

Subscription Services Agreement for Adi Insights

This Subscription Services Agreement for Adi Insights (“**Agreement**”) is between Oracle America, Inc. (“**Oracle**”), and the entity which has accepted this Agreement through a document which references this agreement (“**Customer**”). Capitalized terms not defined elsewhere in this Agreement shall have the meaning given to them in the Definitions section below. This Agreement sets forth the terms and conditions that govern orders placed under this Agreement.

Definitions.

“**Cloud Service**” means the Adi Insights online workforce management solution as described in the applicable User Guides that is procured by Customer from Oracle in the Order and any subsequent Order, including associated offline components, but excluding Third Party Applications, Support Services and Professional Services.

“**Customer Data**” means all software, data (including Personal Data), text, images, audio, video, photographs, non-Oracle or Third Party Applications, and other content and material, in any format, provided by Customer or any of Customer’s Users that is stored in, or run on or through, the Cloud Service. Cloud Service under this Agreement, Oracle software, other Oracle products and services, and Oracle intellectual property, and all derivative works thereof, do not fall within the meaning of the term “Customer Data.” Customer Data includes any third party content that is brought by Customer into the Cloud Service by Customer’s use of the Cloud Service or any Oracle-provided tools.

“**Electronic Communications**” means any transfer of signs, signals, text, images, sounds, data or intelligence of any nature transmitted in whole or part electronically received and/or transmitted through the Cloud Service.

“**Oracle Written Materials**” means, collectively, the URL Terms, the User Guides, and any other Oracle documents that are referenced in, or incorporated into Customer’s Order for Services.

“**Order**” means an Oracle estimate, estimate/order form, renewal notification, ordering document or order form in the name of and executed by Customer and accepted by Oracle which specifies the Cloud Service, and any Support Services and/or Professional Services to be provided by Oracle subject to the terms of this Agreement.

“**Professional Services**” means the general consulting, implementation and/or training services to be provided to Customer pursuant to the terms hereof, the additional terms of the Professional Services Addendum for Adi Insights included as Exhibit 1 to this Agreement, and an Order or Statement of Work, as applicable.

“**Statement of Work**” or “**SOW**” means, if applicable, a separate document or Order between Oracle and Customer that details the Professional Services to be delivered by Oracle.

“**Support Services**” means the technical support services to be provided to Customer for the Cloud Service pursuant to the terms hereof.

“**Third Party Applications**” means applications, integrations, services, or implementation, customization and other consulting services related thereto, provided by a party other than Oracle, as further described in the section below entitled “Third Party Applications” that interoperate with the Cloud Service.

“**Users**” means individuals who are authorized by Customer to use the Cloud Service pursuant to this Agreement or as otherwise defined, restricted or limited in an Order or amendment to this Agreement. Users may include but are not limited to Customer’s and Customer’s affiliates’ employees, consultants, contractors and agents.

“**User Guides**” mean the online English language user guides for the Cloud Service, available to Customers within the Cloud Service platform, as updated from time to time.

“**URL Terms**” means the terms, if any, with which Customer must comply, which are located at a URL, referenced in this Agreement and are hereby incorporated by reference.

1. Services. Subject to the terms and conditions of this Agreement, Customer shall have the non-exclusive, worldwide, limited right to use the Cloud Service, Support Services and Professional Services ordered by Customer (collectively, the “**Services**”) during the applicable period set forth in Customer’s applicable Order or SOW solely for the internal business operations of Customer. Customer may allow its Users to use the Services for this purpose, and Customer is responsible for their compliance with this Agreement and Customer’s applicable Order or SOW. The terms of this Agreement shall also apply to updates and upgrades subsequently provided by Oracle to Customer for the Cloud Service.

2. Orders. The Services shall be ordered by Customer pursuant to Orders. Each Order shall include at a minimum a listing of the Cloud Service and any Support Services and/or Professional Services being ordered and the associated fees. Except as otherwise provided on the Order, Statement of Work or this Agreement, once placed, each Order and Statement of Work is non-cancellable and all sums paid are non-refundable. If Customer exceeds the quantity of Services ordered, then Customer promptly must purchase and pay fees for the excess quantity.

Any one of Customer’s majority owned subsidiaries may also order Services under this Agreement by entering into an Order or SOW, signed by such subsidiary and Oracle, and agreeing to be bound by the terms of this Agreement and such Order or SOW. For the purposes of such Order or SOW, “Customer” as used in such Order or SOW and this Agreement, shall be deemed to refer to the majority owned subsidiary executing such Order or SOW.

3. Restrictions.

Subscription Services Agreement for Adi Insights

3.1. General Restrictions.

3.1.1 Customer may not, and may not cause or permit others to: (a) use the Services to harass any person; cause damage or injury to any person or property; publish any material that is false, defamatory, harassing or obscene; violate privacy rights; promote bigotry, racism, hatred or harm; send unsolicited bulk e-mail, junk mail, spam or chain letters; infringe property rights; or otherwise violate applicable laws, ordinances or regulations; (b) perform or disclose any benchmarking, availability or performance testing of the Services; or (c) perform or disclose any performance or vulnerability testing of the Services without Oracle's prior written approval, perform or disclose network discovery, port and service identification, vulnerability scanning, password cracking, remote access or penetration testing of the Services (the "**Acceptable Use Policy**"). In addition to other rights that Oracle has in this Agreement and Customer Order, Oracle has the right to take remedial action if the Acceptable Use Policy is violated, and such remedial action may include removing or disabling access to material that violates the policy.

