Oracle Primavera Service Descriptions & Metrics

Effective Date: 12 September 2024

TABLE OF CONTENTS

Metric Definitions	4
Glossary	4
Oracle Primavera Cloud Service Descriptions	6
Oracle Primavera Schedule Cloud Service – Per Hosted Named User	6
Oracle Primavera Task Management Cloud Service – Per Hosted Named User	7
Oracle Primavera Progress Cloud Service – Per Hosted Named User	7
Oracle Primavera Portfolio and Capital Planning Cloud Service – Per Hosted Named User	8
Oracle Primavera Schedule Single Project Cloud Service – Per 1M of Project Value	9
Oracle Primavera Enterprise Cloud Service – Per 1M of Project Value Allowance	11
Oracle Primavera Cloud Service, Oracle Academy – Per Hosted Named User	13
Oracle Primavera Cloud For United States Department of Defense Service Descriptions	15
Oracle Primavera Schedule Cloud Service for United States Department of Defense – Per Hosted Named User	15
Oracle Primavera Task Management Cloud Service for United States Department of Defense – Per Hosted Named User	16
Oracle Primavera Progress Cloud Service for United States Department of Defense – Per Hosted Named User	17
Oracle Primavera Portfolio and Capital Planning Cloud Service for United States Department of Defense – Per Hosted Named User	17
Primavera P6 Service Descriptions	19
Primavera P6 Enterprise Project Portfolio Management Cloud Service – Per Hosted Named User	19
Primavera P6 Enterprise Project Portfolio Management Web Services Cloud Service	20
Primavera P6 Progress Reporter Cloud Service – Per Hosted Named User	21
Primavera P6 Cloud Service, Additional Production Environment – Per Hosted Named User	21
Primavera P6 Cloud Service, Additional Non-Production Environment	22
Primavera Virtual Desktop Cloud Service – Per Hosted Environment	23
Primavera P6 For United Kingdom Government Service Descriptions	25
Primavera P6 Enterprise Project Portfolio Management United Kingdom Government Cloud Service – Per Hosted Named User	25
Primavera P6 United Kingdom Government Cloud Service, Additional Production Environment – Per Hosted Named User	26
Primavera P6 United Kingdom Government Cloud Service, Additional Non-Production Environment	27
Primavera Unifier Service Descriptions	29
Primavera Unifier Cloud Service – Per Hosted Named User	29
Primavera Unifier External Collaborator Cloud Service – Per Hosted Named User	30
Primavera Unifier Cloud Service with NEC4 – Per Hosted Named User	31
Primavera Unifier External Collaborator Cloud Service with NEC4 – Per Hosted Named User	32

Primavera Unifier Cloud Service, Additional Non-Production Environment	33
Primavera Unifier For United Kingdom Government Service Descriptions	35
Primavera Unifier Cloud Service for United Kingdom Government – Per Hosted Named User	35
Primavera Unifier External Collaborator Cloud Service for United Kingdom Government – Per Hosted Named User	36
Primavera Unifier Cloud Service for United Kingdom Government with NEC4 – Per Hosted Named User	37
Primavera Unifier External Collaborator Cloud Service for United Kingdom Government with NEC4 – Per Hosted Named User	39
Primavera Unifier Cloud Service, Additional Non-Production Environment for United Kingdom Government	40
Primavera Submittal Exchange Service Descriptions	42
Primavera Submittal Exchange Single Project Cloud Service – Per Construction Project Value in Millions	42
Primavera Submittal Exchange Enterprise Cloud Service – Per \$M in Total Construction Value	42
Oracle Construction and Engineering Cloud Learning Subscription	44
Oracle Construction and Engineering Learning Subscription – Per Hosted Named User	44
Appendix 1 Oracle Integration for Construction and Engineering	45
Oracle Integration for Construction and Engineering	45
Appendix 2 On-Premises to Cloud Migration Support – Primavera Cloud Services	46
On-Premises to Cloud Migration Support	46
Oracle Construction & Engineering Global Business Unit Cloud Services – Retired Part Numbers	48

METRIC DEFINITIONS

1M of Project Value Allowance is defined as one million U.S. dollars (or the equivalent amount in local currency stated in the order) of the maximum cumulative Project Value Consumption covered by Your order.

1M of Project Value is defined as one million U.S. dollars (or the equivalent amount in local currency stated in the order) of the single Project Value covered by Your order.

Construction Project Value in Millions is defined as the cost for a Construction Project in millions that is managed through the Cloud Service over the duration of the Construction Project.

Hosted Employee: is defined as

- (i) all of your full-time, part-time, temporary employees, and
- (ii) all of your agents, contractors and consultants who have access to, use, or are tracked by the programs

The quantity of the licenses required is determined by the number of Employees and not the actual number of users.

In addition, if you elect to outsource any business function(s) to another company, the following must be counted for purposes of determining the number of Hosted Employees: all of the company's full-time employees, part-time employees, temporary employees, agents, contractors and consultants that (i) are providing the outsourcing services and (ii) have access to, use, or are tracked by the programs.

Hosted Named User is defined as an individual authorized by You to access the Cloud Service, regardless of whether the individual is actively accessing the service at any given time.

Nonproduction Environment is defined as a Hosted Environment that is specifically sized and designed (i) for functional testing and validating changes prior to their promotion to the Production Environment, (ii) for recreating events and duplicating issues occurring in the Production Environment for the purposes of troubleshooting and facilitating incident resolution, and (iii) for development, training, and testing purposes. The Nonproduction Environment may not be used for production purposes or for performance or stress testing, and any service levels, performance targets and disaster recovery described for the applicable Oracle Cloud Service are not applicable to Nonproduction Environments. The Nonproduction Environment is limited to 50 concurrent Users. The Nonproduction Environment may be refreshed, at Your request, no more than once per quarter. Note that only the database will be copied over. File repositories and user reports are not copied from production environment. Oracle periodically makes backups of non-production data for Oracle's sole use to limit data loss and service downtime in the event of a disaster.

\$M in Total Construction Value is defined as one Million U.S. Dollars (stated in Millions by local currency) of the annual total construction value managed by the Cloud Service.

GLOSSARY

Application Program refers to (a) the software owned or distributed by Oracle that You have ordered under an Oracle master agreement, (b) Program Documentation and (c) any Program updates acquired through technical support. Programs do not include Integrated Software or any Operating System or any software release prior to general availability (e.g., beta releases).

Automated Clearing House (ACH) is an electronic network for financial transactions in the United States. ACH processes large volumes of credit and debit transactions in batches. ACH credit transfers include direct deposit, payroll and vendor payments.

Base Cloud Service means the pre-requisite Oracle Cloud Service necessary for the optional cloud service to operate.

General Contractor is defined as a business or person that coordinates work of multiple Subcontractors on behalf of an Owner for a Project.

Gigabyte is defined as 1,000,000,000 bytes of storage space.

Hosted Environment is defined as the combination of hardware and software components owned, licensed or managed by Oracle to which Oracle grants You and Your Users access as part of the Oracle Cloud Services which You have ordered. A Hosted Environment can be used for only one type of Oracle Application Program. The number of Production Environments and Non-Production Environments will be specified in the applicable service description.

Location is defined as a single, physical office location of a client, which can have unlimited users per location.

Owner is defined as the party who is paying for and using the constructed building.

Project is defined as the scope of work to be performed using the Cloud Service with a defined scope, budget, and schedule.

Project Value Allowance or “PVA” is the maximum Project Value Consumption permitted within the Services Period of Your order before additional fees apply.

Project Value Consumption or “PVC” is the cumulative consumption of Project Value based on the proportion of Projects delivered during the Services Period identified in Your order.

Production Environment is defined as a Hosted Environment that is designed for daily commercial use and production operations of live data.

Project Value is defined as the cost for a Project that is managed through the Cloud Service over the duration of the Project.

Planroom is a virtual collaboration space with an externally available URL designed for storing, reviewing, and exchanging drawings during the preconstruction phase of a Project, often used for distributing documents to bidders.

Subcontractor is defined as a business or person that carries out work for a General Contractor as part of a larger Project.

ORACLE PRIMAVERA CLOUD SERVICE DESCRIPTIONS

Oracle Primavera Schedule Cloud Service – Per Hosted Named User

Part #: B108055

Users of the Oracle Primavera Schedule Cloud Service are authorized to access the following modules or functionalities:

- Resources
- Risk
- Schedule
- Scope
- Tasks
- Costs and Funds
- Timesheets
- My Activities
- Primavera Cloud Mobile
- Oracle Analytics Publisher*

* Usage is restricted to functionality integrated with Oracle Primavera Schedule Cloud Service. Direct access to Oracle Analytics Publisher is limited to users with BIAuthor role and for the sole purpose of creating or editing reports. Running reports directly in Oracle Analytics Publisher is not supported.

If acquired directly from Oracle, Your onboarding order of Oracle Primavera Schedule Cloud Service requires the Oracle Primavera Cloud Administrator Enablement Service and will automatically be included in your order; (if Your order includes Oracle Primavera Portfolio and Capital Planning Cloud Service, only one order of the Oracle Primavera Cloud Administrator Enablement Service is required).

