

I. Basic Version

Device groups	Short Description
Disk-Group I	Oracle Drive Enclosure DE-x (P/C/SSD)
Tape – Group I	LTO x tape drive, library mount T1000x tape drive, library mount
Tape – Group II	LTO x tape drive, rack mount LTO x competitive drive conversion, library mount T1000x tape drive, rack mount
Switch – Group I	Oracle Fabric Interconnect – module Brocade Director – blade
Rack	Sun Rack 1242/ 1042/ 42U
Upgrade - Group I to Group IV	Component upgrades or additions to existing installed systems
Upgrade – Group VI	Engineered System rack upgrade (SuperCluster)
Upgrade – Group VII	Engineered System re-rack (Exalogic)
Upgrade – Group VIII	Engineered System rack upgrade (Exadata, Exalogic, BDA)
Upgrade – Group IX	Engineered System re-rack (Exadata, BDA)

II. Without Site Audit Version

Device groups	Short Description
Servers - Group I	Oracle Key Management Appliance, non-HA Netra Server X-Series Netra SPARC T-Series
Disk- Group II	Oracle ZFS Storage Appliance non-HA controller Oracle Flash Storage System rack ready : pilot, controller
Disk- Group III	Oracle ZFS Storage Appliance HA controller
Tape – Group III	StorageTek SL150 Tape Library
Tape - Group IV	StorageTek Virtual Storage Manager (VSM) System StorageTek Virtual Library Extension (VLE) System
Switches - Group II	Oracle Switch ES-Series Sun Network 10GbE Switch 72p Oracle Fabric Interconnect F1-Series Brocade 300, 6505,7800
Switches - Group III	Sun Data Center InfiniBand Switch 36 Brocade 6510
Switches - Group IV	Brocade 6520, DCX8510 Director

III. With Site Audit Version

Device Groups	Short Description
Servers - Group II	SPARC T-Series, 2 socket Oracle Server X-Series 2, 4 socket Fujitsu M1x - series Netra SPARC T-Series Netra Server X-Series Oracle MaxRep Replication Engine Oracle Advanced Support Gateway X-Series
Servers – Group III	SPARC T-Series, 8 socket Oracle Server X-Series, 8 socket Oracle SuperCluster T-Series
Servers - Group IV	SPARC M-Series
Disk – Group IV	Oracle ZFS Storage Appliance Racked System Oracle ZFS Backup Appliance Racked System Oracle Flash Storage System Racked System
Tape - Group V	StorageTek Tape Library SL3000

Oracle Advanced Customer Support
 Oracle Standard System Installation - Exhibit Reference List
 March 23, 2017

Tape - Group VI	StorageTek Tape Library SL8500
Eng Systems – Group I	Oracle Database Appliance X-Series, non-HA Oracle Exalytics In-Memory Machine X-Series, 4 socket
Eng Systems – Group II	Oracle Exadata Database Machine X-Series, 2 and 8 socket Oracle Exadata Database Machine SL-Series Oracle SuperCluster M-Series Oracle Big Data Appliance X-Series Oracle Database Appliance X-Series, HA Oracle Exadata Storage Expansion Rack X-Series Oracle Private Cloud Appliance X-Series Oracle Exalytics In-Memory Machine X-Series, 8 socket MiniCluster S-Series
Eng Systems – Group III	Oracle Exalogic Elastic Cloud X-Series no OVM
Eng Systems – Group V	Oracle Exalogic Elastic Cloud X-Series with OVM