3.1.2 Customer may not, and may not cause or permit others to: (a) modify, make derivative works of, disassemble, decompile, reverse engineer, reproduce, republish, download, or copy any part of the Services (including data structures or similar materials produced by programs); (b) access or use the Services to build or support, directly or indirectly, products or services competitive to Oracle; or (c) license, sell, transfer, assign, distribute, outsource, permit timesharing or service bureau use of, commercially exploit, or make available the Services to any third party except as permitted by this Agreement or Customer Order.

3.2. HIPAA. Customer agrees that: (i) Oracle is not acting on Customer's behalf as a Business Associate or subcontractor; (ii) the Cloud Service may not be used to store, maintain, process or transmit protected health information ("PHI") and (iii) the Cloud Service will not be used in any manner that would require Oracle or the Cloud Service to be compliant with the Health Insurance Portability and Accountability Act of 1996, as amended and supplemented ("HIPAA"). In the preceding sentence, the terms "Business Associate," "subcontractor," "protected health information" or "PHI" shall have the meanings described in HIPAA.

4. Term, Fee, Payment & Taxes.

4.1. Term. This Agreement is valid for the Order (including SOWs) which this Agreement accompanies (the "**Term**"). The initial subscription term of the Cloud Service and/or Support Services procured by Customer shall continue for the term applicable to such Services specified in the applicable Order. If Customer has not entered into an Order with Oracle regarding renewal of Customer's Cloud Service and/or Support Services prior to the expiration of the initial term or then-current renewal term of such Cloud Services and/or Support Services, then the subscription term for such services shall be automatically renewed for the same term as the initial order or then-current renewal term unless either party provides written notice of non-renewal to the other at least thirty (30) days before expiration of the applicable initial term or then-current renewal term.

4.2. Fees and Payment. All fees payable are due within 30 days from the invoice date unless otherwise specified in the applicable Order. All fees are non-refundable, except as otherwise explicitly stated in the applicable Estimate/Order Form or this Agreement. The first invoice, for the initial Order of Services, is to be paid before commencement of the Services.

4.3. If Oracle determines that Customer has exceeded the quantities of Cloud Services ordered in the applicable Order (the "Overage"), Oracle will invoice Customer monthly in arrears for the fees owed for such Overage at the rates specified in Customer's Order, or if no Overage rate is specified, then at the then current monthly rate specified in the applicable Order. Such overages will be invoiced every month in which the Overages occur.

4.4. Taxes. Oracle fees do not include any local, state, federal or foreign taxes, levies or duties of any nature, including value-added, sales use or withholding taxes ("**Taxes**"). Customer is responsible for paying all Taxes, excluding only taxes based on Oracle's net income. If Oracle has the legal obligation to pay or collect Taxes for which Customer is responsible under this Section, the appropriate amount shall be invoiced to and paid by Customer unless Customer provides Oracle with a valid tax exemption certificate authorized by the appropriate taxing authority.

5. Proprietary Rights.

5.1. Ownership of Customer Data. As between Oracle and Customer, all title and intellectual property rights in and to the Customer Data is owned exclusively by Customer. Customer acknowledges and agrees that in connection with the provision of the Services, Oracle may store and maintain Customer Data for the Services until such time that Customer requests, in writing, that Oracle delete Customer Data. Following expiration or termination of the Agreement or a Customer account, if applicable, Oracle may deactivate the applicable Customer account(s) and delete any data therein upon request. Customer grants Oracle the right to host, use, process, display and transmit Customer Data to provide the Services pursuant to and in accordance with this Agreement and the applicable Order or SOW. Customer has sole responsibility for the accuracy, quality, integrity, legality (including obtaining any required consents for processing), reliability, and appropriateness of Customer Data, and for obtaining all rights related to Customer Data required by Oracle to perform the Services.

5.2. Oracle Intellectual Property Rights. All rights, title and interest in and to the Services (including without limitation all intellectual property rights therein and all modifications, extensions, customizations, scripts or other derivative works of the Services provided or developed by Oracle) and anything developed or delivered by or on behalf of Oracle under this Agreement (including without limitation Deliverables and Tools as such terms are defined in the Professional Services Addendum) are owned exclusively by Oracle or its licensors. Except as provided in this Agreement, the rights granted to Customer do not

Subscription Services Agreement for Adi Insights

convey any rights in the Services, express or implied, or ownership in the Services or any intellectual property rights thereto. Customer grants Oracle a royalty free, worldwide, perpetual, irrevocable, transferable right to use, modify, distribute and incorporate into the Services (without attribution of any kind) any suggestions, enhancement request, recommendations, proposals, correction or other feedback or information provided by Customer or any Users related to the operation or functionality of the Services. Any rights in the Services or Oracle's intellectual property not expressly granted herein by Oracle are reserved by Oracle. Oracle, NetSuite, and Adi Insights service marks, logos and product and service names are marks of Oracle (the "**Oracle Marks**"). Customer agrees not to display or use the Oracle Marks in any manner without Oracle's express prior written permission. The trademarks, logos and service marks of Third Party Application providers ("**Marks**") are the property of such third parties. Customer is not permitted to use these Marks without the prior written consent of such third party which may own the Mark.

