any delay or issue related to a third-party vendor may result in the delay of the commencement and/or completion of Services.
 - g. The following are not part of these Services and are considered out of scope:
 - i. Functionality outside of the Application and Application interface, such as the following:
 1. Third-party applications and interfaces; and/or
 2. Operating systems and hardware.
 - ii. Development of a new application interface;
 - iii. Configuration or training of third-party applications;
 - iv. Physical hardware installation;
 - v. Network configuration and troubleshooting;

- vi. Changes to workstations and Application workflow; or
- vii. any other Services not expressly identified herein.

Unused Services

The Services above must be used within ninety (90) days from the date of Your order (“Professional Services Period”). Any Services not used within the Professional Services Period will be automatically forfeited by You, with no further action required of either party, and You will not be entitled to a refund, or any credit toward additional or other Services, for any unused portion of the fees paid for any unused Services. You may not use the fees for any Services other than the Services stated herein.

Oracle Hospitality Hotel Cloud Remote Configuration Data Import

Part Number: B96292

Description of Services

You have ordered Oracle Hospitality Hotel Cloud Remote Configuration Data Import Services related to the Oracle Hospitality OPERA Property Premium Cloud Service (“OPERA Cloud”) as described below, which Services may include up to three (3) person days of remote assistance for Your OPERA Cloud application:

1. Project Management and Data Import
 - a. Provide You with the following project management activities:
 - i. Facilitate a project kick-off call with Your team to review the project scope.
 - ii. Prepare project implementation schedule for Oracle resources.
 - iii. Create a property for You in the Oracle Hospitality Consulting Accelerator and provide You access to it.
 - iv. Provide a pre-installation workbook (“PIW”).
 - b. Import Your signed off configuration data for OPERA Cloud and OSEM to Your User Acceptance Testing (“UAT”) environment, for up to six (6) hours.
 - c. Import Your validated and signed off configuration data for OPERA Cloud and OSEM to Your production environment, for up to six (6) hours.
 - d. Import Your validated and signed off OPERA Exchange Interface (“OXI”) configuration data for up to five (5) different OXI Interfaces to Your production environment, for up to two (2) hours.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following additional obligations apply:
 - a. Provide access to Your test and production environments in order for Oracle to perform the Services described above in Section 1. Description of Services.
 - b. Review and correct any errors in the configuration data in the UAT environment prior to signing off the configuration data for production import.
2. Project Assumptions.
 - a. A person day is defined as one (1) resource working for up to eight (8) hours.
 - b. Oracle will perform all Services remotely.
 - c. All written documentation and communication will be in United States (“US”) English.
 - d. Oracle will use its standard documentation formats for all documentation.
 - e. You and Oracle each agree to designate a project manager who shall work together to facilitate an efficient delivery of the Services.

Unused Services

The Services above must be used within ninety (90) days from the date of Your order (“Professional Services Period”). Any Services not used within the Professional Services Period will be automatically forfeited by You, with no further action required of either party and You will not be entitled to a refund or any credit toward additional or other Services for any unused portion of the fees paid for any unused Services. You may not use the fees for any Services other than the Services stated herein.

Oracle Hospitality OPERA Cloud Service Single Environment Federation Assistance

Part Number: B96489

Description of Services

You have ordered Oracle Hospitality OPERA Cloud Service Single Environment Federation Assistance related to Oracle Hospitality Opera Cloud Service (“OPERA”). Oracle will perform the following Services in one (1) OPERA Environment:

1. Configuration and Assistance

- a. Schedule one (1) kick-off call with You to review the requirements in the SSO Documentation (defined below);
- b. Provide to You a document describing the requirements for integrating Your existing identity provider (“IDP”) application with the OPERA shared security domain (“SSD”) (collectively, the “SSO Documentation”);
- c. Provide guidance and address questions related to Your use of the SSO Documentation;
- d. Assist You with defining Your configuration data;
- e. Review the security assertion markup language (“SAML”) responses provided by You during Your testing;
- f. Prepare Oracle change requests required to update OPERA and SSD environment configuration;
- g. Coordinate the timing of the SSO integration go live with You and Oracle;
- h. Provide up to four (4) hours of go-live assistance related to the SSO integration.
- i. Facilitate an SSO integration completion call and provide You with an SSO integration completion certificate.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:

- a. Perform and provide all necessary test scripts (or use cases) for user acceptance testing (“UAT”).
- b. Obtain any necessary licenses related to third-party applications prior to the commencement of services.
- c. License and configure any third-party identity management applications (“Identity Provider Applications”) as specified in the SSO Documentation.
- d. Configure OPERA user roles as specified in the SSO Documentation.

2. Project Assumptions

- a. All communications and documentation will be in English.
- b. An “Environment” shall be defined as a production or non-production OPERA service accessible through a unique OPERA application service uniform resource locator (“URL”) provided by Oracle.
- c. Oracle will perform the Services remotely.
- d. The Services will be performed during normal business hours 9:00 am to 5:00 pm local time Monday through Friday (excluding holidays), except as otherwise mutually agreed.
- e. Oracle’s standard documentation format will be used for any documentation prepared and / or delivered during the performance of Services.
- f. Oracle Consulting will log internal change requests for Your OPERA and SSD environments but is not responsible for approval of these change requests by other Oracle teams.
- g. Documentation related to OPERA can be found in the Oracle Hospitality section of the Industry Specific Applications list on docs.oracle.com.
- h. Documentation related to SSD can be found in document # 2329730.1 at support.oracle.com.

- i. Upon completion of the Services, Oracle will provide You with written notice (e.g., a completion certificate). If You fail to provide written notice to Oracle that the Services provided do not conform to the description of Services set forth above within five (5) business days following the date of Oracle's written notice of completion (the "review period"), the Services shall be deemed completed at the end of the review period.

Unused Services

The Services above must be used within one hundred and eighty (180) days from the date of your order ("Professional Services Period"). Any Services not used within the Professional Services Period will be automatically forfeited by You with no further action required of either party and You will not be entitled to a refund or any credit toward additional or other services for any unused portion of the fees paid for any unused Services. You may not use the fees for any services other than the Services stated herein.

Oracle Hospitality Nor1 Revenue Performance Cloud Consulting Services – Per Hour

Part Number: B96925

Description of Services

You have ordered the quantity of hours identified in your order for Oracle Hospitality Nor1 Revenue Performance Cloud Consulting Services ("Total Hours") related to Your Nor1 Cloud deployment(s), which Services may include assistance with any of the following:

1. Consulting Services
 - a. Provide the following general project management assistance:
 - i. Designate an Oracle point of contact for communications related to the project planning (the "Oracle project manager");
 - ii. Oversee the Oracle project plan and communication plan;
 - iii. Oversee Oracle resource allocation and scheduling;
 - iv. Coordinate project activities with Your project manager;
 - v. Schedule, coordinate, and participate in project status meetings;
 - vi. Work with You to document and agree upon the workshop plan for any on-site or remote workshops; and
 - vii. Project issue handling, and escalation processes and contacts.
 - b. If performed onsite, a physical walk-through of Your hotel facilities with You to review Your hotel facilities and amenities.
 - c. Provide training workshops for up to twelve (12) of your staff per workshop based upon the mutually agreed upon workshop plan:
 - i. Program Manager Workshop
 - ii. Front Office Agent Workshop
 - iii. Additional Workshops in Nor1 Merchandising as agreed
 - d. Review Your Check-In Merchandising configuration with You and assist with configuration changes as mutually agreed upon.
 - e. Assist Your staff with usage of the Check-In Merchandising utility, as required.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Designate a representative who will serve as Oracle's primary point of contact and have authority to make decisions regarding Services. The primary contact will be responsible for identifying and scheduling Your participants in any applicable workshop(s).
 - b. Perform user acceptance testing ("UAT") and provide all necessary test scripts (or use cases).

