CESG

CERTIFICATE No. **CRP250**

CESG INFORMATION ASSURANCE AND CONSULTANCY SERVICES

This is to Certify that

Oracle Business Intelligence Enterprise Edition (OBIEE)
Version 10.1.3.3.2 with Quick Fix 090406
running on Oracle Enterprise Linux 4 update 5 x86_64

has been evaluated under the terms of the UK IT Security Evaluation
and Certification Scheme and complies with the requirements for:

EAL3

COMMON CRITERIA (ISO 15408) ASSURANCE LEVEL

The scope of the evaluated functionality was as claimed by the Security Target
and as confirmed by Certification Report CRP250

Certification is not a guarantee of freedom from security vulnerabilities.
This certificate reflects the Certification Body's view at the time of certification.
It is the responsibility of users (both prospective and existing) to check whether any
security vulnerabilities have been discovered since the date shown on this certificate.
