“We run a lean and efficient accounting department; thanks to Oracle Textura, we have one resource dedicated to all the subcontractor accounts payable across all our projects, which is roughly a billion dollars in revenue! We couldn't do it without this platform and service.”

**Lorie Eaker**, CCIFP, Controller, Adolfsen & Peterson Construction

## What you can do with Oracle Textura

### ✓ Improve productivity

Make applications and payments processes more efficient with streamlined workflows, automation, and ERP integration.

### ☑ Mitigate risk

Manage compliance requirements, adherence to UK construction legislation, including the Construction Act, and documentation with centralised tracking.

### ⚡ Accelerate cash flow

Remove friction from the payment process with early payment tools and integration into your ERP

### 🛡️ Foster trust

Offer visibility and transparency to all stakeholders with a single collaboration platform.

### 🏠 Easily access data

Easily access your payment data for reporting and analytics across projects with a 360-degree view of the supply chain.

### 🏢 Get expert support

Enjoy dedicated support at no extra cost during implementation and for as long as you use the application with Client Services.

“It's the software equivalent of a turnkey construction project. I've never seen another technology vendor so in-tune with the construction industry as it relates to their business strategy and pricing model.”

**Bryan Kaplan**, President, Reliance Construction Group