- c. Obtain any necessary licenses related to third-party applications prior to the commencement of Services.
 - d. Upon completion of the Services, Oracle will provide You with written notice (e.g., a completion certificate). If You fail to provide written notice to Oracle that the Services provided do not conform to the description of Services set forth above within five (5) business days following the date of Oracle's written notice of completion (the "review period"), the Services shall be deemed completed at the end of the review period.
2. Project Assumptions
- a. All communications and documentation will be in English.
 - b. The Services will be performed either by onsite delivery resources or remotely.
 - c. If You wish to receive additional Services, You may do so by entering into a separate services order with Oracle for such services.
 - d. The Services will be performed during normal business hours 9:00 am to 5:00 pm local time Monday through Friday (excluding holidays), except as otherwise mutually agreed upon.
 - e. Oracle will use its standard documentation format for any documentation prepared and / or delivered during the performance of Services.
 - f. Standard features and/or functionalities are features and/or functionalities described on the Hospitality section of docs.oracle.com.
 - g. All Services listed above may not be performed for every order.
 - h. Oracle's performance of Services listed above in the Description of Services is limited to the quantity of hours identified in Your order and any additional Services effort in excess of such quantity shall require an additional order.

Oracle Hospitality OPERA Cloud Remote Workshop Annual Services – Basic

Part Number: B96974

Description of Services

You have ordered Oracle Hospitality OPERA Cloud Remote Workshop Annual Services related to Oracle Hospitality Opera Cloud Service ("OPERA") and/or Oracle Hospitality OPERA Reporting and Analytics Cloud Service ("R&A"). Oracle will provide you with the following:

- 1. Workshop and Access
 - a. Facilitate a kick-off call with Your primary point of contact to review the workshop order and the scheduling portal.
 - b. Provide Your primary point of contact with access to the scheduling portal.
 - c. Provide You with up to thirty-two (32) OPERA and/or R&A remote training workshops.
 - d. Provide You access to the scheduling portal for three hundred sixty-five (365) days starting from the date of Your order.

Your Cooperation and Project Assumptions

- 1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Designate a point of contact who shall maintain Your access to the Oracle scheduling portal for signing up for workshops.
 - b. Restrict workshop access to resources within Your organization.
 - c. Schedule Your staff based on the date(s) and time(s) available on the scheduling portal calendar.
 - d. Maintain a current subscription during the Professional Services Period for the OPERA Cloud Service and/or R&A Cloud Service.
- 2. Project Assumptions

- a. Information about each workshop including date, time, duration, workshop topic, and language will be available on the scheduling portal provided by Oracle.
- b. The workshops are not dedicated, and You will be attending with other Oracle customers who have signed up for the same scheduled workshop.
- c. Any workshop scheduled by You that You do not cancel at least twenty-four (24) hours prior to the scheduled time will be counted against Your workshop credits.
- d. Oracle will perform the Services remotely.
- e. Oracle's standard documentation format will be used for any documentation prepared and/or delivered during the performance of Services.
- f. The Services will be delivered during normal business hours 8:00 am to 5:00 pm US Eastern Time Monday through Friday, excluding holidays.
- g. All workshops will be delivered in English.

Unused Services

The Services above must be used within three hundred sixty-five (365) days from the date of Your order ("Professional Services Period"). Any Services not used within the Professional Services Period will be automatically forfeited by You, with no further action required of either party, and You will not be entitled to a refund, or any credit toward additional or other Services, for any unused portion of the fees paid for any unused Services. You may not use the fees for any Services other than the Services stated herein.