Usage Limits: This Oracle Cloud Service supports both Production and Non-Production data and is subject to the following usage limits:

- A maximum number of Hosted Named Users as identified in Your order.
- Your Oracle Primavera Schedule Cloud Service tenant is restricted to the specified subscription metric in your order and all Cloud Services to be provisioned in a tenant must be licensed with the same metric. Cloud Services based on another metric must be provisioned in a separate, independent tenant.
- Files uploaded to Oracle Primavera Cloud, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera Cloud Project.

Disaster Recovery and Service Availability

As described in the Oracle Industries Cloud Services Pillar Document, this Oracle Cloud Service has the following Recovery Time Objective (RTO), Recovery Point Objective (RPO) and Target Service Availability Level:

Recovery Time Objective (RTO)	Recovery Point Objective (RPO)	Target Service Availability Level
12 hours	1 hour	99.5%

The Target Service Availability Level does not apply in the event of a declared disaster. The RTO and RPO do not apply to customizations or third party software.

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

Oracle Primavera Task Management Cloud Service – Per Hosted Named User

Part #: B108057

Users of the Oracle Primavera Task Management Cloud Service are authorized to access the following Oracle Primavera Lean modules or functionalities:

- Tasks
- Primavera Cloud Mobile

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- A maximum number of Hosted Named Users as identified in Your order.
- Files uploaded to Oracle Primavera Cloud, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera Cloud Project.

Pre-Requisite Base Service

In order to use this Oracle Cloud Service, You must first purchase Oracle Primavera Schedule Cloud Service – Per Hosted Named User (Part #: B108055).

Disaster Recovery and Service Availability

The RTO, RPO, and Target Service Availability Level of this Oracle Cloud Service are provided with the applicable base service.

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

Oracle Primavera Progress Cloud Service – Per Hosted Named User

Part #: B108058

Users of the Oracle Primavera Progress Cloud Service are authorized to access the following modules or functionalities:

- Submitting Timesheets
- My Activities
- Primavera Cloud Mobile (excluding tasks)

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- A maximum number of Hosted Named Users as identified in Your order.
- Files uploaded to Oracle Primavera Cloud, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera Cloud Project.

Pre-Requisite Base Service

In order to use this Oracle Cloud Service, You must first purchase Oracle Primavera Schedule Cloud Service – Per Hosted Named User (Part #: B108055).

Disaster Recovery and Service Availability

The RTO, RPO, and Target Service Availability Level of this Oracle Cloud Service are provided with the applicable base service.

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

Oracle Primavera Portfolio and Capital Planning Cloud Service – Per Hosted Named User

Part #: B108056

Users of the Oracle Primavera Portfolio and Capital Planning Cloud Service are authorized to access the following modules or functionalities:

- Costs and Funds
- Portfolio Analysis
- Resources
- Strategic Alignment
- Ideas
- Oracle Analytics Publisher*

* Usage is restricted to functionality integrated with Oracle Primavera Portfolio and Capital Planning Cloud Service. Direct access to Oracle Analytics Publisher is limited to users with BIAuthor role and for the sole purpose of creating or editing reports. Running reports directly in Oracle Analytics Publisher is not supported.

If acquired directly from Oracle, Your onboarding order of Oracle Primavera Portfolio and Capital Planning Cloud Service requires the Oracle Primavera Cloud Administrator Enablement Service and will automatically be included in your order; (if Your order includes Oracle Primavera Schedule Cloud Service, only one order of the Oracle Primavera Cloud Administrator Enablement Service is required).

Usage Limits: This Oracle Cloud Service supports both Production and Non-Production data and is subject to the following usage limits:

- A maximum number of Hosted Named Users as identified in Your order. This limit does not apply to the *Idea Submitter Only* user type.

- Your Oracle Primavera Portfolio and Capital Planning Cloud Service tenant is restricted to the specified subscription metric in your order and all Cloud Services to be provisioned in a tenant must be licensed with the same metric. Cloud Services based on another metric must be provisioned in a separate, independent tenant.
- Files uploaded to Oracle Primavera Cloud, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera Cloud Project.

Disaster Recovery and Service Availability

As described in the Oracle Industries Cloud Services Pillar Document, this Oracle Cloud Service has the following Recovery Time Objective (RTO), Recovery Point Objective (RPO) and Target Service Availability Level:

Recovery Time Objective (RTO)	Recovery Point Objective (RPO)	Target Service Availability Level
12 hours	1 hour	99.5%

The Target Service Availability Level does not apply in the event of a declared disaster. The RTO and RPO do not apply to customizations or third party software.

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

Oracle Primavera Schedule Single Project Cloud Service – Per 1M of Project Value

Part #: B108694

Users of the Oracle Primavera Schedule Single Project Cloud Service are authorized to access the following modules or functionalities:

- Resources
- Risk
- Schedule
- Scope
- Costs and Funds
- Tasks
- Timesheets
- My Activities
- Primavera Cloud Mobile
- Oracle Analytics Publisher*

* Usage is restricted to functionality integrated with Oracle Primavera Single Project Cloud Service. Direct access to Oracle Analytics Publisher is limited to users with BIAuthor role and for the sole purpose of creating or editing reports. Running reports directly in Oracle Analytics Publisher is not supported.

If acquired directly from Oracle, Your onboarding order of Oracle Primavera Schedule Single Project Cloud Service may require the Oracle Primavera Cloud Inclusive Service.

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- Access to the named Project as identified in Your order.
- For Your Single Project order per 1M of Project Value, You are allotted the maximum quantity of Project Value (in Millions) for the designated Project.
- You will notify Oracle of any change in Project Value (PV) during the Services Period, and in the event of an increase in PV during the Services Period, You agree to execute an order with Oracle to reflect such increase in PV in accordance with the below paragraph.
- Subject to You executing an order or amendment with Oracle, You may increase the Project Value during the Services Period of Your order and the additional fees charged will be based on the Project Value increase and backdated to include the entire duration of the Oracle Primavera Cloud Service as identified in Your order(s). Fees for the increased Project Value will be invoiced over the remaining duration of Your order.
- In the event You and Oracle agree to extend the Services Period related to a Project, the fees for such extension will be based on the duration of such extension, the total monthly unit net price as identified in Your order(s) and any Project Value increases.
- You are permitted to create additional projects to support the Single Project as identified in Your order (“Additional Projects”). The Additional Projects shall only be used for the following:
 - integration of external data with the named Single Project as identified in Your order; the Additional Projects must be accounted for in the Project Value identified in Your order
 - project(s) directly related to the Single Project identified in Your order; the Additional Projects must be accounted for in the Project Value identified in Your order
 - for non-production purposes in support of the Single Project as identified in your order
- Your Oracle Primavera Schedule Single Project Cloud Service tenant is restricted to the specified subscription metric in your order and all Cloud Services to be provisioned in a tenant must be licensed with the same metric. Cloud Services based on another metric must be provisioned in a separate, independent tenant.
- Files uploaded to Oracle Primavera Cloud, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera Cloud Project.

Disaster Recovery and Service Availability

As described in the Oracle Industries Cloud Services Pillar Document, this Oracle Cloud Service has the following Recovery Time Objective (RTO), Recovery Point Objective (RPO) and Target Service Availability Level:

Recovery Time Objective (RTO)	Recovery Point Objective (RPO)	Target Service Availability Level
12 hours	1 hour	99.5%

The Target Service Availability Level does not apply in the event of a declared disaster. The RTO and RPO do not apply to customizations or third party software.

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

Oracle Primavera Enterprise Cloud Service – Per 1M of Project Value Allowance

Part #: B108673

Users of the Oracle Primavera Enterprise Cloud Service per 1M of Project Value Allowance are authorized to access the following modules or functionalities:

- Resources
- Risk
- Schedule
- Scope
- Costs and Funds
- Tasks
- Timesheets
- My Activities
- Portfolio Analysis
- Strategic Alignment
- Ideas
- Primavera Cloud Mobile
- Oracle Analytics Publisher*

* Usage of Oracle Analytics Publisher is restricted to functionality integrated with Oracle Primavera Enterprise Cloud Service. Direct access to Oracle Analytics Publisher is limited to users with BIAuthor role and for the sole purpose of creating or editing reports. Running reports directly in Oracle Analytics Publisher is not supported.

If acquired directly from Oracle, Your onboarding order of Oracle Primavera Enterprise Cloud Service requires the Oracle Primavera Cloud Administrator Enablement Service and will automatically be included in your order.

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- Unlimited Projects up to a maximum quantity of 1M of Project Value Allowance (PVA) as identified in Your order.
- Project Value Consumption (PVC) commences when the Oracle Primavera Cloud Service is first used for the purposes of the Project delivery of Your scope for the applicable Project.
- During the Services Period, each Project will be deemed to consume Project Value (PV) and therefore be included in the calculation of PVC on a straight-line basis over the duration of the Project from commencement up to completion. If the forecast duration of the Project extends beyond the end of the Services Period end date specified in Your order, only that proportion of the Project Value on a straight-line basis prior to the end date of Your order is deemed to consume PVA.
- If the forecast duration or Project Value of any Project varies, then the PVC distribution will be

adjusted accordingly.

