For the purposes of such Order or SOW, "Customer" as used in such Order or SOW and this Agreement, shall be deemed to refer to the majority owned subsidiary executing such Order or SOW.

3. Restrictions.

3.1. General Restrictions.

3.1.1 Customer may not, and may not cause, aid, abet or permit others to: (a) use the Services to harass any person; cause damage or injury to any person or property; publish any material that is false, defamatory, harassing or obscene; violate privacy rights; promote bigotry, racism, hatred or harm; send unsolicited bulk e-mail, junk mail, spam or chain letters; infringe property rights; sell, manufacture, market and/or distribute any product or service in violation of applicable laws; or otherwise violate applicable laws, ordinances or regulations; (b) perform or disclose any benchmarking, availability or performance testing of the Services; or (c) perform or disclose any performance or vulnerability testing of the Services without Oracle's prior written approval, perform or disclose network discovery, port and service identification, vulnerability scanning, password cracking, remote access or penetration testing of the Services (the "**Acceptable Use Policy**"). In addition to other rights that Oracle has in this Agreement and Customer Order, Oracle has the right to take remedial action if the Acceptable Use Policy is violated, and such remedial action may include, without limitation, removing or disabling access to material that violates the policy and/or terminating the Customer's Services.

3.1.2 Customer may not, and may not cause or permit others to: (a) modify, make derivative works of, disassemble, decompile, reverse engineer, reproduce, republish, download, or copy any part of the Services (including data structures or similar materials produced by programs); (b) access or use the Services to build or support, directly or indirectly, products or services competitive to Oracle; or (c) license, sell, transfer, assign, distribute, outsource, permit timesharing or service bureau use of, commercially exploit, or make available the Services to any third party except as permitted by this Agreement or Customer Order.

In the preceding sentence, the terms "Business Associate," "subcontractor," "protected health information" or "PHI" shall have the meanings described in HIPAA.

4. Term, Fee, Payment & Taxes.

4.1. Term. This Agreement is valid for the Order (including SOWs) which this Agreement accompanies. The initial subscription period of the Cloud Service and/or Support Services procured by Customer shall continue for the Term applicable to such Services specified in the applicable Order. In the event that all of Customer's orders for Cloud Services placed under this Agreement expire or terminate, this Agreement shall similarly expire or terminate. If Customer has not entered into an Order with Oracle regarding renewal of Customer's Cloud Service and/or Support Services prior to the expiration of the initial Term or then-current renewal Term of such Cloud Services and/or Support Services, then the subscription term for such Cloud Services and/or Support Services shall be automatically renewed for the same term as the initial order or then-current renewal Term unless either party provides written notice of non-renewal to the other at least thirty (30) days before expiration of the applicable initial Term or then-current renewal Term. For the avoidance of doubt, such auto-renewals shall not apply to Professional Services unless (a) Professional Services are for training subscription(s) or (b) expressly specified in the SOW for such Professional Services.

4.2. Fees and Payment. All fees payable are due within 30 days from the invoice date unless otherwise specified in the applicable Order. Except as otherwise provided on the Estimate/Order Form, SOW or this Agreement, once placed, each Estimate/Order Form and SOW is non-cancellable and all sums paid are non-refundable. The first invoice, for the initial Order of Services, is to be paid before commencement of the Services.

The fees and the term of use for additional capacity of the applicable Cloud Service metric and other items procured during a current Term will co-terminate with and be prorated through the end date of the Term for the applicable Cloud Service. Pricing for subsequent renewal Estimate/Order Forms shall be set at then current Oracle pricing, unless otherwise agreed to by the parties.

4.3. If Oracle determines that Customer has exceeded the quantities of Cloud Services ordered in the applicable Order (the "Overage"), Oracle will invoice Customer monthly in arrears for the fees owed for such Overage at the rates specified in

Customer's Order, or if no Overage rate is specified, then at the then current monthly rate specified in the applicable Order. Such overages will be invoiced every month in which the Overages occur.

4.4. Taxes. Oracle fees do not include any local, state, federal or foreign taxes, levies or duties of any nature, including value-added, sales use or withholding taxes ("**Taxes**"). Customer is responsible for paying all Taxes, excluding only taxes based on Oracle's net income. If Oracle has the legal obligation to pay or collect Taxes for which Customer is responsible under this Section, the appropriate amount shall be invoiced to and paid by Customer unless Customer provides Oracle with a valid tax exemption certificate authorized by the appropriate taxing authority.

5. Proprietary Rights.

5.1. Ownership of Customer Data. As between Oracle and Customer, all title and intellectual property rights in and to the Customer Data is owned exclusively by Customer. Customer acknowledges and agrees that in connection with the provision of the Services, Oracle may store and maintain Customer Data for a period of time consistent with Oracle's standard business processes for the Services. Following expiration or termination of the Agreement or a Customer account, if applicable, Oracle may deactivate the applicable Customer account(s) and delete any data therein. Customer grants Oracle the right to host, use, process, display and transmit Customer Data to provide the Services pursuant to and in accordance with this Agreement and the applicable Order or SOW. Customer has sole responsibility for the accuracy, quality, integrity, legality (including obtaining any required consents for processing), reliability, and appropriateness of Customer Data, and for obtaining all rights related to Customer Data required by Oracle to perform the Services.