Oracle Hospitality OPERA Cloud Remote Workshop Annual Services – Standard

Part Number: B96975

Description of Services

You have ordered Oracle Hospitality OPERA Cloud Remote Workshop Annual Services related to Oracle Hospitality Opera Cloud Service ("OPERA"), OPERA Sales and Event Management ("OSEM") and/or Oracle Hospitality OPERA Reporting and Analytics Cloud Service ("R&A"). Oracle will provide you with the following:

1. Workshop and Access
 - a. Facilitate a kick-off call with Your primary point of contact to review the workshop order and the scheduling portal.
 - b. Provide Your primary point of contact with access to the scheduling portal.
 - c. Provide You with up to thirty-eight (38) OPERA, OSEM and/or R&A remote training workshops.
 - d. Provide You access to the scheduling portal for three hundred sixty-five (365) days starting from the date of Your order.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Designate a point of contact who shall maintain Your access to the Oracle scheduling portal for signing up for workshops.
 - b. Restrict workshop access to resources within Your organization.
 - c. Schedule Your staff based on the date(s) and time(s) available on the scheduling portal calendar.
 - d. Maintain a current subscription during the Professional Services Period for the OPERA Cloud Service, OSEM Cloud Service and/or R&A Cloud Service.
2. Project Assumptions
 - a. Information about each workshop including date, time, duration, workshop topic, and language will be available on the scheduling portal provided by Oracle.
 - b. The workshops are not dedicated, and You will be attending with other Oracle customers who have signed up for the same scheduled workshop.

- c. Any workshop scheduled by You that You do not cancel at least twenty-four (24) hours prior to the scheduled time will be counted against Your workshop credits.
- d. Oracle will perform the Services remotely.
- e. Oracle's standard documentation format will be used for any documentation prepared and/or delivered during the performance of Services.
- f. The Services will be delivered during normal business hours 8:00 am to 5:00 pm US Eastern Time Monday through Friday, excluding holidays.
- g. All workshops will be delivered in English.

Unused Services

The Services above must be used within three hundred sixty-five (365) days from the date of Your order ("Professional Services Period"). Any Services not used within the Professional Services Period will be automatically forfeited by You, with no further action required of either party, and You will not be entitled to a refund, or any credit toward additional or other Services, for any unused portion of the fees paid for any unused Services. You may not use the fees for any Services other than the Services stated herein.

Oracle Hospitality Opera Cloud Installation for Accor Budget Hotels

Part Number: B98947

Description of Services

Oracle will perform the following Services related to the installation, configuration, and training of Oracle Hospitality OPERA Cloud Service, Property Management Enterprise Foundation with Elite Plus Support ("OPERA Cloud") at Your Accor branded hotel.

1. Project Consultancy Services
 - a. Facilitate a project kick-off call with Your team to review project details, as follows:
 - i. Confirm the terms of Your OPERA Cloud order.
 - ii. Discuss estimated implementation dates, including the OPERA Cloud go-live date.
 - iii. Discuss hardware prerequisites to support Your OPERA Cloud implementation.
 - b. Prepare project implementation schedule for Oracle resources.
 - c. Assign Oracle implementation resources.
 - d. Facilitate mutually agreed reoccurring project status calls to track progress.
 - e. Facilitate a project completion call and provide You with a completion certificate.
2. Installation and Configuration of OPERA Cloud.
 - a. Conduct up to two (2) preliminary meetings or conference calls with up to ten (10) members of Your team to:
 - i. Review the process for collecting Your OPERA Cloud configuration data (the "OPERA Configuration Data") in Oracle's online configuration portal.
 - ii. Review the OPERA Configuration Data with You prior to importing into OPERA Cloud.
 - b. Configure the OPERA Cloud features, modules, and standard functionality by importing the OPERA Configuration Data from Oracle's online configuration portal, which includes configuring rooms, room types, rate codes, rates, transaction codes, and market codes;
 - c. Assist You with creating users /granting permissions.
 - d. Configure stationery, including confirmation letter, folio, and registration card for up to three (3) hours.
 - e. Configure the following interfaces for OPERA Cloud:
 - i. Up to three (3) property interfaces.
 - ii. Up to two (2) OXI (OPERA Exchange Interface).