- Oracle may maintain a record of the details of each Project using the Services under Your order, recording PV and contribution to the PVC. Oracle and You will review the record periodically during the term of Your order to update and validate PVC and for Oracle, in its reasonable discretion, to determine whether the PVA or the scope of the order has been exceeded. You will notify Oracle of any change in a project's PV during the Services Period, and in the event of an increase in PV during the Services Period results in the PVA likely being exceeded, You agree to execute an order with Oracle to reflect such increase in PVA in accordance with the below paragraph.
- Subject to You executing an order or amendment with Oracle, You may increase the PVA during the Services Period of Your order and the additional fee for the PVA increase will be based on the monthly unit net price and will be backdated to the start of Your original order. Fees for the increased PVA will be invoiced over the remaining duration of Your original order.
- For Projects managed under a separate Single Project order, and where the order has expired but services are still required, You may elect to incorporate the Project under Your Enterprise order and only the forecast delivery of the Project will be included as PVC.
- Files uploaded to Oracle Primavera Cloud, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera Cloud Project.

Disaster Recovery and Service Availability

As described in the Oracle Industries Cloud Services Pillar Document, this Oracle Cloud Service has the following Recovery Time Objective (RTO), Recovery Point Objective (RPO) and Target Service Availability Level:

Recovery Time Objective (RTO)	Recovery Point Objective (RPO)	Target Service Availability Level
12 hours	1 hour	99.5%

The Target Service Availability Level does not apply in the event of a declared disaster. The RTO and RPO do not apply to customizations or third party software.

Oracle Cloud Policies and Pillar Documentation

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

Oracle Primavera Cloud Service, Oracle Academy – Per Hosted Named User

Part #: B95167

Users of the Oracle Primavera Cloud Service, Oracle Academy are authorized to access the following modules or functionalities:

- Resources
- Risk
- Schedule
- Scope
- Costs and Funds
- Tasks
- Timesheets
- My Activities
- Ideas
- Primavera Cloud Mobile
- Oracle Analytics Publisher*

* Usage is restricted to functionality integrated with Oracle Primavera Cloud Service, Oracle Academy. Direct access to Oracle Analytics Publisher is limited to users with BIAuthor role and for the sole purpose of creating or editing reports. Running reports directly in Oracle Analytics Publisher is not supported.

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- Your use is limited to the teaching of classes at an accredited educational institution in accordance with the Oracle Academy Institution Membership Agreement between You and Oracle. You must maintain a current, valid membership in the Oracle Academy. In the event Your membership in the Oracle Academy expires or is terminated during the services period, Your right to use the Oracle Primavera Cloud Service, Oracle Academy will immediately terminate.
- Usage is limited to training purposes only.
- A maximum number of Hosted Named Users as identified in Your order.
- Files uploaded to Oracle Primavera Cloud, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera Cloud Project.

Disaster Recovery and Service Availability

As described in the Oracle Industries Cloud Services Pillar Document, this Oracle Cloud Service has the following Recovery Time Objective (RTO), Recovery Point Objective (RPO) and Target Service Availability Level:

Recovery Time Objective (RTO)	Recovery Point Objective (RPO)	Target Service Availability Level
12 hours	1 hour	99.5%

The Target Service Availability Level does not apply in the event of a declared disaster. The RTO and RPO do not apply to customizations or third party software.

Oracle Cloud Policies and Pillar Documentation

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

ORACLE PRIMAVERA CLOUD FOR UNITED STATES DEPARTMENT OF DEFENSE SERVICE DESCRIPTIONS

Oracle Primavera Schedule Cloud Service for United States Department of Defense – Per Hosted Named User

Part #: B108111

Available in United States Only.

Oracle Primavera Schedule Cloud Service for United States Department of Defense is hosted within U.S. data centers, for both production and disaster recovery purposes, which provides an isolated hosting environment that aligns to the Risk Management Framework as defined by NIST SP 800-37, NIST SP 800-53, and FIPS 199. Physical access is enforced by an electronic access control system comprised of card readers and PIN pads as well as visual verification by security guards.

Authorization to Operate (ATO) support from a U.S. Cloud Operations public sector compliance analyst is included with this Cloud Service to assist customers who seek to complete the initial Federal Risk and Authorization Management Program (FedRAMP) and Defense Information Systems Agency (DISA) ATO process. Thereafter, Oracle will work with customers to maintain the Cloud Service in compliance with the FedRAMP and DISA requirements for managing and structuring FedRAMP and DISA authorization documentation packages. Oracle may, at its discretion, reuse suitable documentation to leverage prior assessments and FedRAMP and DISA authorization results. Oracle reserves the right to manage the Cloud Service as appropriate to meet FedRAMP and DISA requirements.

Users of the Oracle Primavera Schedule Cloud Service for United States Department of Defense are authorized to access the following modules or functionalities:

- Resources
- Risk
- Schedule
- Scope
- Tasks
- Costs and Funds
- Timesheets
- My Activities
- Primavera Cloud Mobile
- Oracle Analytics Publisher*

* Usage is restricted to functionality integrated with Oracle Primavera Schedule Cloud Service for United States Department of Defense. Direct access to Oracle Analytics Publisher is limited to users with BIAuthor role and for the sole purpose of creating or editing reports. Running reports directly in Oracle Analytics Publisher is not supported.

Usage Limits: This Oracle Cloud Service supports both Production and Non-Production data and is subject to the following usage limits:

- A maximum number of Hosted Named Users as identified in Your order.
- Files uploaded to Oracle Primavera Cloud, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera Cloud Project.

Disaster Recovery and Service Availability

As described in the Oracle Industries Cloud Services Pillar Document, this Oracle Cloud Service has the following Recovery Time Objective (RTO), Recovery Point Objective (RPO) and Target Service Availability Level for the Production Environment:

Recovery Time Objective (RTO)	Recovery Point Objective (RPO)	Target Service Availability Level
12 hours	1 hour	99.5%

The Target Service Availability Level does not apply in the event of a declared disaster. The RTO and RPO do not apply to customizations or third party software.

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

Oracle Primavera Task Management Cloud Service for United States Department of Defense – Per Hosted Named User

Part #: B108113

Users of the Oracle Primavera Task Management Cloud Service for United States Department of Defense are authorized to access the following Oracle Primavera Lean modules or functionalities:

- Tasks
- Primavera Cloud Mobile

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- A maximum number of Hosted Named Users as identified in Your order.
- Files uploaded to Oracle Primavera Cloud, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera Cloud Project.

Pre-Requisite Base Service

In order to use this Oracle Cloud Service, You must first purchase Oracle Primavera Schedule Cloud Service for United States Department of Defense – Per Hosted Named User (Part #: B108111).

Disaster Recovery and Service Availability

The RTO, RPO, and Target Service Availability Level of this Oracle Cloud Service are provided with the applicable base service.

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

Oracle Primavera Progress Cloud Service for United States Department of Defense – Per Hosted Named User

Part #: B108114

Users of the Oracle Primavera Progress Cloud Service for United States Department of Defense are authorized to access the following modules or functionalities:

- Submitting Timesheets
- My Activities
- Primavera Cloud Mobile (excluding tasks)

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- A maximum number of Hosted Named Users as identified in Your order.
- Files uploaded to Oracle Primavera Cloud, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera Cloud Project.

Pre-Requisite Base Service

In order to use this Oracle Cloud Service, You must first purchase Oracle Primavera Schedule Cloud Service for United States Department of Defense – Per Hosted Named User (Part #: B108111).

Disaster Recovery and Service Availability

The RTO, RPO, and Target Service Availability Level of this Oracle Cloud Service are provided with the applicable base service.

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

Oracle Primavera Portfolio and Capital Planning Cloud Service for United States Department of Defense – Per Hosted Named User

Part #: B108112

Available in United States Only.

Oracle Primavera Portfolio and Capital Planning Cloud Service for United States Department of Defense is hosted within U.S. data centers, for both production and disaster recovery purposes, which provides an isolated hosting environment that aligns to the Risk Management Framework as defined by NIST SP 800-37, NIST SP 800-53, and FIPS 199. Physical access is enforced by an electronic access control system comprised of card readers and PIN pads as well as visual verification by security guards.

Authorization to Operate (ATO) support from a U.S. Cloud Operations public sector compliance analyst is included with this Cloud Service to assist customers who seek to complete the initial Federal Risk and Authorization Management Program (FedRAMP) and Defense Information Systems Agency (DISA) ATO process. Thereafter, Oracle will work with customers to maintain the Cloud Service in compliance

with the FedRAMP and DISA requirements for managing and structuring FedRAMP and DISA authorization documentation packages. Oracle may, at its discretion, reuse suitable documentation to leverage prior assessments and FedRAMP and DISA authorization results. Oracle reserves the right to manage the Cloud Service as appropriate to meet FedRAMP and DISA requirements.

Users of the Oracle Primavera Portfolio and Capital Planning Cloud Service for United States Department of Defense are authorized to access the following modules or functionalities:

- Costs and Funds
- Portfolio Analysis
- Resources
- Strategic Alignment
- Ideas
- Oracle Analytics Publisher*

* Usage is restricted to functionality integrated with Oracle Primavera Portfolio and Capital Planning Cloud Service for United States Department of Defense. Direct access to Oracle Analytics Publisher is limited to users with BIAuthor role and for the sole purpose of creating or editing reports. Running reports directly in Oracle Analytics Publisher is not supported.

Usage Limits: This Oracle Cloud Service supports both Production and Non-Production data and is subject to the following usage limits:

- A maximum number of Hosted Named Users as identified in Your order. This limit does not apply to the *Idea Submitter Only* user type.
- Files uploaded to Oracle Primavera Cloud, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera Cloud Project.