5.2. Oracle Intellectual Property Rights. All rights, title and interest in and to the Services (including without limitation all intellectual property rights therein and all modifications, extensions, customizations, scripts or other derivative works of the Services provided or developed by Oracle) and anything developed or delivered by or on behalf of Oracle under this Agreement (including without limitation Deliverables) are owned exclusively by Oracle or its licensors. Except as provided in this Agreement, the rights granted to Customer do not convey any rights in the Services, express or implied, or ownership in the Services or any intellectual property rights thereto. Customer grants Oracle a royalty free, worldwide, perpetual, irrevocable, transferable right to use, modify, distribute and incorporate into the Services (without attribution of any kind) any suggestions, enhancement request, recommendations, proposals, correction or other feedback or information provided by Customer or any Users related to the operation or functionality of the Services. Any rights in the Services or Oracle's intellectual property not expressly granted herein by Oracle are reserved by Oracle. Oracle, NetSuite, and Adi Insights service marks, logos and product and service names are marks of Oracle (the "**Oracle Marks**"). Customer agrees not to display or use the Oracle Marks in any manner without Oracle's express prior written permission. The trademarks, logos and service marks of Third Party Application providers ("**Marks**") are the property of such third parties. Customer is not permitted to use these Marks without the prior written consent of such third party which may own the Mark.

5.3. US Government Rights. The Cloud Service is a "commercial item" as that term is defined at FAR 2.101. If Customer or User is a US Federal Government ("**Government**") Executive Agency (as defined in FAR 2.101), Oracle provides the Cloud Service, including any related software, technology, technical data, and/or professional services in accordance with the following: (a) if acquired by or on behalf of any Executive Agency (other than an agency within the Department of Defense ("**DoD**"), the Government acquires, in accordance with FAR 12.211 (Technical Data) and FAR 12.212 (Computer Software), only those rights in technical data and software customarily provided to the public as defined in this Agreement; or (b) if acquired by or on behalf of any Executive Agency within the DoD, the Government acquires, in accordance with DFARS 227.7202-3 (Rights in commercial computer software or commercial computer software documentation), only those rights in technical data and software customarily provided in this Agreement. In addition, DFARS 252.227-7015 (Technical Data – Commercial Items) applies to technical data acquired by DoD agencies. Any Federal Legislative Agency or Federal Judicial Agency shall obtain only those rights in technical data and software customarily provided to the public as set forth in this Agreement. If any Federal Executive Agency, Federal Legislative Agency, or Federal Judicial Agency has a need for rights not conveyed under the terms described in this Section, it must negotiate with Oracle to determine if there are acceptable terms for transferring such rights, and a mutually acceptable written addendum specifically conveying such rights must be included in any applicable contract or agreement to be effective. This U.S. Government Rights Section is in lieu of, and supersedes, any other FAR, DFARS, or other clause, provision, or supplemental regulation that addresses Government rights in computer software or technical data under this Agreement.

6. Terms of Service.

6.1. Accuracy of Customer's Contact Information. Customer shall provide accurate, current and complete information on Customer's legal business name, address, email address and phone number, and maintain and promptly update this information if it should change.

6.2 Notice. Any notice required under this Agreement shall be provided to the other party in writing. If Customer has a legal dispute with Oracle or if Customer wishes to provide a notice under the Indemnification Section of this Agreement, or if Customer becomes subject to insolvency or other similar legal proceedings, Customer will promptly send written notice to: Oracle Corporation Australia Pty Limited, 4 Julius Avenue, North Ryde, NSW 2113, Australia, Attention: General Counsel.

6.3. Users: Passwords, Access and Notification. Customer shall authorize access to the Cloud Service and may assign or select unique passwords and user names as applicable. Customer will be responsible for the confidentiality and use of User's passwords and user names. Customer will also be responsible for all Electronic Communications, including those containing business information, account registration, account holder information, financial information, Customer Data, and

all other data of any kind contained within emails or otherwise entered electronically through the Cloud Service or under Customer's account. Oracle will act as though any Electronic Communications it receives under Customer's passwords, user name, and/or account number will have been sent by Customer. Customer shall use commercially reasonable efforts to prevent unauthorized access to or use of the Cloud Service and shall promptly notify Oracle of any unauthorized access or use of the Cloud Service and any loss or theft or unauthorized use of any User's password or name and/or Cloud Service account numbers.

6.4. Transmission of Data. Customer understands that the technical processing and transmission of Customer's Electronic Communications is fundamentally necessary to use of the Cloud Service. Customer is responsible for securing DSL, cable or another high speed Internet connection and up-to-date "browser" software in order to utilize the Cloud Service. Customer expressly consents to Oracle's interception and storage of Electronic Communications and/or Customer Data as needed to provide the Services hereunder, and Customer acknowledges and understands that Customer's Electronic Communications will involve transmission over the Internet, and over various networks, only part of which may be owned and/or operated by Oracle. Customer further acknowledges and understands that Electronic Communications may be accessed by unauthorized parties when communicated across the Internet, network communications facilities, telephone or other electronic means. Without limiting Oracle's applicable obligations under the Security or Confidentiality Sections of this Agreement, Oracle is not responsible for any Electronic Communications and/or Customer Data which are delayed, lost, altered, intercepted or stored during the transmission of any data whatsoever across networks not owned and/or operated by Oracle, including, but not limited to, the Internet and Customer's local network.

6.5. Third-Party Applications.

6.5.1 The Services may enable Customer to link to, transfer Customer Data to, or otherwise access, Third Party Applications. Oracle does not control and is not responsible for Third Party Applications, regardless of whether or not such Third Party Applications are provided by a third party that is a member of an Oracle partner program or otherwise designated by Oracle as "certified," "approved" or "recommended." If Customer installs or enables Third Party Applications for use with the Cloud Service, Customer agrees that Oracle may enable such third party providers to access Customer Data for the interoperation of such Third Party Applications with the Cloud Service, and any exchange of data or other interaction between Customer and a third party provider is solely between Customer and such third party provider pursuant to a separate privacy policy or other terms governing Customer's access to or use of the Third Party Applications. Customer is solely responsible for complying with the terms of access and use of Third Party Applications, and if Oracle accesses or uses any Third Party Applications on Customer's behalf to facilitate performance of the Cloud Services, Customer is solely responsible for ensuring that such access and use, including through passwords, credentials or tokens issued or otherwise made available to Customer, is authorized by the terms of access and use for such services. If Customer transfers or causes the transfer of Customer Data from the Cloud Services to a Third Party Application or other location, that transfer constitutes a distribution by Customer and not by Oracle.

