Developer Quiz

I write the following block of code:

```
set serveroutput on
declare
  product_code ##REPLACE## := '1234';
begin
  dbms_output.put_line ( lpad ( product_code, 10, '0' ) );
end;
/
```

Which of the choices (multiple options can be selected) given below can go in the `##REPLACE##` section above, so when you run the anonymous code block, it displays:

```
0000001234
```

Answer 1

`char(4)`

Answer 2

`char(10)`

Answer 3

`char(255)`

Answer 4

`varchar2(4)`

Answer 5

`varchar2(10)`

Answer 6

`varchar2(255)`

Answer 7

`clob`

Answer(s) are below.

Oracle APEX News

Announcing the New Oracle APEX Developer Professional Learning Path!

Dive deeper into the exciting world of low-code application development with Oracle APEX. Learn complete application development in detail, specially designed and developed by the APEX Team. Along with learning the concepts in theory, indulge in practical learning with the Hands-on-Labs.
