Answer 1
LTRIM

Answer 2
TRIM

Answer 3
REMOVE

Answer 4
TRIM_LEFT

Answer 5
TRIM_LEADING

Answer(s) are below.

Oracle APEX News

[Try the Oracle APEX 23.2 Preview on apex.oracle.com!](#)

We have updated apex.oracle.com, our free APEX evaluation service, to a pre-production release of Oracle APEX 23.2! This is an early opportunity for you to try out this new release, familiarize yourself with the new features and enhancements, and start planning for the upgrade once it is generally available on [Oracle Cloud](#) or for [download](#).

Oracle APEX App Deployments made easy: Use the ORDS REST APIs

Every APEX developer knows how to **export and import applications** using the Application Builder. And since an APEX export file is actually a SQL script, it's also pretty obvious, that one can use **SQL*Plus** or **SQLcl** to deploy the application on the target system. Read this blog post to know more.
