Go to Market Strategy

Mission Statement

The Company is aiming for further business growth by supporting our customer's cloud migration of their core systems and active data utilization. Its mission is to help people see data in new ways, discover insights, unlock endless possibilities.

We have confidence that continuing to evolve ourselves and navigating the evolution of our customers will be a step toward guiding the world in the right direction, and ultimately will contribute to society and humankind.

Our Strength

The Company is aiming for further business growth by supporting our customers' cloud migration of their core systems and active data utilization with deepen customer-trust, which is based on "Be a TRUSTED TECHNOLOGY ADVISOR". We have practiced DX (Digital Transformation) to the Cloud by own technology which brought business success to ourselves. By accelerating to deploy and implement our technology to the customers, we support their Data-driven DX.

The Company has the comprehensive product portfolio which consists of platform, applications, hardware which can be deployed on cloud environment and on-premise environment. Especially our software license products have been widely adopted in the field of mission critical systems, which have demanded high security, availability and high performance for many years. The Oracle Cloud, which is the core of the Company's business, has been developed based on the same system architecture and technologies as these software licenses, and the Company enjoys a strength in enabling coordination and bidirectional migration between on-premises systems built with the software licenses products and the Oracle Cloud.

Key Initiatives

Through the data-driven approaches that we have been focusing on, we will further accelerate the provision of not only cloud-based services to maximize the value of information but various types of services to support the use of such cloud services. In consequence, we will contribute to Japanese society.

Also, our license team and cloud team will step up collaboration with each other to facilitate customers' initiatives for cloud transformation.

In addition, we will contribute to customers' businesses by strengthening industry models through cross-functional collaboration and providing optimal Oracle solutions to customers in a range of industries.

We were able to lay a foundation through five measures we focused on in the fiscal year ended May 31, 2023 with a view to accelerating cloud transformation. In this fiscal year, to contribute to Japanese society, we will focus on the following two initiatives specifically.

(1) Provision of the Japan-focused cloud

- By providing the cloud dedicated to customers in Japan, we will help Japanese companies modernize their missioncritical systems.
- 2. By supporting the digitalization of local governments in all over Japan nationwide through the utilization of Oracle Cloud Infrastructure (OCI) which is certified as the Government Cloud, we will contribute to the government cloud initiative that the Japanese government is promoting.
- 3. By always offering optimal solutions for the reform of IT cost structures while also providing a range of solutions such as the hybrid cloud featuring on-premises and the cloud, as well as multi-cloud solutions, we will support customers in introducing cloud-based mission-critical systems.
- 4. By providing cloud-native SaaS, we support the transformation of customers' life cycle cost structures, the enjoyment of continuously evolving AI technology, and the ability to respond to change.
- 5. To implement the above measures, we will further strengthen collaboration with partners.

(2) Promotion of AI for customers

- 1. In the area of SaaS, we will provide Oracle Fusion Cloud Applications and NetSuite with built-in generated AI and pre-trained models. In addition to the availability of holistically optimized AI with a single data model, customers will be able to enjoy the value of the latest AI technology through quarterly version upgrades.
- 2. In PaaS, we will provide a generative AI service and various AI development services that can be built as customer-specific models, securely utilizing customer data.
- 3. In IaaS, OCI provides an environment that enables the creation of large-scale AI models at high speed and low cost. OCI can provide an environment that can demonstrate the performance of the highest-performing GPUs. The entire cloud data center can be designed like a supercomputer, minimizing the time and cost required to train large-scale language models.

(Glossary)

- Cloud service: Providing software and hardware resources which are used for IT system infrastructure at companies and other organizations as services under agreements for certain periods through the networks such as Internets.
- > On-premises: A form of IT system developed and operated as the company's possession.
- > GPU: Graphics Processing Unit. An image processing unit that performs the computational processing necessary to depict images. With its high parallel computing capacity, it can instantly process huge amounts of data, making it suitable for big data processing, AI development, and other applications.

[Cloud & License]

Revenue in the Cloud & license segment was 98,388 million yen, up 10.1% from the corresponding period of the previous fiscal year and Operating income was 37,867 million yen, raising 9.7%. Revenue in the Cloud license & on-premise license was 20,275 million yen (increasing 4.2% year on year), revenue in the Cloud services & license support was 78,113 million yen (increasing 11.8 % year on year).