6.5.2. Any Third Party Applications Oracle makes accessible are provided on an "as-is" and "as available" basis without any warranty of any kind. Oracle disclaims all liabilities arising from or related to Third Party Applications. Oracle shall not be responsible for any disclosure, modification or deletion of Customer Data resulting from any such access by Third Party Applications or third party providers. No procurement of such Third Party Applications is required to use the Cloud Service.

6.5.3 If Customer was referred to Oracle by a member of one of Oracle's partner programs, Customer hereby authorizes Oracle to provide such member or its successor entity with access to Customer's business information related to the procurement and use of the Cloud Service pursuant to this Agreement, including but not limited to User names and email addresses, support cases and billing/payment information.

6.5.4 Customer acknowledges that: (a) the nature, type, quality and availability of Third Party Applications may change at any time during the Term, and (b) features of the Cloud Services that interoperate with Third Party Applications may depend on the continuing availability of such Third Party Applications. Any change to Third Party Applications, including their unavailability, during the Term does not affect Customer's obligations under this Agreement or the applicable Estimate/Order Form, and Customer will not be entitled to any refund, credit or other compensation due to any such changes.

6.6. Support Services, Professional Services and Training Services.

6.6.1 Support Services. As part of the Cloud Service, Oracle will provide Customer with online resources to request assistance in Customer's use of the Cloud Service. Oracle also offers optional "for fee" Advanced Support.

6.6.2 Professional Services. Oracle offers optional "for fee" Professional Services. Oracle will provide Customer with Professional Services as set forth in an SOW executed by Oracle and Customer or an Estimate/Order Form executed by Customer and accepted by Oracle. All SOWs are subject to the terms of this Agreement.

6.6.3 Training Services. All training services, including any Deliverables, are provided for Customer's internal training purposes only. Customer may not replicate the Deliverables or use the Deliverables to develop any of the products described in such training Deliverables. Training Deliverables are not subject to any maintenance, support, or updates.

6.7. INTENTIONALLY LEFT BLANK.

6.8. Updates. During the Term, Oracle may update the Services and the Oracle Written Materials to reflect changes in, among other things, laws, regulations, rules, technology, industry practices, patterns of system use, and availability of Third

Party Applications. Oracle updates to the Services or the Oracle Written Materials will not materially reduce the level of performance, functionality, security or availability of the Services during the Term.

During the Term, where possible, Oracle will (a) schedule planned maintenance activities to minimize interruption or interference with Customer's use of the Services, and (b) give advance notice of planned maintenance activities which will impact your Customer's access to and use of the Services.

6.9. Service Monitoring and Analyses

6.9.1 Oracle continuously monitors the Cloud Service to facilitate Oracle's operation of the Services; to help resolve Customer service requests; to detect and address threats to the functionality, security, integrity, and availability of the Services as well as any content, data, or applications in the Services; and to detect and address illegal acts or violations of the Acceptable Use Policy. Oracle monitoring tools do not collect or store any Customer Data residing in the Services, except as needed for such purposes. Oracle does not monitor, and does not address issues with, non-Oracle software provided by Customer or any of Customer's Users that is stored in, or run on or through, the Services. Information collected by Oracle monitoring tools (excluding Customer Data) may also be used to assist in managing Oracle's product and service portfolio, to help Oracle address deficiencies in its product and service offerings, and for license management purposes.

6.9.2 Oracle may (i) compile statistical and other information related to the performance, operation and use of the Services, and (ii) use data from the Services in aggregated form for security and operations management, to create statistical analyses, and for research and development purposes (clauses (i) and (ii) are collectively referred to as "**Service Analyses**"). Oracle may make Service Analyses publicly available; however, Service Analyses will not incorporate Customer Data, personal information or Confidential Information in a form that could serve to identify Customer or any individual. Oracle retains all intellectual property rights in Service Analyses.

6.10 Security. Oracle shall maintain commercially reasonable administrative, physical and technical safeguards designed for the protection, confidentiality and integrity of Customer Data.

6.11 PCI-DSS Compliance. As applicable, Customer is responsible for ensuring that its use of the Cloud Service to store or process credit card data complies with applicable Payment Card Industry Data Security Standards ("**PCI DSS**") requirements and shall not store credit card data in the Cloud Service except in the designated encrypted fields for such data. During the Term, Oracle shall maintain PCI DSS compliance for those Cloud Services that are designated by Oracle as being designed to transmit, to process and to store credit card data. Any changes made to the Cloud Service by or on behalf of the Customer may affect Customer's compliance with PCI DSS requirements and Customer shall be solely responsible for ensuring that any such changes are compliant with PCI DSS requirements.

Customer is responsible for ensuring that social security numbers and other sensitive data are only stored in the designated encrypted fields for such data.

6.12. Data Protection

6.12.1 Customer agrees to provide any notices and obtain any consents related to Customer's use of the Services and Oracle's provision of the Services, including those related to the collection, use, processing, transfer and disclosure of Personal Information (as defined in the Data Processing Agreement).