5.3. US Government Rights. The Cloud Service is a "commercial item" as that term is defined at FAR 2.101. If Customer or User is a US Federal Government ("**Government**") Executive Agency (as defined in FAR 2.101), Oracle provides the Cloud Service, including any related software, technology, technical data, and/or professional services in accordance with the following: (a) if acquired by or on behalf of any Executive Agency (other than an agency within the Department of Defense ("**DoD**"), the Government acquires, in accordance with FAR 12.211 (Technical Data) and FAR 12.212 (Computer Software), only those rights in technical data and software customarily provided to the public as defined in this Agreement; or (b) if acquired by or on behalf of any Executive Agency within the DoD, the Government acquires, in accordance with DFARS 227.7202-3 (Rights in commercial computer software or commercial computer software documentation), only those rights in technical data and software customarily provided in this Agreement. In addition, DFARS 252.227-7015 (Technical Data – Commercial Items) applies to technical data acquired by DoD agencies. Any Federal Legislative Agency or Federal Judicial Agency shall obtain only those rights in technical data and software customarily provided to the public as set forth in this Agreement. If any Federal Executive Agency, Federal Legislative Agency, or Federal Judicial Agency has a need for rights not conveyed under the terms described in this Section, it must negotiate with Oracle to determine if there are acceptable terms for transferring such rights, and a mutually acceptable written addendum specifically conveying such rights must be included in any applicable contract or agreement to be effective. This U.S. Government Rights Section is in lieu of, and supersedes, any other FAR, DFARS, or other clause, provision, or supplemental regulation that addresses Government rights in computer software or technical data under this Agreement.

6. Terms of Service.

6.1. Accuracy of Customer's Contact Information. Customer shall provide accurate, current and complete information on Customer's legal business name, address, email address and phone number, and maintain and promptly update this information if it should change.

6.2 Notice. Any notice required under this Agreement shall be provided to the other party in writing. If Customer has a legal dispute with Oracle or if Customer wishes to provide a notice under the Indemnification Section of this Agreement, or if Customer becomes subject to insolvency or other similar legal proceedings, Customer will promptly send written notice to: Oracle America, Inc., 500 Oracle Parkway Redwood Shores, CA 94065, Attention: General Counsel, Legal Department.

6.3. Users: Passwords, Access and Notification. Customer shall authorize access to the Cloud Service and may assign or select unique passwords and user names as applicable. Customer will be responsible for the confidentiality and use of User's passwords and user names. Customer will also be responsible for all Electronic Communications, including those containing business information, account registration, account holder information, financial information, Customer Data, and all other data of any kind contained within emails or otherwise entered electronically through the Cloud Service or under Customer's account. Oracle will act as though any Electronic Communications it receives under Customer's passwords, user name, and/or account number will have been sent by Customer. Customer shall use commercially reasonable efforts to prevent unauthorized access to or use of the Cloud Service and shall promptly notify Oracle of any unauthorized access or use of the Cloud Service and any loss or theft or unauthorized use of any User's password or name and/or Cloud Service account numbers.

6.4. Transmission of Data. Customer understands that the technical processing and transmission of Customer's Electronic Communications is fundamentally necessary to use of the Cloud Service. Customer is responsible for securing DSL, cable or another high speed Internet connection and up-to-date "browser" software in order to utilize the Cloud Service. Customer expressly consents to Oracle's interception and storage of Electronic Communications and/or Customer Data as needed to provide the Services hereunder, and Customer acknowledges and understands that Customer's Electronic Communications will involve transmission over the Internet, and over various networks, only part of which may be owned and/or operated by Oracle. Customer further acknowledges and understands that Electronic Communications may be accessed by unauthorized parties when communicated across the Internet, network communications facilities, telephone or other electronic means. Without limiting Oracle's applicable obligations under the Security or Confidentiality Sections of this Agreement, Oracle is not responsible for any Electronic Communications and/or Customer Data which are delayed, lost, altered, intercepted or stored during the transmission of any data whatsoever across networks not owned and/or operated by Oracle, including, but not limited to, the Internet and Customer's local network.

6.5. Third-Party Applications. Oracle or third party providers may offer Third Party Applications. Except as expressly set forth in the Order, Oracle does not warrant any such Third Party Applications, regardless of whether or not such Third Party

Subscription Services Agreement for Adi Insights

Applications are provided by a third party that is a member of an Oracle partner program or otherwise designated by Oracle as "certified," "approved" or "recommended." Any procurement by Customer of such Third Party Applications or services is solely between Customer and the applicable third party provider. Customer may not use Third Party Applications to enter and/or submit transactions to be processed and/or stored in the Cloud Service unless Customer has procured the applicable subscription to the Cloud Service for such use and access.

