

# Legal Agreements Management Telco

## 1 Business Challenge

Our customer, Avea, is one of the biggest Mobile Operators in Turkey. They need to manage a large numbers of legal agreements. Preparing of legal agreements need the contribution of many departments. Time and effort which spends for process must be monitored and managed dynamically.

## 2 Solution

By Oracle BPM, we have designed a legal agreement preparation process flow in BPMN standarts with legal experts from customer. Now, all efforts for the processes of legal aggrements are being monitored and being managed by BPM facilities.

## 3 Results & References

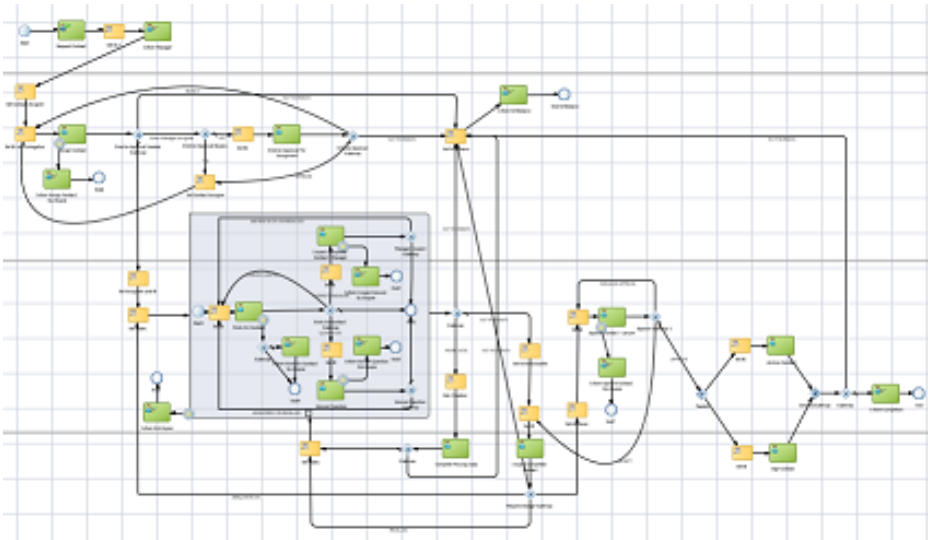

With our solution for the process of legal agreement ,customer has drastically improved their productivity.