6.12.2 Unless otherwise provided in the applicable Estimate/Order Form, the Data Processing Agreement for Cloud Services (the "Data Processing Agreement"), which is provided in Exhibit 2 and incorporated herein by reference, describes the parties' respective roles for the processing and control of Personal Information that Customer provides to Oracle as part of the Services. Unless otherwise provided in the applicable Estimate/Order Form, Oracle will act as a data processor, and will act on Customer instructions concerning the treatment of Customer's Personal Information residing in the services environment, as specified in this Agreement, the Data Processing Agreement and the applicable Estimate/Order Form.

6.12.3 The Data Processing Agreement does not apply to any (1) demonstration accounts, trials, beta releases, or other similar versions of the services or (2) any features, services or products which are provided pursuant to a separate agreement or by a party other than Oracle (e.g., where Oracle is merely a billing/collection agent).

7 Suspension/Termination.

7.1. Suspension for Delinquent Account. Oracle reserves the right to suspend Customer's access to and/or use of the Services if any payment is due but unpaid.

7.2. Suspension for Ongoing Harm. Oracle may suspend Customer's or Users' access to, or use of, the Services if Oracle believes that (a) there is a significant threat to the functionality, security, integrity, or availability of the Services or any content, data, or applications in the Services; (b) Customer or Users are accessing or using the Services to commit an illegal act; or (c) there is a violation of the Acceptable Use Policy. When reasonably practicable and lawfully permitted, Oracle will provide Customer with advance notice of any such suspension. Oracle will use reasonable efforts to re-establish the Services promptly after Oracle determines that the issue causing the suspension has been resolved. During any suspension period, Oracle will make Customer Data (as it existed on the suspension date) available to Customer. Any suspension under this Section shall not excuse Customer from Customer's obligation to make payments under this Agreement.

7.3. Termination for Cause. If either Customer or Oracle breaches a material term of this Agreement or any Order or SOW and fails to correct the breach within 30 days of written specification of the breach, then the breaching party is in default

and the non-breaching party may terminate (a) in the case of breach of any Order or SOW, the Order and any applicable SOW under which the breach occurred; or (b) in the case of breach of the Agreement, the Agreement and all Orders and SOWs that have been placed under the Agreement. If Oracle terminates any orders as specified in the preceding sentence, Customer must pay within 30 days all amounts that have accrued prior to such termination, as well as all sums remaining unpaid for the Services under such Orders and SOWs plus related taxes and expenses. Except for nonpayment of fees, the nonbreaching party may agree in its sole discretion to extend the 30 day period for so long as the breaching party continues reasonable efforts to cure the breach. Customer agrees that if it is in default under this Agreement, Customer may not use those Services ordered.

7.4 Customer agrees that Oracle shall not be liable to Customer or other third party for any suspension pursuant to this Section.

8. Confidentiality.

8.1. By virtue of this Agreement, the parties may disclose to each other information that is confidential ("Confidential Information"). Confidential Information shall be limited to the terms and pricing under this Agreement and Customer's Orders, Customer Data residing in the Cloud Service, and all information clearly identified as confidential at the time of disclosure.

8.2. A party's Confidential Information shall not include information that: (a) is or becomes a part of the public domain through no act or omission of the other party; (b) was in the other party's lawful possession prior to the disclosure and had not been obtained by the other party either directly or indirectly from the disclosing party; (c) is lawfully disclosed to the other party by a third party without restriction on the disclosure; or (d) is independently developed by the other party.

8.3. Each party agrees not to disclose the other party's Confidential Information to any third party other than as set forth in the following sentence for a period of five years from the date of the disclosing party's disclosure of the Confidential Information to the receiving party; however, Oracle will protect the confidentiality of Customer Data residing in the Cloud Service for as long as such information resides in the Cloud Service. Each party may disclose Confidential Information only to those employees, agents or subcontractors who are required to protect it against unauthorized disclosure in a manner no less protective than required under this Agreement, and each party may disclose the other party's Confidential Information in any legal proceeding or to a governmental entity as required by law. Oracle will protect the confidentiality of Customer Data residing in the Services in accordance with the Oracle security practices applicable to Customer's Order as described in this Agreement.

9. Warranties, Disclaimers and Exclusive Remedies.

9.1 Each party represents that it has validly entered into this Agreement and that it has the power and authority to do so. Oracle warrants that during the Term, Oracle will perform (i) the Cloud Service using commercially reasonable care and skill in all material respects as described in the Oracle Written Materials; and (ii) any Professional Services and Support Services in a professional manner consistent with industry standards (the warranties described by the foregoing clauses (i) and (ii), collectively, the "**Services Warranty**"). If the Services provided to Customer were not performed as warranted, Customer must promptly provide Oracle with a written notice that describes the deficiency in the Services (including, as applicable, the service request number notifying Oracle of the deficiency in the Services). For Professional Services, Customer must notify Oracle of any warranty deficiencies within 60 days from performance of the deficient Professional Services.

9.2. ORACLE DOES NOT WARRANT THAT THE SERVICES WILL BE PERFORMED ERROR-FREE OR UNINTERRUPTED, THAT ORACLE WILL CORRECT ALL SERVICES ERRORS, OR THAT THE SERVICES WILL MEET CUSTOMER'S REQUIREMENTS OR EXPECTATIONS. ORACLE IS NOT RESPONSIBLE FOR ANY ISSUES RELATED TO THE PERFORMANCE, OPERATION OR SECURITY OF THE SERVICES THAT ARISE FROM CUSTOMER DATA OR THIRD PARTY APPLICATIONS OR SERVICES PROVIDED BY THIRD PARTIES.