Disaster Recovery and Service Availability

As described in the Oracle Industries Cloud Services Pillar Document, this Oracle Cloud Service has the following Recovery Time Objective (RTO), Recovery Point Objective (RPO) and Target Service Availability Level for the Production Environment:

Recovery Time Objective (RTO)	Recovery Point Objective (RPO)	Target Service Availability Level
12 hours	1 hour	99.5%

The Target Service Availability Level does not apply in the event of a declared disaster. The RTO and RPO do not apply to customizations or third party software.

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

PRIMAVERA P6 SERVICE DESCRIPTIONS

Primavera P6 Enterprise Project Portfolio Management Cloud Service – Per Hosted Named User

Part #: B76057

Users of the Primavera P6 Enterprise Project Portfolio Management Cloud Service are authorized to access the following modules or functionalities:

- Primavera P6 Enterprise Project Portfolio Management
- Primavera P6 Professional
- Primavera P6 Enterprise Project Portfolio Management Web Services
- Primavera P6 Team Member
- Oracle Analytics Publisher*
- Oracle UPK Server **
- On-premises to Cloud Migration Support; as described in Appendix 2 to these Service Descriptions
- Primavera Gateway***

* Usage is restricted to functionality integrated with P6 Enterprise Project Portfolio Management Cloud Service. Direct access to Oracle Analytics Publisher is limited to users with BIAuthor role and for the sole purpose of creating or editing reports. Running reports directly in Oracle Analytics Publisher is not supported.

** You are responsible for providing content to be hosted in UPK Server

*** Primavera Gateway provides for the exclusive use of integrating Primavera P6 Enterprise Project Portfolio Management Cloud Service with other Primavera Cloud Services

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- A maximum number of Hosted Named Users as identified in Your order
- Oracle will provision two (2) Environments for this Cloud Service: Production and Non-Production.
- Additional Non-Production Environments may be purchased subject to additional fees.
- Files uploaded to Primavera P6 Enterprise Project Portfolio Management, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera P6 Enterprise Project Portfolio Management Project.

Disaster Recovery and Service Availability

As described in the Oracle Industries Cloud Services Pillar Document, this Oracle Cloud Service has the following Recovery Time Objective (RTO), Recovery Point Objective (RPO) and Target Service Availability Level for the Production Environment:

Recovery Time Objective (RTO)	Recovery Point Objective (RPO)	Target Service Availability Level
72 hours	2 hour	99.5%

The RTO, RPO, and Target Service Availability Level do not apply to the Non-Production Environment(s). The Target Service Availability Level does not apply in the event of a declared disaster. The RTO and RPO do not apply to customizations or third party software.

Oracle Cloud Policies and Pillar Documentation:

Primavera P6 Enterprise Project Portfolio Management Web Services Cloud Service

Part #: B76059 – Per Hosted Named User

Part #: B90370 – Per Hosted Employee

Users of the Primavera P6 Enterprise Project Portfolio Management Web Services Cloud Service are authorized to access the following modules or functionalities:

- Primavera P6 Enterprise Project Portfolio Management Web Services

To use this Primavera P6 Enterprise Project Portfolio Management Web Services Cloud Service, You are required to first purchase and maintain Primavera P6 Enterprise Project Portfolio Management Cloud Service (base Cloud service) for the duration of the Primavera P6 Enterprise Project Portfolio Management Web Services Cloud Service.

Usage Limits: This Oracle Cloud Service is subject to usage limits based on:

- A maximum number of Hosted Named Users or Hosted Employees as identified in Your order.
- Files uploaded to Primavera P6 Enterprise Project Portfolio Management, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera P6 Enterprise Project Portfolio Management Project.

Pre-Requisite Base Service

In order to use this Oracle Cloud Service, You must first purchase one of the following:

- Primavera P6 Enterprise Project Portfolio Management Cloud Service – Per Hosted Named User (Part #: B76057)
- Primavera P6 Enterprise Project Portfolio Management United Kingdom Government Cloud Service – Per Hosted Named User (Part #: B96106)

Disaster Recovery and Service Availability

The RTO, RPO, and Target Service Availability Level of this Oracle Cloud Service are provided with the applicable base service.

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

Primavera P6 Progress Reporter Cloud Service – Per Hosted Named User

Part #: B76058

Users of the Primavera P6 Progress Reporter Cloud Service are authorized to access the Primavera P6 Team Member module.

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- A maximum number of Hosted Named Users as identified in Your order.
- Files uploaded to Primavera P6 Enterprise Project Portfolio Management, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera P6 Enterprise Project Portfolio Management Project.

Pre-Requisite Base Service

In order to use this Oracle Cloud Service, You must first purchase one of the following:

- Primavera P6 Enterprise Project Portfolio Management Cloud Service – Per Hosted Named User (Part #: B76057)
- Primavera P6 Enterprise Project Portfolio Management United Kingdom Government Cloud Service – Per Hosted Named User (Part #: B96106)

Disaster Recovery and Service Availability

The RTO, RPO, and Target Service Availability Level of this Oracle Cloud Service are provided with the applicable base service.

Oracle Cloud Policies

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

Primavera P6 Cloud Service, Additional Production Environment – Per Hosted Named User

(Formerly known as Primavera P6 Cloud Service, Additional Production Database – Per Hosted Named User; formerly known as Primavera Cloud Service Additional Production Database – Production Environment)

Part #: B82760

The Primavera P6 Cloud Service, Additional Production Environment provides for one additional production access point within an existing full deployment of Primavera P6 Enterprise Project Portfolio Management Cloud Service, separately purchased by You.

Each Additional Production Environment will be created as a separate schema within the production instance of the base Primavera Cloud Service listed above. All backup and restore activities are performed at the instance level of the Primavera Cloud Service and all schemas within the instance will be backed up and restored together. The maintenance or upgrade schedule for the Additional Production Environment will be the same as the schedule for the Production Environment of the Primavera Cloud Service. If You ordered more than one Primavera P6 Cloud Service, Additional

Production Environment, Oracle will logically separate, and provide You with a unique URL for each such environment within the Production Environment of the Primavera Cloud Service.

If Your Production Environment includes Primavera Analytics Cloud Service, each Primavera P6 Cloud Service, Additional Production Environment is integrated to your single Production Environment of Primavera Analytics Cloud Service.

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- A maximum number of Hosted Named Users for Your Primavera Cloud Service as identified in Your order.
- Each Hosted Named User of the Additional Production Environment must also be a Hosted Named User of the base cloud service (B76057, Primavera P6 Enterprise Project Portfolio Management Cloud Service).
- Files uploaded to Primavera P6 Enterprise Project Portfolio Management, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera P6 Enterprise Project Portfolio Management Project.

The Primavera P6 Cloud Service, Additional Production Environment is for production purposes only. For Non-Production access to the additional production environment, a Primavera P6 Cloud Service or Primavera Unifier Cloud Service, Additional Non-Production Environment is required.

Pre-Requisite Base Service

In order to use this Oracle Cloud Service, You must first purchase Primavera P6 Enterprise Project Portfolio Management Cloud Service – Per Hosted Named User (Part #: B76057).

Disaster Recovery and Service Availability

The RTO, RPO, and Target Service Availability Level of this Oracle Cloud Service are provided with the applicable base service.

Oracle Cloud Policies and Pillar Documentation

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

Primavera P6 Cloud Service, Additional Non-Production Environment

Part #: B99737

The Primavera P6 Cloud Service, Additional Non-Production Environment includes one additional Non-Production Environment within Your Primavera P6 Cloud Service which may be used only for non-production activities.

The Additional Non-Production Environment is provisioned as an unconfigured environment and users are authorized to access the same functionalities available in one of the following:

- Your Primavera P6 Enterprise Project Portfolio Management Cloud Service Production Environment or
- Your Primavera P6 Cloud Service, Additional Production Environment (each Primavera P6 Cloud Service, Additional Production Environment requires a separate purchase of Primavera

P6 Cloud Service, Additional Non-Production Environment.)

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- The Additional Non-Production Environment will share the same Identity Manager instance as the Production Environment.
- Files uploaded to Primavera P6 Cloud Service, Additional Non-Production Environment, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera Project or workspace.

Pre-Requisite Base Service

In order to use this Oracle Cloud Service, You must first purchase Primavera P6 Enterprise Project Portfolio Management Cloud Service – Per Hosted Named User (Part #: B76057).

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

Primavera Virtual Desktop Cloud Service – Per Hosted Environment

Part # B85990

Users of this Oracle Cloud Service will be authorized to access the following module:

- Primavera Virtual Desktop Cloud Service

To use the Primavera Virtual Desktop Cloud Service, You are required to first purchase and maintain the Oracle Primavera P6 Enterprise Project Portfolio Management Cloud Service. If the Primavera P6 Enterprise Project Portfolio Management Cloud Service lapses or otherwise ends, the Primavera Virtual Desktop Cloud Service will also automatically end. Disaster Recovery is not available for this service.

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- A maximum number of Hosted Environments as identified in Your order.
- Oracle will provision one Primavera Virtual Desktop Environment for this Cloud Service which allows Your users to access both Primavera P6 Enterprise Project Portfolio Management Production and Non-Production Environments.
- For each Hosted Environment, You may authorize up to the following maximum number of Users: the lesser of 80 Users or the number of User subscriptions purchased under Your P6 Enterprise Project Portfolio Management Cloud Service that will use the Primavera P6 Professional module.