This segment consists of the "Cloud license & on-premise license" that the Company sells software licenses for database management software, a range of middleware, and ERP and other business applications, etc., the "License support" that the Company provides software updates and technical support for customers using the Company's software licenses, and the "Cloud services" are services the Company provides the resources of software and hardware via the Internet.

In the Cloud license and on-premise license, the Company has developed its strength of products and services to its Customers under our strategy stated above.

Regarding our License business, the market is showing a recovery trend in IT investment which is not only for cost reduction but developing and growing their business.

In terms of Partner business side, we are expanding our cooperative ties of alliance and keep on expansion our Cloud partnership, while creating new demands on SME market segment.

In the cloud service, we continued to focus on facilitating existing customers' upgrades to the Oracle Fusion Cloud ERP (a lift and shift from on-premises to the cloud) to further accelerate a shift to the cloud, while also working proactively on acquiring new customers.

Regarding "Oracle Cloud Infrastructure (OCI)", there is a lot of demands from customers putting a weight on performance, security and cost effectiveness that has led to the usage of our Tokyo and Osaka region data center are successfully increasing continuously with expansion its Cloud datacenter.

We have been authorized ISMAP (Information system Security Management and Assessment Program) for Government Cloud supplier with OCI, PaaS and Oracle Exadata Cloud@Customer.

Furthermore, our OCI is selected as Cloud service for government cloud development at the Digital Agency, and prospective benefits amid a push for the Central and Local governments' digitalization include an acceleration and increase in investment, larger projects, and further stimulation of demand over the mid-long term.

The Company has opened a website that provides information on OCI for governments and local governments (in Japanese only). https://www.oracle.com/jp/cloud/government/

NetSuite for SME market remained brisk performance in adding new customers who adopted Cloud ERP.

Also we have been keeping the high renewal rate of license support contracts and the attach rate for the on-premise license.

[Hardware systems]

Revenue in the Hardware systems segment was 8,046 million yen, up 7.9% from the corresponding period of the previous fiscal year, Operating income was 277 million yen, decreasing 7.5%.

This segment consists of the Hardware systems product division which sells servers, storage, engineered systems and network devices, and provides operating systems and related software, and the Hardware systems support division which provides technical support for hardware products, maintenance and repair services and updated versions of related software including operating systems.

The Company released "Exadata Database Machine X10M" (upgraded version of X9M) in June, 2023.

"Exadata Database Machine X10M" and "Exadata Cloud@Customer X10M" are the first Exadata systems powered by all AMD $EPYC^{TM}$ processors.

The inquiry for this machine is strong and the impact on shipments has gradually eased because of shortage of the semiconductor chip worldwide, however we are continuously examining our business status.

Exadata removes storage bottlenecks and dramatically increase performance for the most demanding workloads such as Online Transaction Processing (OLTP), analytics, IoT, fraud detection, and high frequency trading.

[Services]

Revenue in the Services segment was 10,984 million yen, down 0.2% from the corresponding period of the previous fiscal year, Operating income was 2,447 million yen, up 4.0%.

This segment consists of Consulting Services, which support the introduction of products of the Company and Advanced Customer Support Services, which provide a preventive maintenance service and a comprehensive operation management service for customers' IT environments.

The number of composite projects from Consulting Services taking advantage of the Company's comprehensive product and service portfolio has increased steadily. They include projects for platform transition from the on-premise environment to the IaaS and PaaS environment and those for linkage with SaaS solutions such as the ERP cloud.

2. Effective from the first quarter of the current fiscal year, "Cloud Services & License Support" was reclassified into two segments, "Cloud Services" and "License Support," due to the increased importance of cloud services sales, which is our focus in the Cloud & Licensing segment. Information of revenues for the cumulative second quarter of the previous fiscal year is disclosed based on the classification after the change.

(iii) Operating income

Operating income came to 38,321 million yen (up 10.4% from the same period a year earlier), due to the increase in sales in the Cloud & License segment (up 10.1% from the same period a year earlier).

Cost of sales came to 62,694 million yen (up 11.1% from the same period a year earlier). Royalties and outsourcing expenses rose in the Cloud & License segment, and also, purchases in the Hardware systems segment rose.

Regarding selling, general and administrative expenses, as a result of an increase in outsourcing expenses and a decrease in human resources expenses, it came to 16,403 million yen (down 1.6% from the same period a year earlier).