9.3. FOR ANY BREACH OF THE SERVICES WARRANTY, CUSTOMER'S EXCLUSIVE REMEDY AND ORACLE'S ENTIRE LIABILITY SHALL BE THE CORRECTION OF THE DEFICIENT SERVICES THAT CAUSED THE BREACH OF WARRANTY, OR, IF ORACLE CANNOT SUBSTANTIALLY CORRECT THE DEFICIENCY IN A COMMERCIALY REASONABLE MANNER, CUSTOMER MAY END THE DEFICIENT SERVICES AND ORACLE WILL REFUND TO CUSTOMER THE FEES FOR THE TERMINATED SERVICES THAT CUSTOMER PRE-PAID TO ORACLE FOR THE PERIOD FOLLOWING THE EFFECTIVE DATE OF TERMINATION.

9.4 TO THE EXTENT NOT PROHIBITED BY LAW, THESE WARRANTIES ARE EXCLUSIVE AND THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS INCLUDING FOR SOFTWARE, HARDWARE, SYSTEMS, NETWORKS OR ENVIRONMENTS OR FOR MERCHANTABILITY, SATISFACTORY QUALITY AND FITNESS FOR A PARTICULAR PURPOSE.

9.5 Additional Warranties under Australian Consumer Law.

Notwithstanding anything to the contrary in this Agreement, the following provisions shall apply if Customer is a consumer for the purposes of Australian Consumer Law and only to the extent the Australian Consumer Law applies to the Customer:

In addition to other rights and remedies Customer may have at law and under this Agreement:

- (a) If Customer is a consumer for the purposes of the Australian Consumer Law, the Goods and Services come with guarantees that cannot be excluded under the Australian Consumer Law. For major failures with Services, Customer is entitled to cancel their Service order; and to a refund for the unused portion, or to compensation for its reduced value. Customer is also entitled to choose a refund or replacement for major failures with Goods. If a failure with the Goods or Services does not amount to a major failure, Customer is entitled to have the failure rectified in a reasonable time. If this is not done Customer is entitled to a refund for the Goods and to cancel the Service order and obtain a refund of any unused portion of the Service. Customer is also entitled to be compensated for any other reasonably foreseeable loss or damage from a failure in the Goods or Services.
- (b) Notwithstanding clause (a) above, unless the Goods or Services were of a kind ordinarily acquired for personal, domestic or household use or consumption, Oracle's liability for a breach of the consumer guarantees is limited (at its option) to:
 - (i) For Services: resupply of the Services; or payment for the cost of having the Services supplied again; or
 - (ii) For Goods: replacing the Goods, repairing the Goods, paying the cost of replacing the Goods or acquiring equivalent Goods or payment of having the Goods repaired.

For the purposes of this Additional Warranties under Australian Consumer Law section:

Goods means Hardware, Programs or Software or other goods Customer has ordered; and

Services means Cloud Services, Service Offerings, technical support, education, hosted/outsourcing services, consulting, advanced customer support services or other services Customer has ordered.

10. Limitations of Liability.

10.1. IN NO EVENT WILL EITHER PARTY OR ITS AFFILIATES BE LIABLE FOR ANY INDIRECT, CONSEQUENTIAL, INCIDENTAL, SPECIAL, PUNITIVE, OR EXEMPLARY DAMAGES, OR ANY LOSS OF REVENUE, PROFITS (EXCLUDING FEES UNDER THIS AGREEMENT), SALES, DATA, DATA USE, GOODWILL, OR REPUTATION.

10.2 IN NO EVENT SHALL THE AGGREGATE LIABILITY OF ORACLE AND ITS AFFILIATES ARISING OUT OF OR RELATED TO THIS AGREEMENT OR CUSTOMER'S ORDER OR SOW, WHETHER IN CONTRACT, TORT, OR OTHERWISE, EXCEED THE TOTAL AMOUNTS ACTUALLY PAID UNDER CUSTOMER'S ORDER OR SOW FOR THE SERVICES GIVING RISE TO THE LIABILITY DURING THE TWELVE (12) MONTHS IMMEDIATELY PRECEDING THE EVENT GIVING RISE TO SUCH LIABILITY.

11. Indemnification.

11.1. If a third party makes a claim against either Customer or Oracle ("**Recipient**" which may refer to Customer or Oracle depending upon which party received the Material), that any information, design, specification, instruction, software, service, data, hardware, or material (collectively, "**Material**") furnished by either Customer or Oracle ("**Provider**" which may refer to Customer or Oracle depending on which party provided the Material) and used by the Recipient infringes the third party's intellectual property rights, the Provider, at the Provider's sole cost and expense, will defend the Recipient against the claim and indemnify the Recipient from the damages, liabilities, costs and expenses awarded by the court to the third party claiming infringement or the settlement agreed to by the Provider, if the Recipient does the following:

- a. notifies the Provider promptly in writing, not later than 30 days after the Recipient receives notice of the claim (or sooner if required by applicable law);
- b. gives the Provider sole control of the defense and any settlement negotiations; and
- c. gives the Provider the information, authority and assistance the Provider needs to defend against or settle the claim.

11.2 If the Provider believes or it is determined that any of the Material may have violated a third party's intellectual property rights, the Provider may choose to either modify the Material to be non-infringing (while substantially preserving its utility or functionality) or obtain a license to allow for continued use, or if these alternatives are not commercially reasonable, the Provider may end the license for, and require return of, the applicable Material and refund any unused, prepaid fees the Recipient may have paid to the other party for such Material. If such return materially affects Oracle's ability to meet obligations under the relevant order, then Oracle may, upon 30 days prior written notice, terminate the order. If such Material is third party technology and the terms of the third party license do not allow us to terminate the license, then Oracle may, upon 30 days prior written notice, end the Services associated with such Material and refund any unused, prepaid fees for such Services.