High levels of use of the Primavera P6 Enterprise Project Portfolio Management Cloud Service (e.g., high number of concurrent active Users or large size of projects being loaded) may consume the CPU and memory resources of the Primavera Virtual Desktop Cloud Service and adversely affect service performance. Oracle is not responsible for such performance issues. To mitigate the impact resulting from high levels of use of the Primavera P6 Enterprise Project Portfolio Management Cloud Service, You must purchase additional Hosted Environments of the Primavera Virtual Desktop Cloud Service.

To use Your Primavera Virtual Desktop Cloud Service with ‘*Primavera P6 Cloud Service, Additional Production Environment*’ or ‘*Primavera P6 Cloud Service, Additional Non-Production Environment*’ or ‘*Primavera P6 Cloud Service or Primavera Unifier Cloud Service, Additional Non-Production Environment*’, you must submit a request to My Oracle Support.

Disaster Recovery and Service Availability

As described in the Oracle Global Business Unit Cloud Services Pillar Document, the Recovery Time Objective (RTO), Recovery Point Objective (RPO) and Target Service Availability Level for this Oracle Cloud Service are the same as described in the service description for the applicable base Cloud Service.

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies and GBU Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts; however, the Disaster Recovery Service Policy does not apply to this Oracle Cloud Service

PRIMAVERA P6 FOR UNITED KINGDOM GOVERNMENT SERVICE DESCRIPTIONS

Primavera P6 Enterprise Project Portfolio Management United Kingdom Government Cloud Service – Per Hosted Named User

Part #: B96106

Available in United Kingdom Only

For this Primavera P6 Enterprise Project Portfolio Management United Kingdom Government Cloud Service, Your Content is hosted within a UK-based data center for both production and disaster recovery purposes.

Oracle's access to Your transactional data stored in the Cloud Service will be restricted to UK Nationals who are residing in UK unless You provide prior written consent. UK Nationals with access to Your transactional data will also have a minimum of SC Clearance provided that (i) Oracle has the continued ability to sponsor applications for SC clearance; and/or (ii) a central government department has agreed to sponsor individuals for SC clearance where required by Oracle, if requested to do so.

The Primavera P6 Enterprise Project Portfolio Management United Kingdom Government Cloud Service includes support from a UK Cloud Operations public sector compliance analyst to assist You with Your initial assessment against the Supplier Assurance Framework and Cloud Security Principles.

This Cloud Service, as of May 2023, has received a Cyber Essentials Plus certification and complies with the requirements of the Cyber Essentials scheme.

Oracle will endeavor to maintain this Cloud Service to meet the requirements of Cyber Essentials and Cyber Essentials Plus and to align with the National Cyber Security Centre (NCSC) Cloud Security Principles.

Users of the Primavera P6 Enterprise Project Portfolio Management United Kingdom Government Cloud Service are authorized to access the following modules or functionalities:

- Primavera P6 Enterprise Project Portfolio Management
- Primavera P6 Professional
- Primavera P6 Enterprise Project Portfolio Management Web Services
- Primavera P6 Team Member
- Oracle Analytics Publisher*
- Primavera Gateway**

* Usage is restricted to functionality integrated with P6 Enterprise Project Portfolio Management United Kingdom Government Cloud Service. Direct access to Oracle Analytics Publisher is limited to users with BIAuthor role and for the sole purpose of creating or editing reports. Running reports directly in Oracle Analytics Publisher is not supported.

** Primavera Gateway provides for the exclusive use of integrating Primavera P6 Enterprise Project Portfolio Management Cloud Service with other Primavera Cloud Services

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- A maximum number of Hosted Named Users as identified in Your order
- Oracle will provision two (2) Environments for this Cloud Service: Production and Non-Production.
- Files uploaded to Primavera P6 Enterprise Project Portfolio Management, including but not

limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera P6 Enterprise Project Portfolio Management Project.

Disaster Recovery and Service Availability

As described in the Oracle Industries Cloud Services Pillar Document, this Oracle Cloud Service has the following Recovery Time Objective (RTO), Recovery Point Objective (RPO) and Target Service Availability Level for the Production Environment:

Recovery Time Objective (RTO)	Recovery Point Objective (RPO)	Target Service Availability Level
12 hours	1 hour	99.5%

The RTO, RPO, and Target Service Availability Level do not apply to the Non-Production Environment(s). The Target Service Availability Level does not apply in the event of a declared disaster. The RTO and RPO do not apply to customizations or third party software.

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

Primavera P6 United Kingdom Government Cloud Service, Additional Production Environment – Per Hosted Named User

Part #: B96636

Available in United Kingdom Only

The Primavera P6 United Kingdom Government Cloud Service, Additional Production Environment includes one additional production access point within an existing full deployment of Primavera P6 Enterprise Project Portfolio Management United Kingdom Government Cloud Service, separately purchased by You.

Each Additional Production Environment will be created as a separate schema within the production instance of the base Primavera Cloud Service listed above. All backup and restore activities are performed at the instance level of the Primavera Cloud Service and all schemas within the instance will be backed up and restored together.

The maintenance or upgrade schedule for the Additional Production Environment will be the same as the schedule for the Production Environment of the Primavera Cloud Service. If You order more than one Primavera P6 United Kingdom Government Cloud Service, Additional Production Environment, Oracle will logically separate, and provide You with a unique URL for each such environment within the Production Environment of the Primavera Cloud Service.

This Cloud Service, as of May 2023, has received a Cyber Essentials Plus certification and complies with the requirements of the Cyber Essentials scheme.

Oracle will endeavor to maintain this Cloud Service to meet the requirements of Cyber Essentials and Cyber Essentials Plus and to align with the National Cyber Security Centre (NCSC) Cloud Security Principles.

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- A maximum number of Hosted Named Users for Your Primavera Cloud Service as identified in Your order.
- Each Hosted Named User of the Additional Production Environment must also be a Hosted Named User of the base cloud service (B96106, Primavera P6 Enterprise Project Portfolio Management United Kingdom Government Cloud Service).
- Files uploaded to the Cloud Service, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera P6 Enterprise Project Portfolio Management Project.

The Primavera P6 United Kingdom Government Cloud Service, Additional Production Environment is for production purposes only. For non-production access to the additional production environment, a Primavera P6 United Kingdom Government Cloud Service, Additional Non-Production Environment is required.

Pre-Requisite Base Service

In order to use this Oracle Cloud Service, You must first purchase Primavera P6 Enterprise Project Portfolio Management United Kingdom Government Cloud Service – Per Hosted Named User (Part #: B96106).

Disaster Recovery and Service Availability

The RTO, RPO, and Target Service Availability Level of this Oracle Cloud Service are provided with the applicable base service.

Oracle Cloud Policies and Pillar Documentation

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

Primavera P6 United Kingdom Government Cloud Service, Additional Non-Production Environment

Part #: B96637

Available in United Kingdom Only

The Primavera P6 United Kingdom Government Cloud Service, Additional Non-Production Environment includes an additional Non-Production Environment within Your Primavera P6 Cloud Service which may be used only for non-production activities.

This Cloud Service, as of May 2023, has received a Cyber Essentials Plus certification and complies with the requirements of the Cyber Essentials scheme.

Oracle will endeavor to maintain this Cloud Service to meet the requirements of Cyber Essentials and Cyber Essentials Plus and to align with the National Cyber Security Centre (NCSC) Cloud Security Principles.

The maintenance or upgrade schedule for the Additional Non-Production Environment will be the same as the schedule for Your Production Environment unless You request the Additional Non-Production Environment be upgraded to a newer version prior to Your Production Environment upgrade.

The Additional Non-Production Environment is provisioned as an unconfigured environment and users are authorized to access the same functionalities available in one of the following:

- Your Primavera P6 Enterprise Project Portfolio Management United Kingdom Government Cloud Service Production Environment, or
- Your Primavera P6 United Kingdom Government Cloud Service, Additional Production Environment. (Each Primavera P6 United Kingdom Government Cloud Service, Additional Production Environment requires a separate purchase of Primavera P6 United Kingdom Government Cloud Service, Additional Non-Production Environment.)

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- The Additional Non-Production Environment will share the same Identity Manager instance as the Production Environment.
- Files uploaded to the Primavera P6 United Kingdom Government Cloud Service, Additional Non-Production Environment, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera Project or workspace.

Pre-Requisite Base Service

In order to use this Oracle Cloud Service, You must first purchase Primavera P6 Enterprise Project Portfolio Management United Kingdom Government Cloud Service – Per Hosted Named User (Part #: B96106).

