## Recruit to Onboard

### Retail

**Determine workforce need**  
Leverage workforce modeling and predictive algorithms to identify resource and budget needs (i.e. regional and store location staffing, new omnichannel initiatives). Understand talent supply/demand to mitigate future shortages due to channel expansions, new fulfillment models, or turnover. Create new workforce plans and submit to finance team for approval. Authorize job requisitions, including full-time and temporary workers

> **Drive candidate engagement**  
Manage corporate brand across website/social media for cohesive messaging. Include digital assistant for candidate interactions. Present relevant content to candidates (e.g. articles, events) and recommendations to personalize the experience

> **Manage sourcing**  
Find candidates to fill current needs (i.e. seasonal staffing) but also those with potential to meet future needs (i.e. building out new consumption model offerings, opening 'experience' stores) by sourcing from social media, referrals, job boards, agencies, or internal talent profiles and succession pipelines

**Intelligent screening**  
Identify top prospects via multi-tiered automated screening and assessment tools. Review recommended candidate resumes, conduct interviews and perform background checks

> **Select candidate and generate offer**  
Decide best-fit candidate, analyze offer insights (e.g. likelihood to accept), and collaboratively manage salary details with the Compensation. Obtain required approvals and electronically deliver offer package

> **Onboard new hires**  
Automate the completion of onboarding tasks with new hire portal and dashboards. Manage benefits, knowledge requirements and learning plans

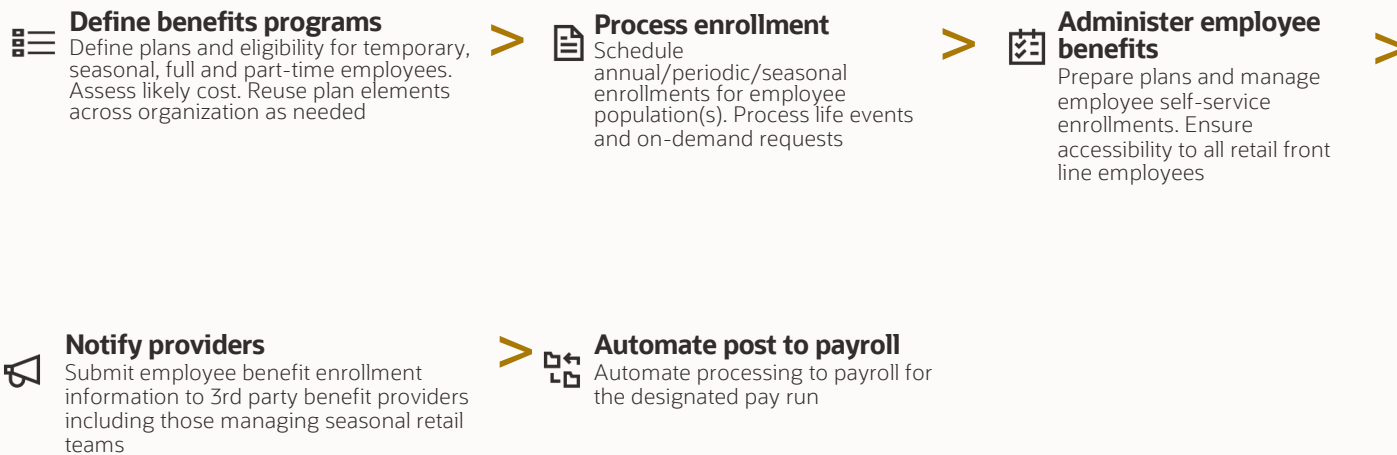

Product Mix: HCM Cloud, EPM Cloud  
Popular KPIs: Time to Hire, # of Conversions of Channel X,  
Rate of Acceptance, % Employees Trained, Retirement Rate

# Payroll to Payment Retail

 **Manage and monitor payroll processes**  
Proactively monitor global payroll status and processes via interactive dashboards

>  **Rules-based validation**  
Data-driven verification of earnings, hours, local taxes and deductions by store location, if required

>  **Schedule and distribute payments**  
Generate and distribute employee payments. Support potential 3rd party agencies that manage and distribute to the temporary retail workforce