Oracle is not responsible for any aspect of such Third Party Applications that Customer may procure or connect to through the Cloud Service, or any interoperation, descriptions, promises, or other information related to the foregoing. If Customer installs or enables Third Party Applications for use with the Cloud Service, Customer agrees that Oracle may enable such third party providers to access Customer Data for the interoperation of such Third Party Applications with the Cloud Service, and any exchange of data or other interaction between Customer and a third party provider is solely between Customer and such third party provider pursuant to a separate privacy policy or other terms governing Customer's access to or use of the Third Party Applications. Oracle shall not be responsible for any disclosure, modification or deletion of Customer Data resulting from any such access by Third Party Applications or third party providers. No procurement of such Third Party Applications is required to use the Cloud Service. If Customer was referred to Oracle by a member of one of Oracle's partner programs, Customer hereby authorizes Oracle to provide such member or its successor entity with access to Customer's business information related to the procurement and use of the Cloud Service pursuant to this Agreement, including but not limited to User names and email addresses, support cases and billing/payment information.

6.6. Support Services. As part of the Cloud Service, Oracle will provide Customer with online resources to request assistance in Customer's use of the Cloud Service. Oracle also offers optional "for fee" Advanced Support and Professional Services.

6.7. INTENTIONALLY LEFT BLANK.

6.8. Updates. During the Term, Oracle may update the Services, the Oracle Written Materials to reflect changes in, among other things, laws, regulations, rules, technology, industry practices, patterns of system use, and availability of Third Party Applications. Oracle updates to the Services or the Oracle Written Materials will not materially reduce the level of performance, functionality, security or availability of the Services during the term of Customer's Order or SOW.

During the Term, where possible, Oracle will (a) schedule planned maintenance activities to minimize interruption or interference with Customer's use of the Services, and (b) give advance notice of planned maintenance activities which will impact your Customer's access to and use of the Services.

6.9. Service Monitoring and Analyses

6.9.1 Oracle continuously monitors the Cloud Service to facilitate Oracle's operation of the Services; to help resolve Customer service requests; to detect and address threats to the functionality, security, integrity, and availability of the Services as well as any content, data, or applications in the Services; and to detect and address illegal acts or violations of the Acceptable Use Policy. Oracle monitoring tools do not collect or store any Customer Data residing in the Services, except as needed for such purposes. Oracle does not monitor, and does not address issues with, non-Oracle software provided by Customer or any of Customer's Users that is stored in, or run on or through, the Services. Information collected by Oracle monitoring tools (excluding Customer Data) may also be used to assist in managing Oracle's product and service portfolio, to help Oracle address deficiencies in its product and service offerings, and for license management purposes.

6.9.2 Oracle may (i) compile statistical and other information related to the performance, operation and use of the Services, and (ii) use data from the Services in aggregated form for security and operations management, to create statistical analyses, and for research and development purposes (clauses (i) and (ii) are collectively referred to as "**Service Analyses**"). Oracle may make Service Analyses publicly available; however, Service Analyses will not incorporate Customer Data, personal information or Confidential Information in a form that could serve to identify Customer or any individual. Oracle retains all intellectual property rights in Service Analyses.

6.10 Security. Oracle shall maintain commercially reasonable administrative, physical and technical safeguards designed for the protection, confidentiality and integrity of Customer Data.

6.11 PCI-DSS Compliance. As applicable, Customer is responsible for ensuring that its use of the Cloud Service to store or process credit card data complies with applicable Payment Card Industry Data Security Standards ("**PCI DSS**") requirements and shall not store credit card and social security data in the Cloud Service except in the designated encrypted fields for such data. During the Term, Oracle shall maintain PCI DSS compliance for those portions of the Cloud Service that are designated by Oracle as being designed to store and process credit card data. Any changes made to the Cloud Service by the Customer or at the Customer's direction may affect the Customer's compliance with PCI DSS requirements and Customer shall be solely responsible for ensuring that any such changes are compliant with PCI DSS requirements.

6.12. Data Protection

Customer agrees to provide any notices and obtain any consents related to Customer's use of the Services and Oracle's provision of the Services, including those related to the collection, use, processing, transfer and disclosure of Personal Data.

Subscription Services Agreement for Adi Insights

7. Suspension/Termination.

7.1. Suspension for Delinquent Account. Oracle reserves the right to suspend Customer's access to and/or use of the Services if any payment is due but unpaid but only after Oracle has provided Customer two (2) delinquency notices, and at least thirty (30) days have passed since the transmission of the first notice. Customer agrees that Oracle shall not be liable to Customer or other third party for any suspension pursuant to this Section.

7.2. Suspension for Ongoing Harm. Oracle may suspend Customer's or Users' access to, or use of, the Services if Oracle believes that (a) there is a significant threat to the functionality, security, integrity, or availability of the Services or any content, data, or applications in the Services; (b) Customer or Users are accessing or using the Services to commit an illegal act; or (c) there is a violation of the Acceptable Use Policy. When reasonably practicable and lawfully permitted, Oracle will provide Customer with advance notice of any such suspension. Oracle will use reasonable efforts to re-establish the Services promptly after Oracle determines that the issue causing the suspension has been resolved. During any suspension period, Oracle will make Customer Data (as it existed on the suspension date) available to Customer. Any suspension under this Section shall not excuse Customer from Customer's obligation to make payments under this Agreement.