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

PRIMAVERA UNIFIER SERVICE DESCRIPTIONS

Primavera Unifier Cloud Service – Per Hosted Named User

Part #: B99733

Users of the Primavera Unifier Project Controls Cloud Service are authorized to access the following modules or functionalities:

- Business Processes
- Cost Management
- Document Management
- Portfolio Management
- Schedule Management
- User Management
- Self-Service Portal
- uDesigner
- Oracle Integration for Construction and Engineering; as described in [Appendix 1](#) to these Service Descriptions
- Reporting*

** Usage of Oracle Analytics Publisher is restricted to functionality integrated with Primavera Unifier Cloud Service. Direct access to Oracle Analytics Publisher is limited to users with BIAuthor role and for the sole purpose of creating or editing reports. Running reports directly in Oracle Analytics Publisher is not supported.*

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- A maximum number of Hosted Named Users as identified in Your order.
- Oracle will provision two (2) Environments for this Cloud Service: Production and Non-Production.
- Files uploaded to Primavera Unifier, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera Unifier workspace.
- Oracle reserves the right to limit storage of certain video file formats uploaded to Primavera Unifier, including but not limited to .mov, .wmv, .avi, .avchd, .flv, .f4v, .swf, .mkv, .webm and .html5 formats, if Your maximum aggregate data storage exceeds one terabyte (1 TB).
- Additional Non-Production Environments may be purchased subject to additional fees.

Disaster Recovery and Service Availability

As described in the Oracle Industries Cloud Services Pillar Document, this Oracle Cloud Service has the following Recovery Time Objective (RTO), Recovery Point Objective (RPO) and Target Service Availability Level for the Production Environment:

Recovery Time Objective (RTO)	Recovery Point Objective (RPO)	Target Service Availability Level
72 hours	2 hour	99.5%

The RTO, RPO, and Target Service Availability Level do not apply to the Non-Production Environment(s). The Target Service Availability Level does not apply in the event of a declared disaster. The RTO and RPO do not apply to customizations or third party software.

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

Primavera Unifier External Collaborator Cloud Service – Per Hosted Named User

Part #: B99735

Users of the Primavera Unifier External Collaborator Cloud Service are authorized to access the following modules or functionalities:

- Document Manager
- Business Processes*
- Mailbox**

* Limited to multi-record business processes at the shell level

** Excludes Project Mailbox

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- A maximum number of Hosted Named Users as identified in Your order
- Each Hosted Named User must be a member of a Primavera Unifier Cloud Service Partner Company and be considered Your agent, contractor or consultant who has access to, use, or are tracked by the program. For clarification purposes only, a Partner Company is a consultant, contractor, subsidiary, or vendor company which is associated with You and may work with You on all, or only some, of Your projects or shells. For more information on Primavera Unifier projects and shells, refer to the program documentation.
- Files uploaded to Primavera Unifier, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera Unifier workspace.
- Oracle reserves the right to limit storage of certain video file formats uploaded to Primavera Unifier, including but not limited to .mov, .wmv, .avi, .avchd, .flv, .f4v, .swf, .mkv, .webm and .html5 formats, if Your maximum aggregate data storage exceeds one terabyte (1 TB).

Pre-Requisite Base Service

In order to use this Oracle Cloud Service, You must first purchase Primavera Unifier Cloud Service – Per Hosted Named User (Part #: B99733).

Disaster Recovery and Service Availability

The RTO, RPO, and Target Service Availability Level of this Oracle Cloud Service are provided with the applicable base service.

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

Primavera Unifier Cloud Service with NEC4 – Per Hosted Named User

Part #: B99163

Users of the Primavera Unifier Cloud Service with NEC4 are authorized to access the following modules or functionalities:

- NEC4 Configuration Package (pre-configured NEC4-compliant workflows and forms)
- Business Processes
- Cost Management
- Document Management
- Portfolio Management
- Schedule Management
- User Management
- Self-Service Portal
- uDesigner
- Oracle Integration for Construction and Engineering; as described in [Appendix 1](#) to these Service Descriptions
- Reporting*

** Usage of Oracle Analytics Publisher is restricted to functionality integrated with Primavera Unifier Cloud Service with NEC4. Direct access to Oracle Analytics Publisher is limited to users with BIAuthor role and for the sole purpose of creating or editing reports. Running reports directly in Oracle Analytics Publisher is not supported.*

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- A maximum number of Hosted Named Users as identified in Your order. This limit does not apply to users assigned the Self-Service Portal User Type.
- Oracle will provision two (2) Hosted Environments for this Cloud Service: Production and Non-Production
- Files uploaded to Primavera Unifier, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera Unifier workspace.
- Oracle reserves the right to limit storage of certain video file formats uploaded to Primavera Unifier, including but not limited to .mov, .wmv, .avi, .avchd, .flv, .f4v, .swf, .mkv, .webm and .html5 formats, if Your maximum aggregate data storage exceeds one terabyte (1 TB).

NEC4 Configuration Package

Upon provisioning, you will have access to a Primavera Unifier configuration package that contains a configuration based on the New Engineering Contract (NEC4) standards which includes NEC4-compliant workflows and forms. This package is a one-time import and cannot be updated with any new versions of the package that are available in the future.

In addition, in order to roll up NEC4 contract costs to the project level within Primavera Unifier, you are required to either 1) purchase, implement, and configure a middleware solution supporting REST services to automate this process (either through Oracle Consulting, an Oracle partner, or using your own resources), or 2) perform manual steps at a frequency of your choosing (e.g., monthly).

The configuration package has been built by a third party, RPC UK Ltd., in partnership with Oracle. During Your Service Period, Your Personal Information, including but not necessarily limited to contact information and Your Oracle Support Request details, may be shared with RPC UK Ltd. for support issue resolution purposes only. RPC UK Ltd. may contact you directly to help resolve such support issues.

Disaster Recovery and Service Availability

As described in the Oracle Industries Cloud Services Pillar Document, this Oracle Cloud Service has the following Recovery Time and Recovery Point Objectives and Target Service Availability Level for the Production Environment:

Recovery Time Objective (RTO)	Recovery Point Objective (RPO)	Target Service Availability Level
72 hours	2 hours	99.5%

The RTO, RPO, and Target Service Availability Level do not apply to the Non-Production Environment(s). The Target Service Availability Level does not apply in the event of a declared disaster. The RTO and RPO do not apply to customizations or third party software.

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

Primavera Unifier External Collaborator Cloud Service with NEC4 – Per Hosted Named User

Part #: B99164

Users of the Primavera Unifier External Collaborator Cloud Service with NEC4 are authorized to access the following modules or functionalities:

- Document Management
- Business Processes*
- Mailbox**

* Limited to multi-record business processes at the shell level

** Excludes Project Mailbox

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- A maximum number of Hosted Named Users as identified in Your order
- Each Hosted Named User must be a member of a Primavera Unifier Cloud Service Partner

Company and be considered Your agent, contractor or consultant who has access to, use, or are tracked by the program. For clarification purposes only, a Partner Company is a consultant, contractor, subsidiary, or vendor company which is associated with You and may work with You on all, or only some, of Your projects or shells. For more information on Primavera Unifier projects and shells, refer to the program documentation.

- Files uploaded to Primavera Unifier, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera Unifier workspace.
- Oracle reserves the right to limit storage of certain video file formats uploaded to Primavera Unifier, including but not limited to .mov, .wmv, .avi, .avchd, .flv, .f4v, .swf, .mkv, .webm and .html5 formats, if Your maximum aggregate data storage exceeds one terabyte (1 TB).

Pre-Requisite Base Service

In order to use this Oracle Cloud Service, You must first purchase the following base service: Primavera Unifier Cloud Service with NEC4 – Per Hosted Named User (Part #: B99163)

Disaster Recovery and Service Availability

The RTO, RPO, and Target Service Availability Level of this Oracle Cloud Service are provided with the applicable base service.

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

Primavera Unifier Cloud Service, Additional Non-Production Environment

Part #: B99736

The Primavera Unifier Cloud Service, Additional Non-Production Environment includes one additional Non-Production Environment for Your Primavera Unifier Cloud Service which may be used only for Non-Production activities.

The Additional Non-Production Environment is provisioned as an unconfigured environment and users are authorized to access the same functionalities available in Your Primavera Unifier Cloud Service Production Environment.

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- The Additional Non-Production Environment will share the same Identity Manager instance as the Production Environment.
- Files uploaded to the Primavera Unifier Cloud Service, Additional Non-Production Environment, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera Project or workspace.

Pre-Requisite Base Service

In order to use this Oracle Cloud Service, You must first purchase the following pre-requisite cloud service:

- Primavera Unifier Cloud Service – Per Hosted Named User (Part #: B99733)

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies and GBU Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts.

PRIMAVERA UNIFIER FOR UNITED KINGDOM GOVERNMENT SERVICE DESCRIPTIONS

Primavera Unifier Cloud Service for United Kingdom Government – Per Hosted Named User

Part #: B99738

Available in United Kingdom Only

For this Primavera Unifier Cloud Service for United Kingdom Government, Your Content is hosted within a UK-based data center for both production and disaster recovery purposes.

Oracle's access to Your transactional data stored in the Cloud Service will be restricted to UK Nationals who are residing in UK unless You provide prior written consent. UK Nationals with access to Your transactional data will also have a minimum of SC Clearance provided that (i) Oracle has the continued ability to sponsor applications for SC clearance; and/or (ii) a central government department has agreed to sponsor individuals for SC clearance where required by Oracle, if requested to do so.

The Primavera Unifier Cloud Service for United Kingdom Government includes support from a UK Cloud Operations public sector compliance analyst to assist You with Your initial assessment against the Supplier Assurance Framework and Cloud Security Principles.

Oracle will endeavor to maintain this Cloud Service to meet the requirements of Cyber Essentials and align with the Cloud Security Principles.

