#### Go to Market Strategy

Our mission is to help people see data in new ways, discover insights, unlock endless possibilities. The Company is aiming for further business growth by supporting our customers' cloud migration of their core systems and active data utilization with deepen customer-trust, which is based on "Be a TRUSTED TECHNOLOGY ADVISOR". We have practiced DX (Digital Transformation) with our Cloud Journey to the Cloud by own technology which brought business success to ourselves. By accelerating to deploy and implement our technology to the customers, we support their Cloud Journey to Data-driven DX.

The Company has the comprehensive product portfolio which consists of platform, applications, hardware which can be deployed on cloud environment and on-premise environment. Especially our software license products have been widely adopted in the field of mission critical systems, which have demanded high security, availability and high performance for many years. The Oracle Cloud, which the Company has focused on as a pillar of its new business, has been developed based on the same system architecture and technologies as these software licenses, and the Company enjoys a strength in enabling coordination and bidirectional migration between on-premises systems built with the software licenses products and the Oracle Cloud.

The Company is further accelerate to provide its Cloud services, which maximize the value of information by data-driven approaching and supporting services for customers to utilize our Cloud Services that we have been focusing on, hereby the Company drives its customers' DX.

The four measures which make "To Accelerate Cloud Transformation"

- 1) Realization of data-driven DX by SaaS
  - We promote aggressively DX by deploying and implementing Oracle Cloud ERP / HCM, / CX to our customers, which focuses on large-scale and strategic transactions.
- 2) Modernization of IT infrastructure with Hybrid Cloud
  - We move large-scale workloads of mission-critical systems to OCI (Oracle Cloud Infrastructure) and focus on increasing the number of cloud engineers.
- 3) Promotion of Social infrastructure DX
  - We strengthen the sales team of the public sector that has led to promote DX of social infrastructure, and support the Smart city projects of local governments.
- 4) Expansion of partner ecosystem
  - We support the buildup OCI / SaaS delivery system by deploying "Dedicated Region Cloud @Customer", which builds Oracle's public cloud in the customer's data center to strategic partners.

In the role of promoting strategy, the Company is expanding the capacity of two datacenters in Tokyo and Osaka region so that it has built Disaster Recovery service system and has delivered its cloud services corresponding to enterprise workload and security.

In terms of the structure of sales team, it deployed into Cloud and License, and newly built the sales team for specialized the public sector. We expand our cloud business by "Team Collaboration", add value sales with our support and consulting services.

#### (Glossary)

- On-premises: A form of IT system developed and operated as the company's possession.

# Business status in the 2nd Quarter of the fiscal year (from September 1, 2021 to November 30, 2021) [Cloud & Licenses]

In the Cloud license and on-premise license, the Company has developed its strength of products and services to its Customers under our strategy stated above.

Regarding our License business, in the last six months, given the state of emergency announced by the Government in Japan, we had to overcome the challenge as we conducted our business. Since starting this fiscal year, the market is showing gradually some signs of a recovery trend in IT investment which is not only for cost reduction but developing and growing their business. Revenue in License business decline year on year because of the previous large quarter, while we captured demands from the distribution service and the manufacturing industries. However we are continuously examining our business status henceforth owing to the range of investment momentum depends on the industry. In terms of Partner business side, we are expanding our cooperative ties of alliance and creating new demands on SME market segment.

Concerning the Cloud services, we delivered some achieve results for Cloud Migration (from Onpremise to Cloud services) which are mainly "Oracle Fusion Cloud ERP" to our install-based customers, and also it has been deployed to the new customers in variable industries for accelerating Cloud shifting. Regarding "Oracle Cloud Infrastructure (OCI)", there is a lot of demands from customers putting a weight on performance, security and cost effectiveness that has led to the usage of our Tokyo and Osaka region data center are successfully increasing continuously with expansion its Cloud datacenter.

Also we have been keeping the high renewal rate of license support contracts and the attach rate for the Cloud license and on-premise license.

NetSuite for SME market remained brisk performance in adding new customers who adopted Cloud ERP.

#### [Hardware Systems]

In Hardware Systems segment, the Company released "Oracle Exadata Database Machine X9M" (upgraded version of X8M) combines Intel® Optane<sup>TM</sup> DC persistent memory in September 2021. The inquiry for this machine is strong, while we have supply chain issues because of shortage of the semiconductor chip worldwide. Exadata X9M removes storage bottlenecks and dramatically increase performance for the most demanding workloads such as Online Transaction Processing (OLTP), analytics, IoT, fraud detection, and high frequency trading.

#### [Services]

In Services segment, the number of composite projects from Consulting Services taking advantage of the Company's comprehensive product and service portfolio has increased steadily. They include projects for platform transition from the on-premise environment to the IaaS and PaaS environment and those for linkage with SaaS solutions such as the ERP cloud.

# (4) Notes to Quarterly Financial Statements (Notes to Going Concern): Not Applicable

(Notes to significant changes in the stockholders' equity):

On August 4, 2021, the Company paid the year-end dividend for the 36th term (1,146 yen per share, of which 154 yen is ordinary dividend and 992 yen is special dividend, total dividend of 146,949 million yen) using retained earnings as the source of dividends, which was resolved at the Board of Directors meeting held on July 21, 2021.

(Adoption of specified accounting methods for the preparation of quarterly non-consolidated Financial statements)

The Company has adopted a method in which tax expenses are calculated by multiplying quarterly net income before tax by effective tax rates estimated in a reasonable way, after applying tax effect accounting to net income before tax for the fiscal year under review. Income taxes-deferred is stated including corporate tax.

# (Changes in Accounting Policies)

(Application of Accounting Standard for Calculation of Fair Value, etc.)

The Company has applied "Accounting Standard for Measurement of Fair Value" (ASBJ Statement No. 30, July 4, 2019. Hereinafter referred to as "Fair Value Calculation Accounting Standard"), etc. from the beginning of the first quarter of the current fiscal year, and will apply the new accounting policies set forth by the Accounting Standard for Measurement of Fair Value etc. prospectively in accordance with the transitional treatments set forth in Paragraph 19 of the Accounting Standard for Measurement of Fair Value and Paragraph 44-2 of the Accounting Standard for Financial Instruments (ASBJ Statement No. 10, July 4, 2019). There is no impact of this change on the quarterly financial statements.

## (Additional Information)

(Accounting estimates for the impact of the spread of the new coronavirus infection)

There has been no significant change in the assumptions and accounting estimates regarding the impact of the COVID-19 infection described in (Additional Information) of the Annual Securities Report for the previous fiscal year.

(Application of Accounting Standard, etc. for Revenue Recognition)

The Company has applied the "Accounting Standard for Revenue Recognition" (ASBJ Statement No. 29, March 31, 2020), etc. from the beginning of the first quarter of the current fiscal year. The "Accounting Standard for Revenue Recognition", etc. issued on March 30, 2018 have been applied from the beginning of the fiscal year ending May 31, 2019.

Due to the application of the accounting standard for revenue recognition, "Advances received", which was presented in "Current liabilities" in the balance sheet of the previous fiscal year, is included in "Contract liabilities" from the first quarter of the current fiscal year. In addition, "Increase (decrease) in advances received," which was presented in "Net cash provided by (used in) operating activities" in the quarterly statement of cash flows for the cumulative period of the previous second quarter, is now included in "Increase (decrease) in contract liabilities" from the cumulative period of the second quarter.

In accordance with the transitional treatment prescribed in Paragraph 89-4 of the "Accounting Standard for Revenue Recognition", no reclassification has been made for the previous fiscal year with the new presentation method.