- iii. Up to one (1) OPI (OPERA Payment Interface).
3. Training
 - a. Provide OPERA Cloud digital learning access to Your training administrator.
 - b. Provide up to twenty-eight (28) hours of remote live OPERA Cloud training sessions. Each training session may be up to four (4) hours in duration and may be attended by up to twelve (12) of Your end users. The training is conducted by module (e.g., Reservations, Rate Management, Profiles, Front Desk, Cashiering etc.).
 4. Testing and Production Assistance
 - a. Test and validate software configuration, review configuration reports, stationery forms, and screen flow in Your OPERA Cloud production environment based on the applicable OPERA Configuration Data provided by You.
 - b. Provide assistance to Your resources for user acceptance testing of OPERA Cloud in Your production environment.
 - c. Test the interfaces to OPERA Cloud based on the applicable configurations.
 - d. Provide cutover and post-production assistance for up to twenty-four (24) hours.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Designate a project consultant who shall work together with Oracle's project consultant to facilitate an efficient delivery of the Services, including assigning, scheduling, and managing Your resources.
 - b. Provide the applicable OPERA Configuration Data.
 - c. Complete pre-requisite tasks provided by Oracle in preparation for the installation, including but not limited to hardware (example: Interface PC, OXI PC) placement and connection to the network according to the specifications outlined in the Oracle Hospitality PMS hardware sizing guide.
 - d. Provide Oracle access to Your Hotel applications required for the performance of Services.
 - e. Schedule Your staff to attend required Oracle Hospitality PMS training sessions.
 - f. Complete required digital learning before attending the instructor led training sessions.
 - g. Reproduce copies of training materials solely for Your end users.
 - h. Train staff who have not attended Oracle Hospitality PMS application training.
 - i. Perform all data entry.
 - j. Verify that interfaces are functional.
2. Project Assumptions
 - a. All communications and documentation will be in the mutually agreed upon language.
 - b. The Services are designed to go-live in the hosted cloud environment at one time. Multiple or staged go-lives are not included in the Services.
 - c. Oracle's live support coverage hours will align to project scoping identified in Your order.
 - d. Consulting assistance is only provided to Your staff that has completed the required Oracle Hospitality PMS training sessions.
 - e. Training will be provided on consecutive days during mutually agreeable times and excluding holidays, unless the parties agree otherwise.
 - f. Recording or reproduction of the training is not allowed.
 - g. The Services above will be performed remotely and do not include physical hardware installation, networking, or any other Services not expressly identified herein.
 - h. Development of new reports is not included in the Services.
 - i. Development of forms will be limited to local language plus one mutually agreed upon language.
 - j. Development of a new application interface is not included in the Services.
 - k. Data migration from an external hotel management system is not included in the Services.
 - l. Configuration or training of third-party applications is not included in the Services.

- m. Delays caused by either You or Your third-party vendors may result in additional charges.
- n. Oracle will deliver Services during Standard Business Hours.
 - i. “Standard Business Hours” between 8:00 am and 5:00 pm Monday through Friday in the time zone of Your site and/or location where the Services are to be performed, excluding Holiday Hours. Standard Business Hours will be conformant to applicable local labor laws but will not exceed 8 hours of labor per day commencing after 8:00 am in such applicable time zone and/or location.
 - ii. “Extended Business Hours” between 5:01 pm Monday and 8:00 am Saturday in the time zone of Your site and/or location where the Services are to be performed, excluding Holiday Hours.
 - iii. “Weekend Hours” beginning on Saturday 8:01 am in the time zone of Your site and/or location where the Services are to be performed and ending on Monday at 7:59 am, excluding Holiday Hours.
 - iv. “Holiday Hours” between 12:00 am and 11:59 pm on any public holiday (as authorized by applicable law) in the time zone of Your site and/or location where the Services are to be performed.

Unused Services

The Services must be used within twelve (12) months from the date of your order (“Professional Services Period”). Any Services not used within the Professional Services Period will be automatically forfeited by you with no further action required of either party and you will not be entitled to a refund or any credit toward additional or other services for any unused portion of the fees paid for any unused Services. You may not use the fees for any services other than the Services stated herein.