Users of the Primavera Unifier Cloud Service for United Kingdom Government are authorized to access the following modules or functionalities:

- Business Processes
- Cost Management
- Document Management
- Portfolio Management
- Schedule Management
- User Management
- Self-Service Portal
- uDesigner
- Reporting*

* *Usage of Oracle Analytics Publisher is restricted to functionality integrated with Primavera Unifier Cloud Service for United Kingdom Government. Direct access to Oracle Analytics Publisher is limited to users with BIAuthor role and for the sole purpose of creating or editing reports. Running reports directly in Oracle Analytics Publisher is not supported.*

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- A maximum number of Hosted Named Users as identified in Your order. This limit does not apply to users assigned the *Portal* User Type.
- Oracle will provision two (2) Environments for this Cloud Service: Production and Non-Production.

Disaster Recovery and Service Availability

As described in the Oracle Industries Cloud Services Pillar Document, this Oracle Cloud Service has the following Recovery Time Objective (RTO), Recovery Point Objective (RPO) and Target Service Availability Level for the Production Environment:

Recovery Time Objective (RTO)	Recovery Point Objective (RPO)	Target Service Availability Level
12 hours	1 hour	99.5%

The RTO, RPO, and Target Service Availability Level do not apply to the Non-Production Environment(s). The Target Service Availability Level does not apply in the event of a declared disaster. The RTO and RPO do not apply to customizations or third party software.

Primavera Unifier Cloud Service for United Kingdom Government with NEC4 – Per Hosted Named User

Part #: B99165

Available in United Kingdom Only

For this Primavera Unifier Cloud Service for United Kingdom Government with NEC4, Your Content is hosted within a UK-based data center for both production and disaster recovery purposes.

Oracle's access to Your transactional data stored in the Cloud Service will be restricted to UK Nationals who are residing in UK unless You provide prior written consent. UK Nationals with access to Your transactional data will also have a minimum of SC Clearance provided that (i) Oracle has the continued ability to sponsor applications for SC clearance; and/or (ii) a central government department has agreed to sponsor individuals for SC clearance where required by Oracle, if requested to do so.

The Primavera Unifier Cloud Service for United Kingdom Government with NEC4 includes support from a UK Cloud Operations public sector compliance analyst to assist You with Your initial assessment against the Supplier Assurance Framework and Cloud Security Principles.

This Cloud Service, as of November 2023, has received a Cyber Essentials Plus certification and complies with the requirements of the Cyber Essentials scheme.

Oracle will endeavor to maintain this Cloud Service to meet the requirements of Cyber Essentials and Cyber Essentials Plus and to align with the National Cyber Security Centre (NCSC) Cloud Security Principles.

Users of the Primavera Unifier Cloud Service for United Kingdom Government with NEC4 are authorized to access the following modules or functionalities:

- NEC4 Configuration Package (pre-configured NEC4-compliant workflows and forms)
- Business Processes
- Cost Management
- Document Management
- Portfolio Management
- Schedule Management
- User Management
- Self-Service Portal

- uDesigner
- Reporting*

** Usage of Oracle Analytics Publisher is restricted to functionality integrated with Primavera Unifier Cloud Service for United Kingdom Government with NEC4. Direct access to Oracle Analytics Publisher is limited to users with BIAuthor role and for the sole purpose of creating or editing reports. Running reports directly in Oracle Analytics Publisher is not supported.*

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- A maximum number of Hosted Named Users as identified in Your order. This limit does not apply to users assigned the *Portal* User Type.
- Oracle will provision two (2) Environments for this Cloud Service: Production and Non-Production.
- Files uploaded to Primavera Unifier, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera Unifier workspace.
- Oracle reserves the right to limit storage of certain video file formats uploaded to Primavera Unifier, including but not limited to .mov, .wmv, .avi, .avchd, .flv, .f4v, .swf, .mkv, .webm and .html5 formats, if Your maximum aggregate data storage exceeds one terabyte (1 TB).

NEC4 Configuration Package

Upon provisioning, you will have access to a Primavera Unifier configuration package that contains a configuration based on the New Engineering Contract (NEC4) standards which includes NEC4-compliant workflows and forms. This package is a one-off import and cannot be updated with any new versions of the package that are available in the future.

In addition, in order to roll up NEC4 contract costs to the project level within Primavera Unifier, you are required to either 1) purchase, implement, and configure Oracle Integration Cloud (OIC) Service to automate this process (either through Oracle Consulting, an Oracle partner, or using your own resources), or 2) perform manual steps at a frequency of your choosing (e.g., monthly).

The configuration package has been built by a third party, RPC UK Ltd., in partnership with Oracle.

Disaster Recovery and Service Availability

As described in the Oracle Industries Cloud Services Pillar Document, this Oracle Cloud Service has the following Recovery Time Objective (RTO), Recovery Point Objective (RPO) and Target Service Availability Level for the Production Environment:

Recovery Time Objective (RTO)	Recovery Point Objective (RPO)	Target Service Availability Level
12 hours	1 hour	99.5%

The RTO, RPO, and Target Service Availability Level do not apply to the Non-Production Environment(s). The Target Service Availability Level does not apply in the event of a declared disaster. The RTO and RPO do not apply to customizations or third party software.

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

Primavera Unifier External Collaborator Cloud Service for United Kingdom Government with NEC4 – Per Hosted Named User

Part #: B99166

Available in United Kingdom Only

For this Primavera Unifier Cloud Service for United Kingdom Government with NEC4, Your Content is hosted within a UK-based data center for both production and disaster recovery purposes.

Oracle's access to Your transactional data stored in the Cloud Service will be restricted to UK Nationals who are residing in UK unless You provide prior written consent. UK Nationals with access to Your transactional data will also have a minimum of SC Clearance provided that (i) Oracle has the continued ability to sponsor applications for SC clearance; and/or (ii) a central government department has agreed to sponsor individuals for SC clearance where required by Oracle, if requested to do so.

The Primavera Unifier Cloud Service for United Kingdom Government with NEC4 includes support from a UK Cloud Operations public sector compliance analyst to assist You with Your initial assessment against the Supplier Assurance Framework and Cloud Security Principles.

This Cloud Service, as of November 2023, has received a Cyber Essentials Plus certification and complies with the requirements of the Cyber Essentials scheme.

Oracle will endeavor to maintain this Cloud Service to meet the requirements of Cyber Essentials and Cyber Essentials Plus and to align with the National Cyber Security Centre (NCSC) Cloud Security Principles.

Users of the Primavera Unifier External Collaborator Cloud Service for United Kingdom Government with NEC4 are authorized to access the following modules or functionalities:

- Document Management
- Business Processes*
- Mailbox**

* Limited to multi-record business processes at the shell level

** Excludes Project Mailbox

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- A maximum number of Hosted Named Users as identified in Your order
- Each Hosted Named User must be a member of a Primavera Unifier Cloud Service Partner Company and be considered Your agent, contractor or consultant who has access to, use, or are tracked by the program. For clarification purposes only, a Partner Company is a consultant, contractor, subsidiary, or vendor company which is associated with You and may work with You on all, or only some, of Your projects or shells. For more information on Primavera Unifier projects and shells, refer to the program documentation.

- Files uploaded to Primavera Unifier, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera Unifier workspace.
- Oracle reserves the right to limit storage of certain video file formats uploaded to Primavera Unifier, including but not limited to .mov, .wmv, .avi, .avchd, .flv, .f4v, .swf, .mkv, .webm and .html5 formats, if Your maximum aggregate data storage exceeds one terabyte (1 TB).

Pre-Requisite Base Service

In order to use this Oracle Cloud Service, You must first purchase the following base service: Primavera Unifier Cloud Service for United Kingdom Government with NEC4 – Per Hosted Named User (Part #: B99165).

Disaster Recovery and Service Availability

The RTO, RPO, and Target Service Availability Level of this Oracle Cloud Service are provided with the applicable base service.

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

Primavera Unifier Cloud Service, Additional Non-Production Environment for United Kingdom Government

Part #: B99740

Available in United Kingdom Only

The Primavera Unifier Cloud Service, Additional Non-Production Environment for United Kingdom Government includes an additional Non-Production Environment for Your Primavera Unifier Cloud Service which may be used only for Non-Production activities.

The Additional Non-Production Environment is provisioned as an unconfigured environment and users are authorized to access the same functionalities available in Your Primavera Unifier Cloud Service for United Kingdom Government Production Environment.

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- The Additional Non-Production Environment will share the same Identity Manager instance as the Production Environment.
- Files uploaded to the Primavera Unifier Cloud Service, Additional Non-Production Environment for United Kingdom Government, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera Project or workspace.

Pre-Requisite Base Service

In order to use this Oracle Cloud Service, You must first purchase one of the following cloud services:

- Primavera Unifier Cloud Service for United Kingdom Government – Per Hosted Named User (Part #: B99738)

- Primavera Unifier Cloud Service for United Kingdom Government with NEC4 – Per Hosted Named User (Part #: B99165)

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

PRIMAVERA SUBMITTAL EXCHANGE SERVICE DESCRIPTIONS

Primavera Submittal Exchange Single Project Cloud Service – Per Construction Project Value in Millions

(Formerly known as Primavera Submittal Exchange Construction Project Cloud Service)

Part #: B88659

Users of the Primavera Submittal Exchange Single Project Cloud Service are authorized to access the following modules or functionalities for the named Project as identified in Your order:

- Primavera Submittal Exchange Single Project

Your Users will be required to accept the Oracle Submittal Exchange Terms of Use prior to being granted access to the Cloud Service.

