

Why OPERA Cloud Property Management?

OPERA Cloud PMS is the ideal choice for every hospitality operator, from luxury resorts to economy/limited service hotels.

Exceptional guest experiences

Create unique guest profiles to deliver one-of-a-kind personalized experiences and win customer loyalty.

Faster innovation

Capitalize on the power of cloud - with its centralized control and continuous updates - to accelerate innovation and set up new properties faster.

Oracle Hospitality Integrated Platform

Deliver the best experience for your customers and staff by easily connecting your hotels applications with OPERA Cloud.

IT simplicity and lower costs

Eliminate the need for on premise servers, local maintenance and software upgrades by shifting IT “above the property.”

Greater occupancy and revenue

Manage room inventory and pricing across distribution channels with real-time data and improved visibility to seize revenue opportunities.

Improved operational efficiency

Standardize operations and streamline collaboration across departments with a centralized cloud platform.

Greater productivity

Rely on Oracle certified personnel to resolve IT issues and let staff focus on what matters most - taking care of guests.

Enhanced security

Gain peace of mind with multilayer security, protecting data, transactions, application and infrastructure – and compliance with payment and data privacy standards.

Global platform

Customize operations with 20 different languages and meet fiscal compliance requirements in more than over 200 countries.

Flexible mobile capabilities

Untether staff from the front desk to serve guests anywhere, anytime — and transform housekeeping and maintenance operations with real-time updates.
