

BPM in a Box

Cross Industry

1 Business Challenge

- Hard to Identify the business need / justification for BPM.
- BPM too often seen as being only enterprise wide
- We are only looking for a departmental solution
- We have an immediate need for automating one business process only
- Not sure where to start with a BPM project

BPM in a BOX

Oracle's Business Process Management software adding value within your business within weeks not years and for under £100k?

WHAT IS BPM IN A BOX?

With the launch of Oracle's BPM Standard Edition and specialist consultancy services your business can be harnessing the benefits of improved efficiency, faster time to market and overall business agility that have historically been the preserve of large and costly enterprise wide initiatives.

'BPM in a Box' from Griffiths Waite provides all of the components your business needs to adopt BPM either at a departmental or a process by process level. You will benefit from Griffiths Waite's position as Oracle's 1st UK BPM Specialized Partner with a combination of services to make BPM work within your business.

WHAT IS IN THE BOX?

- Oracle BPM Standard Edition [100 named users]
- Weblogic Server Standard Edition*
- The package on consultancy days to deliver for you!
- Any combination of...
 - Software Installation and Configuration
 - BPM Maturity Assessment and Roadmap
 - Proven Modelling Methodology
 - User Experience and Process Design
 - Oracle BPM UI and Process Development
 - Oracle BPM Standards and Best Practice

BPM IN A BOX IS IDEALLY SUITED TO:

- Proof of Concepts
- Pilot Projects
- Departmental Solutions

BPM IN A BOX IS IDEALLY SUITED TO:

- Proof of Concepts
- Maturity Models
- Pilot Project Identification
- Knowledge Transfer
