

ORACLE VALIDATED INTEGRATION DATA SHEET

Sanyo Electric Industry Co., Ltd

SEIC VOD Interface Integration with Oracle Hospitality OPERA 5.5

Connect your video-on-demand (VOD) system with your property management system (PMS). Sanyo Electronic Industry Co., Ltd. (SEIC) develops and produces a video-on-demand system for the hospitality business. The validated integration provides an interface between the VOD system and Oracle Hospitality OPERA PMS.

COMPANY OVERVIEW

Sanyo Electronic's products have expanded beyond display units to include control-related products that are linked to LAN networks, host computers, and its own interface technology. The company's customers—including hotels, office buildings, and government offices—use these products to improve service, advance computerization, reduce labor, and improve energy efficiency. In addition, Sanyo Electric delivers maintenance and support to meet customer requirements.

INTEGRATION OVERVIEW

This product enable to exchange the message between Oracle Hospitality OPERA PMS and external Video interface with covering the customer requirements.

ORACLE
Validated Integration
Oracle Hospitality

Oracle Validated Integration provides customers with confidence that a partner's integration with an on-premise Oracle application is functionally sound and performs as designed. This can help customers reduce deployment risk, lower total cost of ownership, and improve the user experience related to the partner's integrated offering.