11.3 The Provider will not indemnify the Recipient if the Recipient (a) alters the Material or uses it outside the scope of use identified in the Provider's user or program documentation or the User Guides; or (b) uses a version of the Material which has been superseded, if the infringement claim could have been avoided by using an unaltered current version of the Material which was made available to the Recipient. The Provider will not indemnify the Recipient to the extent that an infringement claim is based upon any Material not furnished by the Provider. Oracle will not indemnify Customer to the extent that an infringement claim is based on a Third Party Application or any Material from a third party portal or other external source that is accessible or made available to Customer within or by the Services (e.g., a social media post from a third party blog or

forum, a third party Web page accessed via a hyperlink, marketing data from third party data providers, etc.).

11.4 This Section 11 provides the parties' exclusive remedy for any infringement claims or damages.

12. Governing Law and Jurisdiction. This Agreement is governed by the substantive and procedural laws of the State of New South Wales, Australia and each party agrees to submit to the exclusive jurisdiction of, and venue in, the courts in Sydney, Australia in any dispute arising out of or relating to this Agreement.

13. Export.

13.1. Export laws and regulations of the United States and any other relevant local export laws and regulations apply to the Services. Such export laws govern use of the Services (including technical data) and any Services deliverables provided under this Agreement, and Customer and Oracle each agree to comply with all such export laws and regulations (including "deemed export" and "deemed re-export" regulations). Customer agrees that no data, information, software programs and/or materials resulting from the Services (or direct product thereof) will be exported, directly or indirectly, in violation of these laws, or will be used for any purpose prohibited by these laws including, without limitation, nuclear, chemical, or biological weapons proliferation, or development of missile technology.

13.2. Customer acknowledges that the Services are designed with capabilities for Customer and Customer Users to access the Services without regard to geographic location and to transfer or otherwise move Customer Data between the Services and other locations such as User workstations. Customer is solely responsible for the authorization and management of User accounts across geographic locations, as well as export control and geographic transfer of Customer Data.

14. General Provisions.

14.1. Entire Agreement.

14.1.1 Customer agrees that this Agreement and the information which is incorporated into this Agreement by written reference (including reference to information contained in a URL or referenced policy), together with any Exhibit(s) and the applicable Order(s), is the complete agreement for the Services ordered by Customer and supersedes all prior or contemporaneous agreements or representations, written or oral, regarding such Services.

14.1.2 Under no circumstances will the terms, conditions or provisions of any purchase order, invoice or other administrative document issued by Customer in connection to this Agreement be deemed to modify, alter or expand the rights, duties or obligations of the parties under, or otherwise modify, this Agreement, regardless of any failure of Oracle to object to such terms, provisions, or conditions. In the event of any inconsistencies between the terms of an Order and the Agreement, the Order shall take precedence.

14.1.3 The Agreement shall not be modified, or amended, except as expressly set forth herein, or in writing and signed or accepted electronically by the party against whom the modification, amendment or waiver is to be asserted, or by a properly executed Order or SOW.

14.2. Other General Provisions.

14.2.1 This Agreement shall inure to benefit and bind the parties hereto, their successors and assigns, but Customer may not assign this Agreement or give or transfer the Services or any interest in the Services to another individual or entity. There are no third-party beneficiaries to this Agreement.

14.2.2 Oracle is an independent contractor, and each party agrees that no joint venture, partnership, or agency relationship exists between the parties.

14.2.3 Oracle's business partners and other third parties, including any third parties with which the Services have integrations or that are retained by Customer to provide consulting services, implementation services or applications that interact with the Services, are independent of Oracle and are not Oracle's agents. Oracle makes no representation or warranty about the suitability of any Oracle business partner or any third party in connection with the provision of consulting services, implementation services or applications. Customer is solely responsible for selection of any third parties Customer engages to provide consulting services or implementation services. Oracle is not liable for, bound by, or responsible for any problems with the Services or Customer Data arising due to any acts of any such business partner or third party, unless the business partner or third party is providing Services as Oracle's subcontractor on an engagement ordered under this Agreement and, if so, then only to the same extent as Oracle would be responsible for our resources under this Agreement.

14.2.4 If any provision is held by a court of competent jurisdiction to be contrary to law, such provision shall be eliminated or limited to the minimum extent necessary so that this Agreement shall otherwise remain in full force and effect. A waiver of any breach under this Agreement should not constitute a waiver of any other breach or future breach.

14.2.5 Force Majeure. Neither party shall be liable for loss, delay, nonperformance (excluding payment obligations) to the extent resulting from any force majeure event, including, but not limited to, acts of God, strike, riot, fire, explosion, flood, earthquake, natural disaster, terrorism, act of war, civil unrest, criminal acts of third parties, failure of the Internet, governmental acts or orders or restrictions, failure of suppliers, labor stoppage or dispute (other than those involving Oracle employees), or shortage of materials, provided that such party uses reasonable efforts, under the circumstances, to notify the other party of the circumstances causing the delay and to resume performance as soon as possible and any delivery date shall be extended accordingly.

14.2.6 Non-Impediment. Nothing in this Agreement shall be construed as precluding or limiting in any way the right of Oracle to provide consulting, development, or other services of any kind to any individual or entity (including without limitation performing services or developing materials which are similar to and/or competitive with the Professional Services and/or Deliverables hereunder).

14.2.7 Audit. Upon forty-five (45) days written notice and no more than once every twelve (12) months, Oracle may audit Customer's use of the Cloud Services to ensure Customer's use of the Cloud Services is in compliance with the terms of the applicable Order and this Agreement. Any such audit shall not unreasonably interfere with Customer's normal business operations. Customer agrees to cooperate with Oracle's audit and to provide reasonable assistance and access to information reasonably requested by Oracle. The performance of the audit and non-public data obtained during the audit (including findings or reports that result from the audit) shall be subject to the provisions of **Section 8 (Confidentiality)** of this Agreement. If the audit identifies non-compliance, Customer agrees to remedy (which may include, without limitation, the payment of any fees for additional Cloud Services) such non-compliance within 30 days of written notification of that non-compliance. Customer agrees that Oracle shall not be responsible for any of Customer's costs incurred in cooperating with the audit.