7.3. Termination for Cause. If either Customer or Oracle breaches a material term of this Agreement or any Order or SOW and fails to correct the breach within 30 days of written specification of the breach, then the breaching party is in default and the non-breaching party may terminate (a) in the case of breach of any Order or SOW, the Order and any applicable SOW under which the breach occurred; or (b) in the case of breach of the Agreement, the Agreement and all Orders and SOWs that have been placed under the Agreement. If Oracle terminates any orders as specified in the preceding sentence, Customer must pay within 30 days all amounts that have accrued prior to such termination, as well as all sums remaining unpaid for the Services under such Orders and SOWs plus related taxes and expenses. Except for nonpayment of fees, the nonbreaching party may agree in its sole discretion to extend the 30 day period for so long as the breaching party continues reasonable efforts to cure the breach. Customer agrees that if it is in default under this Agreement, Customer may not use those Services ordered.

8. Confidentiality.

8.1 By virtue of this Agreement, the parties may disclose to each other information that is confidential ("Confidential Information"). Confidential Information shall be limited to the terms and pricing under this Agreement and Customer's Orders, Customer Data residing in the Cloud Service, and all information clearly identified as confidential at the time of disclosure.

8.2 A party's Confidential Information shall not include information that: (a) is or becomes a part of the public domain through no act or omission of the other party; (b) was in the other party's lawful possession prior to the disclosure and had not been obtained by the other party either directly or indirectly from the disclosing party; (c) is lawfully disclosed to the other party by a third party without restriction on the disclosure; or (d) is independently developed by the other party.

8.3 Each party agrees not to disclose the other party's Confidential Information to any third party other than as set forth in the following sentence for a period of five years from the date of the disclosing party's disclosure of the Confidential Information to the receiving party; however, Oracle will protect the confidentiality of Customer Data residing in the Cloud Service for as long as such information resides in the Cloud Service. Each party may disclose Confidential Information only to those employees, agents or subcontractors who are required to protect it against unauthorized disclosure in a manner no less protective than required under this Agreement, and each party may disclose the other party's Confidential Information in any legal proceeding or to a governmental entity as required by law. Oracle will protect the confidentiality of Customer Data residing in the Services in accordance with the Oracle security practices applicable to Customer's Order as described in this Agreement or such Order.

9. Warranties, Disclaimers and Exclusive Remedies.

9.1 Each party represents that it has validly entered into this Agreement and that it has the power and authority to do so. Oracle warrants that during the Term, Oracle will perform (i) the Cloud Service using commercially reasonable care and skill in all material respects as described in the Oracle Written Materials, and (ii) any Professional Services and Support Services in a professional manner consistent with industry standards (the warranties described by the foregoing clauses (i) and (ii), collectively, the "**Services Warranty**"). If the Services provided to Customer were not performed as warranted, Customer must promptly provide Oracle with a written notice that describes the deficiency in the Services (including, as applicable, the service request number notifying Oracle of the deficiency in the Services). For Professional Services, Customer must notify Oracle of any warranty deficiencies within 60 days from performance of the deficient Professional Services.

9.2. ORACLE DOES NOT WARRANT THAT THE SERVICES WILL BE PERFORMED ERROR-FREE OR UNINTERRUPTED, THAT ORACLE WILL CORRECT ALL SERVICES ERRORS, OR THAT THE SERVICES WILL MEET CUSTOMER'S REQUIREMENTS OR EXPECTATIONS. ORACLE IS NOT RESPONSIBLE FOR ANY ISSUES RELATED TO THE PERFORMANCE, OPERATION OR SECURITY OF THE SERVICES THAT ARISE FROM CUSTOMER DATA OR THIRD PARTY APPLICATIONS OR SERVICES PROVIDED BY THIRD PARTIES.

9.3. FOR ANY BREACH OF THE SERVICES WARRANTY, CUSTOMER'S EXCLUSIVE REMEDY AND ORACLE'S ENTIRE LIABILITY SHALL BE THE CORRECTION OF THE DEFICIENT SERVICES THAT CAUSED THE BREACH OF WARRANTY, OR, IF ORACLE CANNOT SUBSTANTIALLY CORRECT THE DEFICIENCY IN A COMMERCIALY

Subscription Services Agreement for Adi Insights

REASONABLE MANNER, CUSTOMER MAY END THE DEFICIENT SERVICES AND ORACLE WILL REFUND TO CUSTOMER THE FEES FOR THE TERMINATED SERVICES THAT CUSTOMER PRE-PAID TO ORACLE FOR THE PERIOD FOLLOWING THE EFFECTIVE DATE OF TERMINATION.