(iv) Non-operating income and expenses, ordinary income

As a result of posting net non-operating income of 147 million yen, our ordinary income stood at 38,469 million yen (up 10.4% from the same period a year earlier).

(v) Net income

As a result of posting extraordinary income of "Gain on reversal of subscription rights to shares" (8 million yen) and income taxes (11,811 million yen), our current net income stood at 26,665 million yen (up 10.4% from the same period a year earlier).

(2) Analysis of financial position

(Assets)

Current assets at the end of the second quarter of the current fiscal year were 141,534 million yen (increasing 10,703 million yen from the end of the previous fiscal year). This was mainly due to an increase in cash and deposits (15,813 million yen) and a decrease in accounts receivable-trade (6,436 million yen).

Noncurrent assets of the Company at the end of the term stood at 149,412 million yen (decreasing 771 million yen from the previous fiscal year end).

(Liabilities)

Total liabilities at the end of the term increased 3,005 million yen from the end of the previous fiscal year, to 128,167 million yen. This was mainly due to an increase in contract liabilities (3,103 million yen).

(Net assets)

Total net assets at the end of the term increased 6,926 million yen, to 162,780 million yen. This was primarily attributable to increases in both capital stock and capital surplus (29 million yen) due to the exercise of stock options, and as a result of the posting of net income (26,665 million yen) and the payment of dividends (20,778 million yen).

Consequently, the ratio of shareholders' equity stood at 55.9% (an increase of 0.5 percentage points from the end of the previous fiscal year).

(3) Analysis of cash flows

The cash inflow from operating activities is 36,682 million yen, the cash outflow from investment activities is 188 million yen and the cash outflow from financial activities is 20,728 million yen in the six months ended November 30, 2023. In total, cash and cash equivalents at the end of the second quarter of the current fiscal year increased 15,813 million yen from the end of the previous term, to 120,344 million yen.

(Cash flows from operating activities)

Cash generated from operating activities was 36,682 million yen (increasing 12,218 million yen year on year). The inflow is attributable to the posting of income before income taxes of 38,477 million yen and a decrease in accounts receivable of 6,436 million yen and an increase in contract liabilities of 3,103 million yen. The outflow is attributable to the payment of 10,049 million yen in income taxes.

(Cash flows from investment activities)

Cash used for investment activities was 188 million yen (decreasing 191 million yen year on year). This was mainly due to the payments of purchase of property, plant and equipment and the proceeds from refund of guarantee deposits.

(Cash flows from financial activities)

Cash used for financial activities was 20,728 million yen (increasing 250 million yen year on year). The outflow was primarily appropriated to the payment of dividends.

(Note) The Company has introduced the "Directors' Remuneration BIP Trust" and the "Stock Grant ESOP Trust". The Company's shares remaining in the BIP Trust and the ESOP Trust, which are posted as treasury stock in shareholders' equity, are included in the treasury stock deducted in the calculation of the average number of shares outstanding during the period for the purpose of calculating net income per share and diluted net income per share (2,441 treasury shares owned by the BIP trust and 77,066 treasury shares owned by the ESOP trust for last year, 17,136 treasury shares owned by the BIP trust and 222,727 treasury shares owned by the ESOP trust for this year).

(Significant subsequent events)

(Execution of loans of 72,000 million yen to affiliated company)

At a meeting of the Board of Directors held on December 19, 2023 (effective date), the Company resolved to make effective use of the Company's surplus funds by extending a loan to its parent company, Oracle Japan Holding Inc. with a maximum loan amount of 115,000 million yen and a fixed interest rate with a maturity date three years after the effective date. Interest rates on loans are determined rationally, taking market interest rates into consideration.

Based on this resolution, a loan of 72,000 million yen was executed on December 27, 2023. The impact of this transaction on the current fiscal year (ending May 2024) is expected to be immaterial. The balance of long-term loans receivable from subsidiaries and associates as of the date of submission of this quarterly report is 182,000 million yen.

Following is an English translation of the Independent Auditor's Review Report filed under the Financial Instruments and Exchange Act of Japan. This report is presented merely as supplemental information.