 **Finalize payroll reporting**  
Generate and securely share payroll reports and synchronize the general ledger with the corporate finance department, or if required with the management agency

>  **Tax and social compliance**  
Determine tax liabilities, prepare tax filings and deposits

>  **Maintain personal profile**  
Secure employee access to profile information, pay slips, etc. For seasonal or temporary workforce, ensure planned work dates and hours worked match actual data

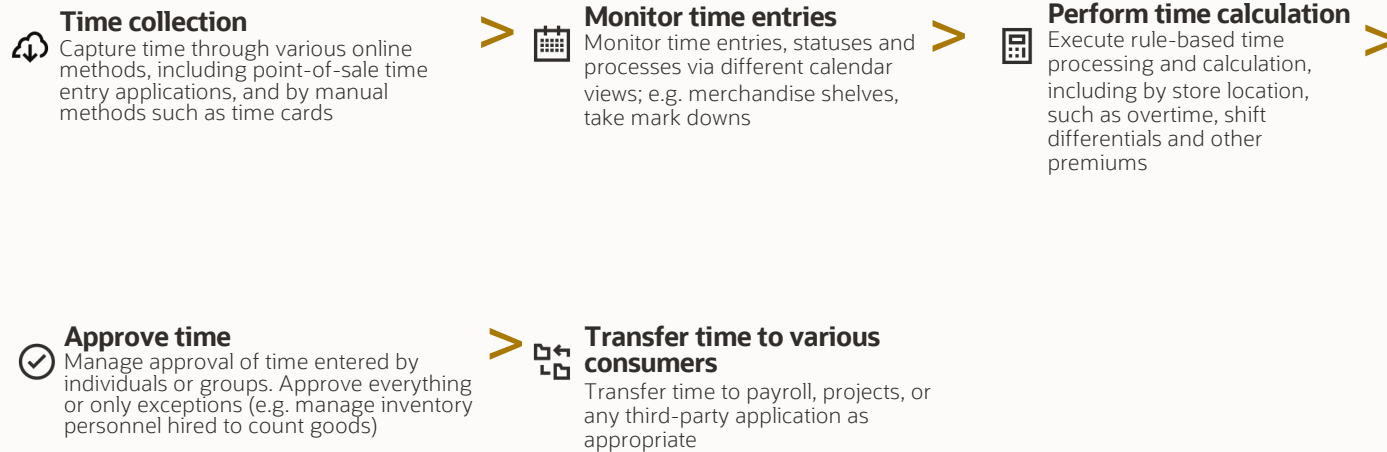

Product Mix: HCM Cloud  
Popular KPIs: Cycle Time To Process Payroll, Ratio of Salary Competitiveness, % of Cost of Workforce

 Cloud  Mobile  Analytics  Social  Big Data

## Oracle Modern Best Practice

# Time Collection to Payroll Retail

Product Mix: HCM Cloud

## Talent Review to Succession

### Retail

**Review talent**  
Assess talent capabilities such as omni-channel, web commerce management, inventory control and merchandising through insight-driven, collaborative, and interactive online discussions based on the talent profile, recruiting activities, goal/performance factors, career plans and other sources

**Rank and assess talent**  
Evaluate/calibrate talent using advanced visualization (e.g. interactive 9-Box) to assess factors such as potential, risk/ impact of loss, performance, success in vendor negotiation, and partner business development

**Review current and future talent needs**  
Based on corporate approved workforce plans identify short and long-term talent needs (e.g. channel expansions, new fulfillment models or high turnover ratio predictions) create talent pools (e.g. to track emerging leaders or budding artificial intelligence experts) or succession plans to track potential gap/fit candidates.

**Organize talent**  
Strategically place employees into talent pools and succession slates based on ranking/assessment data, engagement indicators, and reputation metrics.

**Analyze talent pools**  
Discover recommended development needs of talent pool members and automated learning paths to address skill gaps. Track progress of implemented talent development plans.

**Assess succession plans**  
Analyze individual and workforce strengths and weaknesses to track bench strength and succession slates readiness. Re-evaluate faculty and staff using the 9-box as needed

Product Mix: HCM Cloud  
Popular KPIs: Internal Promotions vs. External Hires, Average Age of Retirement, Turnover Rate For Highest Performers