9.4 TO THE EXTENT NOT PROHIBITED BY LAW, THESE WARRANTIES ARE EXCLUSIVE AND THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS INCLUDING FOR SOFTWARE, HARDWARE, SYSTEMS, NETWORKS OR ENVIRONMENTS OR FOR MERCHANTABILITY, SATISFACTORY QUALITY AND FITNESS FOR A PARTICULAR PURPOSE.

10. Limitations of Liability.

10.1. IN NO EVENT WILL EITHER PARTY OR ITS AFFILIATES BE LIABLE FOR ANY INDIRECT, CONSEQUENTIAL, INCIDENTAL, SPECIAL, PUNITIVE, OR EXEMPLARY DAMAGES, OR ANY LOSS OF REVENUE, PROFITS (EXCLUDING FEES UNDER THIS AGREEMENT), SALES, DATA, DATA USE, GOODWILL, OR REPUTATION.

10.2 IN NO EVENT SHALL THE AGGREGATE LIABILITY OF ORACLE AND ITS AFFILIATES ARISING OUT OF OR RELATED TO THIS AGREEMENT OR CUSTOMER'S ORDER OR SOW, WHETHER IN CONTRACT, TORT, OR OTHERWISE, EXCEED THE TOTAL AMOUNTS ACTUALLY PAID UNDER CUSTOMER'S ORDER OR SOW FOR THE SERVICES GIVING RISE TO THE LIABILITY DURING THE TWELVE (12) MONTHS IMMEDIATELY PRECEDING THE EVENT GIVING RISE TO SUCH LIABILITY.

11. Indemnification.

11.1. If a third party makes a claim against either Customer or Oracle ("**Recipient**" which may refer to Customer or Oracle depending upon which party received the Material), that any information, design, specification, instruction, software, service, data, hardware, or material (collectively, "**Material**") furnished by either Customer or Oracle ("**Provider**" which may refer to Customer or Oracle depending on which party provided the Material) and used by the Recipient infringes the third party's intellectual property rights, the Provider, at the Provider's sole cost and expense, will defend the Recipient against the claim and indemnify the Recipient from the damages, liabilities, costs and expenses awarded by the court to the third party claiming infringement or the settlement agreed to by the Provider, if the Recipient does the following:

- a. notifies the Provider promptly in writing, not later than 30 days after the Recipient receives notice of the claim (or sooner if required by applicable law);
- b. gives the Provider sole control of the defense and any settlement negotiations; and
- c. gives the Provider the information, authority and assistance the Provider needs to defend against or settle the claim.

11.2 If the Provider believes or it is determined that any of the Material may have violated a third party's intellectual property rights, the Provider may choose to either modify the Material to be non-infringing (while substantially preserving its utility or functionality) or obtain a license to allow for continued use, or if these alternatives are not commercially reasonable, the Provider may end the license for, and require return of, the applicable Material and refund any unused, prepaid fees the Recipient may have paid to the other party for such Material. If such return materially affects Oracle's ability to meet obligations under the relevant order, then Oracle may, upon 30 days prior written notice, terminate the order. If such Material is third party technology and the terms of the third party license do not allow us to terminate the license, then Oracle may, upon 30 days prior written notice, end the Services associated with such Material and refund any unused, prepaid fees for such Services.

11.3 The Provider will not indemnify the Recipient if the Recipient (a) alters the Material or uses it outside the scope of use identified in the Provider's user or program documentation or the User Guides, or (b) uses a version of the Material which has been superseded, if the infringement claim could have been avoided by using an unaltered current version of the Material which was made available to the Recipient. The Provider will not indemnify the Recipient to the extent that an infringement claim is based upon any Material not furnished by the Provider. Oracle will not indemnify Customer to the extent that an infringement claim is based on a Third Party Application or any Material from a third party portal or other external source that is accessible or made available to Customer within or by the Services (e.g., a social media post from a third party blog or forum, a third party Web page accessed via a hyperlink, marketing data from third party data providers, etc.).

11.4 This Section 11 provides the parties' exclusive remedy for any infringement claims or damages.

12. Governing Law and Jurisdiction. This Agreement is governed by the substantive and procedural laws of the State of California and each party agrees to submit to the exclusive jurisdiction of, and venue in, the courts in San Francisco or Santa Clara counties in California in any dispute arising out of or relating to this Agreement. The Uniform Computer Information Transactions Act does not apply to this Agreement or to orders placed under it. *{should be deleted outside of the U.S.}*

13. Export.

13.1 Export laws and regulations of the United States and any other relevant local export laws and regulations apply to the Services. Such export laws govern use of the Services (including technical data) and any Services deliverables provided under this Agreement, and Customer and Oracle each agree to comply with all such export laws and regulations (including "deemed export" and "deemed re-export" regulations). Customer agrees that no data, information, software programs and/or materials resulting from the Services (or direct product thereof) will be exported, directly or indirectly, in violation of these laws,

Subscription Services Agreement for Adi Insights

or will be used for any purpose prohibited by these laws including, without limitation, nuclear, chemical, or biological weapons proliferation, or development of missile technology.

13.2 Customer acknowledges that the Services are designed with capabilities for Customer and Customer Users to access the Services without regard to geographic location and to transfer or otherwise move Customer Data between the Services and other locations such as User workstations. Customer is solely responsible for the authorization and management of User accounts across geographic locations, as well as export control and geographic transfer of Customer Data.