Oracle Hospitality OPERA Cloud Archive Service – Per Hour

Part Number: B109505

Description of Services

You have ordered the quantity of hours identified in Your order for the Oracle Hospitality OPERA Cloud Archive Service (“Total Hours”) related to Your Oracle Hospitality Hotel Property Management System (“PMS”) deployment(s), which Services may include assistance with any of the following:

1. Software Configuration
 - a. Assist You with the installation and execution of the OPERA Cloud Archive solution in Your OPERA 5 environment to extract Folio data, to be uploaded into the OPERA Cloud environment.
 - b. Assist You with the installation and execution of the OPERA Cloud Archive solution in Your OPERA 5 environment to extract predefined reports, to be uploaded into the OPERA Cloud environment.
2. Software Application Training
 - a. Conduct a training session for each module on how to access the archived folios and reports.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies if required:
 - a. Provide Oracle access to Your applicable applications required for the performance of Services.
 - b. Provide Oracle a password for the OPERA 5 on premise schema in order to execute the extraction.
 - c. Provide Oracle sufficient disk space (external USB Drive maybe required) to perform the extraction of Folios and end-of-day (EOD) reports for OPERA 5 on premise.
 - d. Provide an internet connection to Your OPERA 5 on premise application server to upload the Folios and EOD reports into the OPERA Cloud Environment.
2. Project Assumptions

- a. All communications and documentation will be in a mutually agreed upon language.
- b. Your OPERA 5 property is accessible and in working condition.
- c. Extraction of reports other than those included in the OPERA Cloud Archive solution are not part of the Services.
- d. The archiving initiative will provide You with the archive materials in a PDF format, with the understanding that You are contracted to transition to OPERA Cloud.
- e. Development of new reports is not included in the Services.
- f. Development of a new application interface is not included in the Services.
- g. Data migration from an external hotel management system is not included in the Services.
- h. Configuration or training of third party applications is not included in the Services.
- i. The Services will be delivered remotely and do not include physical hardware installation.
- j. Project management is not included in the Services.

Oracle Hospitality OPERA Cloud Workshops - Individual Workshop

Part Number: B110403

Description of Services

You have ordered Oracle Hospitality OPERA Cloud Remote Workshops – Individual Workshop related to Oracle Hospitality OPERA Cloud Service (“OPERA”), OPERA Sales and Event Management (“OSEM”), and/or Oracle Hospitality OPERA Reporting and Analytics Cloud Service (“R&A”). Oracle will provide You with the following:

1. Workshop and Access
 - a. Facilitate a kick-off call with Your primary point of contact to review the workshop order and the scheduling portal.
 - b. Provide Your primary point of contact with access to the scheduling portal.
 - c. Provide You with up to one (1) OPERA or OSEM or R&A remote training workshops.
 - d. Provide You with access to the scheduling portal for ninety (90) days starting from the date of Your order.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a. Designate a point of contact who shall maintain Your access to the Oracle scheduling portal to sign up for workshops.
 - b. Restrict workshop access to resources within Your organization.
 - c. Schedule Your staff based on the date(s) and time(s) available on the scheduling portal calendar.
2. Project Assumptions
 - a. Information about each workshop, including date, time, duration, workshop topic, and language, will be available on the scheduling portal provided by Oracle.
 - b. The workshops are not dedicated, and You will be attending with other Oracle customers who have signed up for the same scheduled workshop.
 - c. Class size cannot exceed twelve (12) registrants.
 - d. Any workshop scheduled by You that You do not cancel at least forty-eight (48) hours prior to the scheduled time will be counted against Your workshop credits.
 - e. Oracle will perform the Services remotely.
 - f. Oracle’s standard documentation format will be used for any documentation prepared and/or delivered during the performance of Services.
 - g. The Services will be delivered during normal business hours 8:00 a.m. to 5:00 p.m. US Eastern Time, Monday through Friday, excluding holidays.

- h. All workshops will be delivered in English.

