OPN Technical Qualifier Expertise Policy

Oracle University Cloud Certifications (OU)

Many of the OU Certifications are essential qualifiers that align to Service Expertise offered in the Oracle PartnerNetwork (OPN). Each Service Expertise within the Service Track contain unique certification qualifiers by role.

As per Oracle University policy:
- OCI certification credentials are valid for two years from the date of attainment
- Oracle Cloud and Industry Application certification credentials are valid for 18 months from date of attainment

Oracle requires candidates to hold an active credential for the certification to qualify a company towards an OPN Service Expertise.

Partner Enablement Services Assessments

Many of the Sales and Solution Engineer assessments are qualifiers for Sell, Service and License & Hardware Expertise. Each of these Expertise contain unique assessments by role.

Oracle requires candidates to hold the most recent accreditation available for the assessment to qualify a company towards an OPN Expertise.

*As per OPN Policy, if there is any change in Qualifiers, you will be provided 90 days notice through Oracle communications to fulfill the new Qualifier.