14. General Provisions.

14.1. Entire Agreement.

14.1.1 Customer agrees that this Agreement and the information which is incorporated into this Agreement by written reference (including reference to information contained in a URL or referenced policy), together with Exhibits and the applicable Order(s), is the complete agreement for the Services ordered by Customer and supersedes all prior or contemporaneous agreements or representations, written or oral, regarding such Services.

14.1.2 Under no circumstances will the terms, conditions or provisions of any purchase order, invoice or other administrative document issued by Customer in connection to this Agreement be deemed to modify, alter or expand the rights, duties or obligations of the parties under, or otherwise modify, this Agreement, regardless of any failure of Oracle to object to such terms, provisions, or conditions. In the event of any inconsistencies between the terms of an Order and the Agreement, the Order shall take precedence.

14.1.3 The Agreement shall not be modified, or amended, except as expressly set forth herein, or in writing and signed or accepted electronically by the party against whom the modification, amendment or waiver is to be asserted, or by a properly executed Order or Statement of Work.

14.2. Other General Provisions.

14.2.1 This Agreement shall inure to benefit and bind the parties hereto, their successors and assigns, but neither party may assign this Agreement without written consent of the other, except that Oracle may assign without consent to a related entity or the successor of all or substantially all of the assignor's business or assets to which this Agreement relates. There are no third-party beneficiaries to this Agreement.

14.2.2 This Agreement does not create any joint venture, partnership, agency, or employment relationship between the parties.

14.2.3 Oracle's business partners and other third parties, including any third parties with which the Services have integrations or that are retained by Customer to provide consulting services, implementation services or applications that interact with the Services, are independent of Oracle and are not Oracle's agents. Oracle is not liable for, bound by, or responsible for any problems with the Services or Customer Data arising due to any acts of any such business partner or third party, unless the business partner or third party is providing Services as Oracle's subcontractor on an engagement ordered under this Agreement and, if so, then only to the same extent as Oracle would be responsible for our resources under this Agreement.

14.2.4 If any provision is held by a court of competent jurisdiction to be contrary to law, such provision shall be eliminated or limited to the minimum extent necessary so that this Agreement shall otherwise remain in full force and effect. A waiver of any breach under this Agreement should not constitute a waiver of any other breach or future breach.

14.2.5 Force Majeure. Neither party shall be liable for loss, delay, nonperformance (excluding payment obligations) to the extent resulting from any force majeure event, including, but not limited to, acts of God, strike, riot, fire, explosion, flood, earthquake, natural disaster, terrorism, act of war, civil unrest, criminal acts of third parties, failure of the Internet, governmental acts or orders or restrictions, failure of suppliers, labor stoppage or dispute (other than those involving Oracle employees), or shortage of materials, provided that such party uses reasonable efforts, under the circumstances, to notify the other party of the circumstances causing the delay and to resume performance as soon as possible and any delivery date shall be extended accordingly.

14.2.6 Non-Impediment. Nothing in this Agreement shall be construed as precluding or limiting in any way the right of Oracle to provide consulting, development, or other services of any kind to any individual or entity (including without limitation performing services or developing materials which are similar to and/or competitive with the Professional Services and/or deliverables hereunder).

14.2.7 Audit. Upon forty-five (45) days written notice and no more than once every twelve (12) months, Oracle may audit Customer's use of the Cloud Services to ensure Customer's use of the Cloud Services is in compliance with the terms of the applicable Order and this Agreement. Any such audit shall not unreasonably interfere with Customer's normal business operations. Customer agrees to cooperate with Oracle's audit and to provide reasonable assistance and access to information reasonably requested by Oracle. The performance of the audit and non-public data obtained during the audit (including findings or reports that result from the audit) shall be subject to the provisions of [section 8 \(Confidentiality\)](#) of this Agreement. If the audit identifies non-compliance, Customer agrees to remedy (which may include, without limitation, the payment of any fees for additional Cloud Services) such non-compliance within 30 days of written notification of that non-compliance.

Subscription Services Agreement for Adi Insights

Customer agrees that Oracle shall not be responsible for any of Customer's costs incurred in cooperating with the audit.

14.2.8 The Section headings used in this Agreement are included for reference purposes only and shall not affect the meaning or interpretation of this Agreement in any way. Provisions that survive termination or expiration of this Agreement are those relating to limitation of liability, indemnification, payment and others which by their nature are intended to survive. This Agreement may be executed in counterparts and/or by facsimile or electronic signature and if so executed shall be equally binding as an original copy of this Agreement executed in ink by both parties.

Exhibit 1

Professional Services Addendum

Subscription Services Agreement for Adi Insights

THIS PROFESSIONAL SERVICES ADDENDUM ("Addendum") is an addendum to the Subscription Services Agreement [for **Adi Insights**] (the "Agreement") between Oracle America, Inc. and Customer, as defined in the Agreement.