14.2.8 The Section headings used in this Agreement are included for reference purposes only and shall not affect the meaning or interpretation of this Agreement in any way. Provisions that survive termination or expiration of this Agreement are those relating to limitation of liability, indemnification, payment and others which by their nature are intended to survive. This Agreement may be executed in counterparts and/or by facsimile or electronic signature and if so executed shall be equally binding as an original copy of this Agreement executed in ink by both parties.

Exhibit 1
[Intentionally Left Blank]

Exhibit 2
Data Processing Agreement for SuitePeople Workforce Management Services
("Data Processing Agreement")

1. Scope, Order of Precedence and Applicability

1.1 This Data Processing Agreement applies to Oracle's Processing of Personal Information on Your behalf as a Processor for the provision of the Services specified in Your Services Agreement. Unless otherwise expressly stated in Your Services Agreement, this version of the Data Processing Agreement shall be effective and remain in force for the term of Your Services Agreement.

1.2 Except as expressly stated otherwise in this Data Processing Agreement or Your Services Agreement, in the event of any conflict between the terms of the Services Agreement, including any policies or schedules referenced therein, and the terms of this Data Processing Agreement, the relevant terms of this Data Processing Agreement shall take precedence.

2. Controller and Processor of Personal Information and Purpose of Processing

2.1 You are the Controller and Oracle is a Processor for the Processing of Personal Information as part of the provision of the Services. Each party is responsible for compliance with its respective obligations under Applicable Data Protection Law.

2.2 Oracle and any persons acting under the authority of Oracle, including any Oracle or Oracle Affiliates and Third Party Subprocessors as set forth in Section 7, will Process Personal Information solely for the purpose of providing the Services in accordance with the Services Agreement and this Data Processing Agreement.

3. Categories of Personal Information and Data Subjects

3.1 In order to perform the Services and depending on the Services You have ordered, Oracle may Process some or all of the following categories of Personal Information: personal contact information such as name, home address, home telephone or mobile number, fax number, email address, and passwords; information concerning lifestyle and social circumstances including age, date of birth, marital status; business contact details; financial details; goods and services provided; unique IDs collected from mobile devices, network carriers or data providers, IP addresses, and online behavior and interest data.

3.2 Categories of Data Subjects whose Personal Information may be Processed in order to perform the Services may include, among others, Your representatives and end users, such as Your employees, contractors, collaborators, partners, suppliers, customers and clients.

3.3 Additional or more specific categories of Personal Information and/or Data Subjects may be described in the Services Agreement. Unless otherwise specified in the Services Agreement, You may not provide Oracle with any sensitive or special Personal Information that imposes specific data security or data protection obligations on Oracle in addition to or different from those specified in the Data Processing Agreement or Services Agreement.

4. Your Instructions

4.1 Oracle will Process Personal Information on Your written instructions as specified in the Services Agreement and this Data Processing Agreement.

4.2 To the extent required by Applicable Data Protection Law, Oracle will inform You if, in its opinion, Your instruction infringes Applicable Data Protection Law. You acknowledge and agree that Oracle is not responsible for performing legal research and/or for providing legal advice to You.

4.3 Oracle will follow Your instructions at no additional cost to You. To the extent Oracle expects to incur additional charges or fees not covered by the fees for Services payable under the Services Agreement, such as additional license or third party contractor fees, it will promptly inform You thereof upon receiving Your instructions. Without prejudice to Oracle's obligation to comply with Your instructions, the parties will then negotiate in good faith with respect to any such charges or fees.

5. Rights of Data Subjects

5.1 You control access to Your Services environment that holds Personal Information about Your end users, and Your end users should direct any requests related to their rights under Applicable Data Protection Law to You.

5.2 To the extent such access is not available to You, Oracle will provide assistance with requests from individuals to access, delete or erase, restrict, rectify, receive and transmit, block access to or object to processing related to Personal Information held in Your Services environment on Oracle systems, insofar as reasonably and technically possible.

5.3 If Oracle directly receives any requests or inquiries from Your end users that have identified You as the Controller, it will promptly pass on such requests to You without responding to the end user.

6. Personal Information Transfers

6.1 Oracle may access and Process Personal Information on a global basis as necessary to perform the Services, including for IT security purposes, maintenance and performance of the Services and related infrastructure, Services technical support and Service change management.

6.2 To the extent such global access involves a transfer of Personal Information subject to any data transfer restrictions under Applicable European Data Protection Law, such transfer shall be subject to the Oracle Processor Code (Binding Corporate Rules for Processors). The most current version of the Oracle Processor Code is available on <https://www.oracle.com/corporate/contracts/cloud-services/contracts.html#data-processing>, and is incorporated by reference into the Services Agreement and this Data Processing Agreement. Oracle has obtained EEA authorization for its Processor Code and will maintain such authorization for the duration of the Services Agreement.

6.3 To the extent such global access involves a transfer of Personal Information subject to cross-border transfer restrictions under Applicable Data Protection Law, such transfers shall be subject to the terms of the Oracle Intra-Company Data Transfer and Mandate Agreement.

7. Oracle Affiliates and Third Party Subprocessors

7.1 Subject to the terms and restrictions specified in Sections 2.2, 6 and 7, You provide Oracle general written authorization to engage Oracle and Oracle Affiliates and Third Party Subprocessors to assist in the performance of the Services.