Independent Auditor's Review report

January 10, 2024

Oracle Corporation Japan The board of Directors

Ernst & Young ShinNihon LLC

Tokyo Office

Designated and Engagement Partner Hisafumi Nomoto, Certified Public Accountant

Designated and Engagement Partner Mitsuki Nomura, Certified Public Accountant

<Auditor's conclusion>

Pursuant to the provisions of Article 193-2, Paragraph 1 of the Financial Instruments and Exchange Act, we have conducted a quarterly review of the quarterly financial statements of Oracle Corporation Japan listed in the "Status of Accounting" for the second quarter of 39th term commencing on June 1, 2023, and ending on May 31, 2024 (from September 1, 2023 to November 30, 2023) and the cumulative second quarter (from June 1, 2023 to November 30, 2023), which comprise the balance sheet, income statement, cash flows and notes.

In our quarterly review, no matter has come to our attention that causes us to believe that the above quarterly financial statements do not fairly present, in any material respect, the financial condition of Oracle Corporation Japan as of November 30, 2023 and the results of its operations and the status of cash flows in the cumulative second quarter ended November 30, 2023 in accordance with the standards for preparation of quarterly financial statements generally accepted in Japan.

<Basis for the auditor's conclusion>

We conducted a quarterly review in accordance with the quarterly review standards generally accepted in Japan. Our responsibility under the quarterly review standards is described in "Responsibilities of Auditor in Quarterly Review of Quarterly Financial Statements". We are independent of the company and fulfill our other ethical responsibilities as an auditor in accordance with the provisions of professional ethics in Japan. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

< Responsibilities of management and audit committee for the quarterly financial statements>

Management is responsible for the preparation and fair presentation of the quarterly financial statements in accordance with the accounting standards generally accepted in Japan. This responsibility includes development and operation of such internal control as management determines necessary to enable the preparation and fair presentation of the quarterly financial statements that is free from material misstatement, whether due to fraud or error.

In preparing the quarterly financial statements, the management evaluates whether it is appropriate to prepare the quarterly financial statements based on the premise of a going concern, and uses the criteria for preparing the quarterly financial statements generally accepted in Japan. If it is necessary to disclose matters concerning a going concern based on this, it is responsible for disclosing such matters.

The responsibility of the audit committee is to monitor the execution of duties by the executive officers and the directors in the development and operation of the financial reporting process.

< Responsibilities of Auditor in Quarterly Review of Quarterly Financial Statements>

The auditor's responsibility is to express conclusions on the quarterly financial statements from an independent standpoint in the quarterly review report, based on the quarterly review conducted by the auditor.

The auditor will make professional judgments throughout the quarterly review process in accordance with the quarterly review standards generally accepted in Japan, and will carry out the following with professional skepticism.

- Conduct questions, analytical procedures and other quarterly review procedures mainly for management, persons responsible for financial and accounting matters, etc. The quarterly review procedure is a more limited procedure than the audit of financial statements for the fiscal year conducted in accordance with auditing standards generally accepted in Japan.
- If we determine that there is material uncertainty regarding an event or situation that raises material doubts regarding the going concern assumption, we conclude whether there are no items to believe that it is not properly presented based on the evidence obtained in the quarterly financial statements in accordance with the standards for preparing quarterly financial statements that are generally accepted in Japan. In addition, if significant uncertainties regarding the going concern assumption are found, the quarterly financial statement notes may be noted in the quarterly review report. Or, if the notes in the quarterly financial statements regarding material uncertainties are not appropriate, it is required to express limited or negative conclusions in the quarterly financial statements. The auditor's conclusions are based on evidence obtained by the quarterly review report date, but future events and circumstances may prevent the company from surviving as a going concern.
- Evaluate whether there are no items to believe that the presentation and notes of the quarterly financial statements do not comply with the standards for preparing quarterly financial statements that are generally accepted in Japan. Also, evaluate whether there are no items to believe that the presentation, composition, content of the quarterly financial statements, including relevant notes, and the quarterly financial statements do not properly represent the underlying transactions or accounting events.

The auditor reports to the audit committee on the scope and timing of the planned quarterly review and important findings in the quarterly review.

The auditor reports to the audit committee on compliance with Japan's professional ethics regulations regarding independence, matters that are reasonably considered to affect the independence of the auditor, as well as cases where countermeasures have been established to eliminate obstructions to our independence or cases where safeguards have been applied to reduce these obstructions to allowable levels.

<Interests>

There exists no special interests between the Company and this audit corporation or its engagement partners which is required to be stated pursuant to the provisions of the Certified Public Accountants Act.