Unused Services

The Services above must be used within ninety (90) days from the date of Your order (“Professional Services Period”). Any Services not used within the Professional Services Period will be automatically forfeited by You, with no further action required of either party, You will not be entitled to a refund or any credit toward additional or other Services for any unused portion of the fees paid for any unused Services. You may not use the fees for any Services other than the Services stated herein.

Oracle Hospitality OPERA Cloud Central Implementation and Configuration Cloud Service – Per Hour

Part Number: B110405

Description of Services

You have ordered the quantity of hours identified in Your order of Oracle Hospitality OPERA Cloud Central Implementation and Configuration Cloud Services (“Total Hours”) related to Your OPERA Cloud Central deployment(s), which Services may include assistance with any of the following:

1. Software Configuration
 - a) Facilitate a project kick-off call with Your team to review and confirm the project scope or facilitate a discovery call if You are already using an OPERA Reservations System (ORS) / OPERA Customer Information System (OCIS).
 - b) Assist You with OPERA Cloud Central configuration.
 - c) For Your OPERA Cloud or OPERA 5 PMS properties interfacing with OPERA Cloud Central:
 - i. Assist You with configuration of the Cloud Hub Adapter Integration.
 - ii. Assist You with connection of the OPERA Cloud OXI and / or OPERA 5 properties OXI Interface to Cloud Hub Adapter Integration for the number of hours purchased for the total amount of all properties to be connected (up to 4 hours per property).
2. Software Application Training
 - a) Conduct one (1) training session for each Opera Cloud Central module (including but not limited to “Reservation Sales Screen, Central Sales”), for up to two (2) hours in duration which may be attended by up to twelve (12) of Your resources.
 - b) Conduct one (1) training session for Cloud Hub Adapter Integration and OXI system maintenance training including OPERA Scheduler for up to four (4) hours in duration which may be attended by up to twelve (12) of Your resources, if required.

Your Cooperation and Project Assumptions

1. Your Cooperation. Subject to the terms in the Policies, the following obligations apply in addition to those in the Policies:
 - a) Provide Oracle access to Your Oracle Hospitality applications required for the performance of Services.
 - b) Complete the Oracle Hospitality Consulting Accelerator PMS Configuration entry prior to the commencement of Services.
 - c) Complete Oracle’s required digital learning before attending the instructor led training sessions.
 - d) Schedule Your staff to attend required Oracle Hospitality training sessions.
 - e) Perform all applicable data entry.
2. Project Assumptions
 - a) All communications and documentation will be in a mutually agreed upon language.

- b) The Services are designed to go-live in the hosted Oracle Hospitality cloud environment simultaneously. Multiple or staged go-lives are not included in the Services.
- c) Oracle provides training for Oracle Hospitality OPERA Cloud Central products only.
- d) Development of new reports is not included in the Services.
- e) Development of a new application interface is not included in the Services.
- f) Data migration from an external hotel management system is not included in the Services.
- g) Configuration or training of third-party applications is not included in the Services.
- h) Oracle will perform the Services either by onsite delivery resources or remotely and the Services do not include physical hardware installation.
- i) Project management is not included in the Services.
- j) Oracle may deliver Services during the following work shifts as specified in Your order.
 - i. “Standard Business Hours” between 8:00 am and 5:00 pm Monday through Friday in the time zone of Your site and/or location where the Services are to be performed, excluding Holiday Hours. Standard Business Hours will be conformant to applicable local labor laws, but will not exceed 8 hours of labor per day commencing after 8:00 am in such applicable time zone and/or location.
 - ii. “Extended Business Hours” between 5:01 pm Monday and 8:00 am Saturday in the time zone of Your site and/or location where the Services are to be performed, excluding Holiday Hours.
 - iii. “Weekend Hours” beginning on Saturday 8:01 am in the time zone of Your site and/or location where the Services are to be performed and ending on Monday at 7:59 am, excluding Holiday Hours.
 - iv. “Holiday Hours” between 12:00 am and 11:59 pm on any public holiday (as authorized by applicable law) in the time zone of Your site and/or location where the Services are to be performed.