7.2 Oracle maintains lists of Oracle and Oracle Affiliates and Third Party Subprocessors that may Process Personal Information. These lists are available to You via the applicable primary support tool provided for the Services or upon request via Your support contact. If You would like to receive notice of any intended changes to these lists, You can sign up to receive notifications or Oracle will provide You notice of intended changes where a sign up mechanism is not available.

7.3 Within fourteen (14) calendar days of Oracle providing such notice to You, You may object to the intended involvement of a Third Party Subprocessor or Oracle or Oracle Affiliate in the performance of the Services, providing objective justifiable grounds related to the ability of such Third Party Subprocessor or Oracle or Oracle Affiliate to adequately protect Personal Information in accordance with this Data Processing Agreement or Applicable Data Protection Law in writing by submitting a "service request" via the applicable primary support tool or process provided for the Services. In the event Your objection is justified, You and Oracle will work together in good faith to find a mutually acceptable resolution to address such objection, including but not limited to reviewing additional documentation supporting the Third Party Subprocessors' or Oracle or Oracle Affiliate's compliance with this Data Processing Agreement or Applicable Data Protection Law, or delivering the Services without the involvement of such Third Party Subprocessor. To the extent You and Oracle do not reach a mutually acceptable resolution within a reasonable timeframe, You shall have the right to terminate the relevant Services (i) upon serving thirty (30) days prior notice; (ii) without liability to You and Oracle; and (iii) without relieving You from Your payment obligations under the Services Agreement up to the date of termination. If the termination in accordance with this Section 7.3 only pertains to a portion of Services under an order, You will enter into an amendment or replacement order to reflect such partial termination.

7.4 Oracle remains responsible at all times for the performance of the Oracle and Oracle Affiliates' and Third Party Subprocessors' obligations in compliance with the terms of this Data Processing Agreement and Applicable Data Protection Law.

8. Technical and Organizational Measures, and Confidentiality of Processing

8.1 Oracle has implemented and will maintain appropriate technical and organizational security measures for the Processing of Personal Information. These measures take into account the nature, scope and purposes of Processing as specified in this Data Processing Agreement, and are intended to protect Personal Information against the risks inherent to the Processing of Personal Information in the performance of the Services, in particular risks from accidental or unlawful destruction, loss, alteration, unauthorized disclosure of, or access to Personal Information transmitted, stored or otherwise Processed.

8.2 All Oracle and Oracle Affiliate staff, as well as any Third Party Subprocessors that Process Personal Information are subject to appropriate written confidentiality arrangements.

9. Audit Rights and Cooperation with You and Your Supervisory Authorities

9.1 To the extent provided in Your Services Agreement, You may at Your sole expense audit Oracle's compliance with the terms of this Data Processing Agreement by sending Oracle a written request, including a detailed audit plan, at least six weeks in advance of the proposed audit date. You and Oracle will work cooperatively to agree on a final audit plan.

9.2 The audit shall be conducted no more than once during a twelve-month period, during regular business hours, subject to Oracle's on-site policies and regulations, and may not unreasonably interfere with business activities. If You would like to use a third party to conduct the audit, the third party auditor shall be mutually agreed to by the parties and the third-party auditor must execute a written confidentiality agreement acceptable to Oracle. Upon completion of the audit, You will provide Oracle with a copy of the audit report, which is subject to the confidentiality terms of Your Services Agreement.

9.3 Oracle will contribute to such audits by providing You with the information and assistance reasonably necessary to conduct the audit, including any relevant records of processing activities applicable to the Services. If the requested audit scope is addressed in a SOC 1 or SOC 2, ISO, NIST, PCI DSS, HIPAA or similar audit report issued by a qualified third party auditor within the prior twelve months and Oracle provides such report to You confirming there are no known material changes in the controls audited, You agree to accept the findings presented in the third party audit report in lieu of requesting an audit of the same controls covered by the report. Additional audit terms may be included in Your Services Agreement.

10. Incident Management and Personal Information Breach Notification

10.1 Oracle promptly evaluates and responds to incidents that create suspicion of or indicate unauthorized access to or Processing of Personal Information ("Incident").

10.2 To the extent Oracle becomes aware and determines that an Incident qualifies as a breach of security leading to the misappropriation or accidental or unlawful destruction, loss, alteration, unauthorized disclosure of, or access to, Personal Information transmitted, stored or otherwise Processed on Oracle systems or the Services environment that compromises the security, confidentiality or integrity of such Personal Information ("Personal Information Breach"), Oracle will inform You of such Personal Information Breach without undue delay.

10.3 As information regarding the breach is collected or otherwise reasonably becomes available to Oracle and to the extent permitted by law, Oracle will provide You with additional relevant information concerning the breach reasonably known or available to Oracle.

10.4 Within the timeframes required for You to meet Your Personal Information Breach notification obligations under Applicable Data Protection Law, You agree to coordinate with Oracle in good faith on the content of Your intended public statements or required notices for the affected Data Subjects and/or notices to the relevant Supervisory Authorities regarding the Personal Information Breach.

11. Return and Deletion of Personal Information

11.1 Upon termination of the Services, Oracle will promptly return, including by providing available data retrieval functionality, or delete any remaining copies of Personal Information on Your Services production environment, except as otherwise stated in the Services Agreement.

11.2 For Services for which no data retrieval functionality is provided by Oracle as part of the Services, You are advised to take appropriate action to back up or otherwise store separately any Personal Information while the production Services environment is still active prior to termination.

12. Legal Requirements

12.1 Oracle may be required by law to provide access to Personal Information, such as to comply with a subpoena or other legal process, or to respond to government requests, including public and government authorities for national security and/or law enforcement purposes.

12.2 Oracle will promptly inform You of requests to provide access to Personal Information, unless otherwise required by law.