Service Availability

As described in the Oracle Cloud Policies, this Oracle Cloud Service has the following Target Service Availability Level:

Target System Availability Level
99.5%

The Target Service Availability Level does not apply in the event of a declared disaster.

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

Primavera Submittal Exchange Enterprise Cloud Service – Per \$M in Total Construction Value

Part #: B92493

Users of the Primavera Submittal Exchange Enterprise Cloud Service are authorized to access the following modules or functionalities under the terms of Your order:

- Primavera Submittal Exchange Projects
- Primavera Submittal Exchange Planroom

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- Unlimited Projects up to a maximum quantity of \$1M in Total Construction Value as identified in Your order.

Your Users will be required to accept the Oracle Submittal Exchange Terms of Use prior to being granted access to the Cloud Service.

Service Availability

As described in the Oracle Cloud Policies, this Oracle Cloud Service has the following Target Service Availability Level:

Target System Availability Level
99.5%

The Target Service Availability Level does not apply in the event of a declared disaster.

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

ORACLE CONSTRUCTION AND ENGINEERING CLOUD LEARNING SUBSCRIPTION

Oracle Construction and Engineering Learning Subscription – Per Hosted Named User

Part # B109149

This subscription is a collection of web-based learning materials, including video content and services focused on Primavera P6 Enterprise Project Portfolio Management and Primavera Unifier. This subscription is made available to You subject to the terms of Your order and the Agreement.

Unauthorized individuals may not view subscription content at any time. You are responsible for meeting the minimum system requirements to order the subscription offerings. Subscription orders are non-cancelable and non-refundable. This service does not make any content available for download by users.

Usage Limits: This subscription is subject to usage limits based on:

- A maximum number of Hosted Named Users as defined in Your order.
- Oracle Construction and Engineering Learning Subscription provides learning materials for, and access to, the following:
 - Primavera P6 Enterprise Project Portfolio Management
 - Primavera Unifier

Service Access Policies

Your order for this Oracle Service is subject to the Oracle University Online Hosting Access Policies, which may be viewed at <https://education.oracle.com/hosting-policy>. Notwithstanding anything to the contrary set forth in the agreement referenced in Your order, the Oracle Data Processing Agreement for Oracle Services does not apply to these Oracle Learning Subscription Services.

You agree that Oracle may collect and process Your personal information in connection with Your registration for, and Oracle's provision of, these Oracle Learning Subscription Services. You also agree that Oracle may collect and process the personal information You have entered into the command prompt when using these Oracle Learning Subscription Services for security and fraud prevention purposes.

With respect to such personal information, Oracle will abide by the Oracle Privacy Policy, a current version of which is set forth at <https://www.oracle.com/legal/privacy/privacy-policy.html>. The Oracle Privacy Policy is subject to change at Oracle's discretion; however, Oracle changes to the Oracle Privacy Policy will not materially reduce the level of protection provided to such personal information under Your agreement with Oracle. If You are registering for certain Oracle University products and services on behalf of Your users, You agree to provide all relevant notices to and obtain any consents from those users required to share the information with Oracle and such notices and consents must sufficiently inform Your users of the aforementioned purposes for which personal information is collected. You agree that Oracle University may engage Oracle affiliates and third-party subcontractors to assist in delivering the products and services.

APPENDIX 1 ORACLE INTEGRATION FOR CONSTRUCTION AND ENGINEERING

Oracle Integration for Construction and Engineering

Oracle Integration for Construction and Engineering is a cloud-based integration platform provided to You for the specific purpose of integrating applications with the following Oracle Cloud Services (excluding any Cloud Service containing 'Government' in its name):

- Primavera Unifier Cloud Services

Oracle Integration for Construction and Engineering tracks the quantity of Messages per Month that is processed, in aggregate, across Your eligible Oracle Cloud Services listed above.

Usage limits: Oracle Integration for Construction and Engineering is subject to the following:

- You have an active subscription to at least one of the eligible Oracle Cloud Services listed above;
- Oracle will provide, per Your request to Oracle, a single instance of Oracle Integration for Construction and Engineering to support Your eligible Oracle Cloud Services as listed above;
- One integration end-point must be one of the eligible Oracle Cloud Service listed above using a pre-built integration published by Oracle;
- The instance is limited to up to two (2) Message Packs, described as follows:
 - Each Message Pack is the equivalent of 1 Million Messages and is defined as the number of 1,000,000 message quantities per month used as part of Oracle Integration for Construction and Engineering;
 - A message is defined as up to 50Kb of in-and-out transmission from/to the eligible Oracle Cloud Service;
 - Any messages over 50Kb in size must be counted as multiple messages, with each 50Kb or portion thereof counting as equivalent to one message (e.g., 210Kb would be counted as 5 messages).
- Messages incoming or outgoing via all protocols except file (file, sftp, ftps, or attachments) are limited to 10 MB in size;
- Files or attachments over 1MB and up to 1GB in size are temporarily stored in the Oracle Integration instance while being processed with a limit of 10GB at any point in time; Individual file or attachment size limitations are clearly visible in the product design time UI and are subject to change;
- Instance information about processed messages or message traces are retained in the database for up to three (3) days;
- If you exceed the capacity of two (2) Message Packs per month for three (3) consecutive calendar months, Oracle may limit the number of messages supported through Oracle Integration for Construction and Engineering and you may be required to purchase,

through a separate order with Oracle, a separate subscription to Oracle Integration Cloud (OIC) Service;

- If no messages are sent or received within three (3) consecutive calendar months, Oracle may disable and terminate Your access to Oracle Integration for Construction and Engineering.

Customer Responsibilities

Certain aspects of service management are Your responsibility. These include, but are not limited to, the following:

Oracle Integration for Construction and Engineering provides automation for provisioning, which is controlled or configured by You. Oracle is responsible for backup/restore, patching, upgrading, managing, maintaining, and monitoring the instance.

Third Party Web Sites, Platforms and Services

Oracle Integration for Construction and Engineering may enable You to link to, transmit Your Content or Third Party Content to, or otherwise access, other Web sites, platforms or services of third parties. Oracle does not control and is not responsible for such third party Web sites or platforms or services. You bear all risks associated with Your access to and use of such third party Web sites, platforms, and services and You are solely responsible for entering into and being compliant with separate terms with such third party. Oracle is not responsible for the security, protection or confidentiality of such content (including obligations in the Oracle Cloud Hosting and Delivery Policies and the Data Processing Agreement and Oracle's Privacy Policy, which may be viewed at www.oracle.com/contracts) which is transmitted to such third parties.

APPENDIX 2 ON-PREMISES TO CLOUD MIGRATION SUPPORT – PRIMAVERA CLOUD SERVICES

On-Premises to Cloud Migration Support

This offering includes on-premises to cloud migration support for one (1) production instance of your P6 Enterprise Project Portfolio Management (“P6 EPPM”) database for common configurations. For configurations that do not match the assumptions and exclusions listed below, Oracle recommends engagement of Professional Services for a custom migration service (fees apply). All support, oral and written, will be provided in the English language. All support is assumed to be remote.

Deliverable	Assumptions/ Customer Obligations:	Exclusions
Kickoff and Cloud Readiness Assessment <ul style="list-style-type: none"> • Kickoff and assessment of impacts of upgrade and migration on current implementation 		<ul style="list-style-type: none"> • Primavera Virtual Desktop (PVD) configuration support • SAML 2.0 authentication configuration support

<p>Initial Upgrade of P6 EPPM 8.1 or higher Oracle database to the current approved cloud version</p> <ul style="list-style-type: none"> • Validate basic functionalities • Perform data integrity review 	<ul style="list-style-type: none"> • Database is less than 100GB • Database is at least Oracle 10g • You provide your database to Oracle via object storage 	<ul style="list-style-type: none"> • P6 EPPM versions prior to 8.1 • P6 Professional Databases • SQL Server Databases • Database Customizations • External File Repositories Migration • Reports Migration • Custom Interface Migration
<p>Provide upgraded database and users to Cloud Operations for initial import into cloud environment</p>	<ul style="list-style-type: none"> • Scheduled directly with Oracle CSM • To be done during the week 	
<p>Cloud Administration Orientation</p> <ul style="list-style-type: none"> • Up to 4 hours of remote coaching for up to 4 of your administrators 		<ul style="list-style-type: none"> • Training materials
<p>Support for your User Acceptance Testing (“UAT”) activities</p> <ul style="list-style-type: none"> • Up to 2 days remote assistance • Issue escalation 		<ul style="list-style-type: none"> • Consultation, coaching or training around new features and functionality • Configuration of new features or functionality
<p>Final Upgrade of P6 EPPM 8.1 or higher Oracle database to the current approved cloud version</p> <ul style="list-style-type: none"> • Validate basic functionalities • Perform data integrity review 	<ul style="list-style-type: none"> • Database is less than 100GB • You provide your database to Oracle via object storage 	<ul style="list-style-type: none"> • P6 EPPM versions prior to 8.1 • P6 Professional Databases • SQL Server Databases • Database Customizations • External File Repositories Migration • Reports Migration • Custom Interface Migration