Customer has entered into the Agreement for the provision of the Service (as defined therein). If Customer procures Professional Services from Oracle then all such services shall be provided pursuant to the terms and conditions herein. Capitalized terms used in this Addendum shall have the meaning defined under the Agreement. **The terms and conditions of this Addendum are hereby incorporated by reference into the Agreement.** In the event of conflict between this Addendum and the Agreement, the terms and conditions of this Addendum shall prevail with respect to the subject matter herein. The terms in the Statements of Work related to the actual rates to be charged and the days and description of the Professional Services to be performed thereunder shall control as to the engagement described in that Statement of Work.

1. Scope of Services.

1.1 Subject to the terms and conditions of the Agreement and this Addendum, Oracle will provide Customer with Professional Services as set forth in the applicable statements of work executed by Oracle and Customer or an Order executed by Customer and accepted by Oracle (each, a "Statement of Work" or "SOW"). All Statements of Work shall be deemed part of and subject to this Addendum. Subject to terms and conditions of the Agreement, and during the Term, Customer shall have the non-exclusive, worldwide, limited right to use any deliverables and/or training materials delivered by Oracle to Customer as part of the Professional Services ("Deliverables") solely for Customer's internal business operations in connection with its authorized use of the applicable Cloud Service.

1.2 Terms and Conditions for Training.

1.2.1 Training Deliverables. Customer is solely responsible for any printing, shipping and copying charges for any training Deliverables. All electronic and hard copy versions of the training Deliverables are provided for Customer's internal training purposes only. Customer is prohibited from: (a) modifying the training Deliverables, unless otherwise authorized in writing by Oracle or set forth in an applicable SOW; (b) reselling or sublicensing any training Deliverables; and (c) utilizing the training Deliverables to replicate or attempt to perform the training, unless otherwise authorized in writing by Oracle or set forth in an applicable SOW; and (d) developing or attempting to develop any of the products described in such training Deliverables. Customer may not record, stream or otherwise capture any performance or aspect of the training Professional Services. Training Deliverables are not subject to any maintenance, support or updates.

1.2.2 For Onsite Delivery. Customer is responsible for providing appropriate training facilities for the training delivery, including without limitation Internet connectivity, student access to a Demo Account to which Customer may be granted access, projector, student computers and other reasonable classroom amenities.

1.2.3 Access to Demo Account. In connection with Oracle's provision of training hereunder, Oracle may provide attending Customer employees ("Training Users") with temporary and limited access to the Service solely for such Training Users' non-commercial use and receipt of training hereunder ("Demo Account"). Such Training Users' access to the Demo Account shall be subject to the terms and conditions that appear upon the initial provisioning or use of the Demo Account ("Trial Account Agreement"). The Trial Account Agreement may also be found at <https://www.oracle.com/corporate/contracts/cloud-services/netsuite/>. By selecting "I Agree" and/or accessing or using the Demo Account enabled for Customer by Oracle, Customer and the Training Users agree to the terms of such Trial Account Agreement in connection with Customer's use and the use by its Training Users of the Demo Account. Oracle has no obligation to provide any maintenance, support or updates with respect to Customer's use of the Demo Account.

2. Change Management Process. If Customer or Oracle requests a change in any of the specifications, requirements, Deliverables, or scope (including drawings and designs) of the Professional Services described in any Statement of Work, the party seeking the change shall propose the applicable changes by written notice. Within forty-eight (48) hours of receipt of the written notice, each party's project leads shall meet, either in person or via telephone conference, to discuss and agree upon the proposed changes. Oracle will prepare a change order describing the proposed changes to the Statement of Work and the applicable change in fees and expenses, if any (each, a "Change Order"). Change Orders are not binding unless and until they are executed by both parties. Executed Change Orders shall be deemed part of, and subject to, this Addendum. If the parties disagree about the proposed changes, the parties shall promptly escalate the change request to their respective senior management for resolution.

3. Tools. Notwithstanding any other provision of this Addendum: (i) nothing herein shall be construed to assign or transfer any intellectual property rights in the proprietary tools, libraries, know-how, techniques and expertise ("**Tools**") used by Oracle to develop the Deliverables, and to the extent such Tools are delivered with or as part of the Deliverables, they are made available on the same terms as the Deliverables; and (ii) the term "Deliverables" shall not include the Tools. Tools are Oracle Confidential Information. Customer customizations may require the use of the SuiteCloud features governed by the SuiteCloud Terms of Service at <https://www.oracle.com/corporate/contracts/cloud-services/netsuite/>.

Subscription Services Agreement for Adi Insights

4. Term. This Addendum shall be effective as of the Effective Date of the Agreement and shall continue in effect during the Term of the Agreement. Each SOW shall commence on the date it is last signed, and shall expire upon completion of the project set forth in the applicable SOW, or as otherwise set forth in the applicable SOW. Once signed by both parties, an SOW and/or an Order shall be non-cancellable, except as otherwise explicitly stated in such SOW or Order.

5. Subcontracting. Oracle's relationship with Customer pursuant to this Addendum will be that of an independent contractor. Neither party will have any authority to bind the other, to assume or create any obligation, to enter into any agreements, or to make any warranties or representations on behalf of the other.
